SECTION 5. That the heads of departments, bureaus and offices of the City Government are hereby prohibited from incurring any liabilities against any account in excess of the amount herein authorized for such account, and from changing any salary or wage item herein, and from incurring any liability which will necessitate the transfer from the appropriations for salaries and wages in their respective departments.

SECTION 6. That the appropriation herein of amounts for the payment of "unpaid bills" or "contract liabilities" shall not be construed as an approval of any of said bills or contract liabilities, but shall be regarded only as the provision of a fund for the payment thereof when said bills or contract liabilities have been found to be valid and legal obligations against the City of Chicago, and have been properly vouchered and audited.

SECTION 7. That the titles and the compensation fixed herein for same, of positions under Civil Service shall be construed to be the official Civil Service titles and the official compensation for same, of the positions for which appropriations are made, in accordance with the classification of positions made under the provisions of Sections 2826, 2827, 2828 and 2829 of The Chicago Municipal Code of 1922, as amended, authorizing the classification of all Civil Service positions and providing for uniform grading and compensation in the classified service of the City of Chicago, based upon character and responsibility of duties and seniority and efficiency in the performance thereof. In case of any vacancy in any such position hereby appropriated for, the head of the department in which such vacancy occurs shall not be required to fill the same, if in his judgment and discretion there is no necessity therefor.

Department of Gas and Electricity Stock Account.

The Department of Gas and Electricity Stock Account is established for the purpose of maintaining a stock of material and supplies used in the construction, operation and maintenance of the City's street lighting system, the "Stop and Go" traffic control signal system, and police and fire alarm telegraph system. All material and supplies shall be acquired and disbursed by this stock account as hereinafter set forth.

The quantity of material and supplies on hand to the credit of this stock account shall at no time be in excess of one year's requirements for the purposes above set forth.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Department of Gas and Electricity Stock Account—Continued.

No liability shall at any time be incurred in excess of the available cash balance of this stock account (as shown on the books of the City Comptroller).

Material and supplies shall be purchased only in accordance with a regularly approved requisition or contract as required by City ordinances.

The full amount of all contracts and requisitions shall be carried as an incumbrance against this stock account except the amount of the requisitions only shall be carried where such requisitions are made against contracts calling for deliveries from time to time.

Material and supplies returned to stock shall be covered by a credit memorandum in favor of the account originally charged, which credit shall be deducted from the total of subsequent warrants for collections charged against said account.

Salvaged material and supplies shall be valuated by the Commissioner of Gas and Electricity and priced accordingly and when placed in stock shall be covered by warrant for collection crediting the proper fund and charging this stock account for the amount thereof.

No material and supplies may be withdrawn from the stores of this stock account except upon the receipt of a regularly approved order or requisition chargeable against established capital accounts, other suspense stock accounts, or appropriation accounts set up for the purpose of constructing, operating or maintaining the City's street lighting system, the "Stop and Go" traffic signal system, and the police and fire alarm telegraph system. All such orders for the withdrawal of stock shall be handled in such manner as may from time to time be specified by the City Comptroller.

This stock account shall be reimbursed by rendering warrants for collection within thirty days after the delivery of material and supplies, chargeable against accounts designated on the order or requisition covering such deliveries. All material and supplies shall be billed on such warrants for collection at the cost price, plus one per cent to cover cost of breakage and loss. Freight and demurrage, if any, shall be added to cost price.

All expense incidental to the operation of this stock account shall be paid out of appropriations otherwise made for the Department of Gas and Electricity, subject to the limitations of such appropriations, except for the purchase of material and supplies as herein outlined, and for the payment of freight and demurrage costs which shall be charged to this stock account.

There shall be maintained a perpetual form of inventory record showing all the stock received, stock delivered and the stock on hand at all times together with the cost thereof. All material received in stock and all material withdrawn from stock shall be entered on the inventory record. The inventory record shall show the authority upon which all entries therein are made.

All books of account, inventory and other records, shall be kept in such manner as may be prescribed by the City Comptroller and shall be audited periodically by said City Comptroller.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account.

The Bureau of Electric Wiring and Repair Service Account is established for the purpose of furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Expenditures from this service account shall be made only upon receipt of requisitions approved by the City Comptroller from the head of the department for which services are to be rendered. Such requisitions shall be drawn against appropriations made for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred by this service account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisitions, issued in the same manner as was the original.

Warrants for collection shall be rendered within ten days after the end of the current payroll period in the amount of the direct expense actually incurred on each requisition plus not to exceed twelve per cent for incidental overhead expense. No work shall be done for any person, firm or corporation outside of the City government except upon deposit made with the City Comptroller of a sum of money sufficient to defray the cost of such work against which sum warrants for collection shall be issued upon completion of the work. The City Comptroller may waive this requirement in writing when he believes it is justified.

The following items of expenditures are authorized and are to be charged as incidental and overhead expense for which not to exceed twelve per cent of the direct expense actually incurred may be added as above mentioned:

The following employes are authorized to be employed as needed:

Supervisor of Electrical Mechanics	$5,700.00
Principal Storekeeper	2,840.00
Principal Clerk	2,720.00
Senior Clerk	2,360.00
Storekeeper	2,120.00
Junior Electrical Engineer	3,840.00

Compensation for use of personally-owned automobile by Supervisor of Electrical Mechanics and Junior Electrical Engineer at $90.00 per month.

Office supplies and stationery, minor equipment, tools and testing instruments and repairs to same.

The following employes as needed, for such period or periods during the fiscal year as may be necessary are authorized to be employed, for whom salary and wage expenditures are to be charged direct on warrants for collection covering the cost of work:

Foreman of Electrical Mechanics, 3 at $375.00 per month.

Electrical Mechanic, Subways, 2 at $340.00 per month.

Electrical Mechanics at $340.00 per month.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account—Continued.

Electrical Mechanics at $13.60 per day.

Carpenters at $13.00 per day.

Linemen at $12.60 per day.

Laborers at $5.65 per day and at $7.20 per day.

Auto trucks at established rates.

Compensation for use of personally-owned automobiles at $90.00 per month by 3 Foremen of Electrical Mechanics and 2 Electrical Mechanics, Subways.

No expenditures for any commodities other than those authorized for incidental and overhead expense shall be charged to this service account.

Bureau of Electric Wiring and Repair Suspense Stock Account.

The Bureau of Electric Wiring and Repair Suspense Stock Account is established for the purpose of maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, Police and Fire Alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Purchases of material and supplies for this stock account by contract or other authorized method shall be made in such quantities as may suit the needs of this stock account but in no case shall the quantity exceed one year's requirements, nor shall any liability be incurred in excess of the unencumbered balance of this account, nor for a commodity that will not be issued and billed for this stock account, except upon the approval of the City Comptroller. Material and supplies on hand may be withdrawn from stock for use as hereinafter provided only upon receipt of requisition approved by the City Comptroller from the head of the department for which work is to be done. Such requisition shall be drawn against appropriations made for such material and supplies in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred on account of material or supplies furnished by this stock account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisition issued in the same manner as the original. Warrants for collection shall be rendered in the amount of expense incurred for material and supplies on each requisition within a period not to exceed ten days after date of delivery of such material or supplies.

There shall be maintained a perpetual form of inventory records showing all the stock received, the stock delivered and the stock on hand at all times, together with the cost thereof. All material withdrawn from stock and delivered on account of requisition shall pass through the inventory records and shall be shown thereon. The inventory records shall show the authority upon which all entries therein are made. The City Comptroller from

Bureau of Electric Wiring and Repair Suspense Stock Account—Continued.

time to time shall make a physical check of the inventory.

All material and supplies furnished by this stock account shall be billed for at the actual purchase price plus not to exceed eight per cent to cover transportation charges, breakage and loss. Material and supplies withdrawn by the Bureau of Electric Wiring and Repair Service Account for which said account is reimbursed on account of the twelve per cent added for incidental and overhead expense, shall be paid for by said service account.

Electrical Construction Capital Account.

The following employes for such period or periods during the fiscal year as may be necessary together with incidental expenses are to be paid out of an established fund known as "Electrical Construction Capital Account" for work in connection with repairs to City property or work of any nature done for private firms or corporations, or other departments of the City government and the Capital Account is to be reimbursed by warrants for collection for the amounts directly chargeable to such work, plus not to exceed ten per cent for incidental and overhead expenses:

Direction to the Commissioner of Police to Impose a Charge for Special Details.

Alderman Clark reported that the Committee of the Whole had approved a proposed order to require the Commissioner of Police to impose a fee of one dollar per hour for each member of his department assigned to special detail, and he thereupon presented said order and moved its passage.

Unanimous consent was given for immediate consideration of said order without reference thereof to a committee.

The question being put, the motion prevailed.

The following is said order as passed:

Ordered, That the Commissioner of Police be and he is hereby directed to require a fee of $1.00 per hour for each member of his department who is assigned to special detail, as provided by law.

Authority to Pay Salaries and Current Expenses for the Month of January, 1930.

On motion of Alderman Clark the Council thereupon took up for consideration the report of the Committee on Finance in the matter of the payment of salaries and current expenses for the month of January, 1930, deferred and published December 30, 1929, page 1790.

Alderman Clark moved to amend the ordinance recommended in said report [printed in Pamphlet No. 55] by striking out the following language occurring in Section 2:

"on the basis of a Pamphlet dated December 30, 1929, and known as Pamphlet No. 54, attached hereto and submitted to each department",

and by inserting in lieu thereof the following language:

"on the basis of the Annual Appropriation Bill of the City of Chicago for the year 1930 as passed on January 3, 1930";

and to amend said ordinance further by striking out the word "passage" occurring in Section 2 and by inserting in lieu thereof the words "taking effect".

Alderman Nelson moved to amend the amendment by striking out the following language:

"on the basis of the Annual Appropriation Bill for the City of Chicago for the year 1930 as passed on January 3, 1930",

and by inserting in lieu thereof the following language:

"on the basis of the Annual Appropriation Bill for the year 1929, as amended and in effect on December 31, 1929."

Alderman Clark moved to lay the amendment to the amendment on the table.

The motion to lay on the table prevailed, by yeas and nays as follows:

Yeas—Coughlin, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, D. A. Horan, Cepak, Arvey, J. B. Bowler, Maypole, A. J. Nays—Anderson, Jackson, Pacelli, Konkowski, Rozczynialski, Nusser, Taylor, Ringa, Feigenbutz, Nelson—10.

The question being put on Alderman Clark's motion to amend, the motion prevailed.

The question thereupon being put on the passage of said ordinance as amended, the vote thereon was as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Toman, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Kaindl, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—48.

Nays—None.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That the City Comptroller and City Treasurer be and they are hereby authorized and directed to pay for the month of January, 1930, the several officers and employes of the City of Chicago, as salary and compensation, respectively, the amount per day, week or month authorized to be paid during the fiscal year of 1929, under and by virtue of an ordinance making appropriations from the Water Fund, Vehicle Tax Fund, sundry Bond Funds and miscellaneous Funds passed March 30, 1929, or by any ordinance or order supplementary thereto passed subsequently to the passage of said appropriations on March 30, 1929, subject to such reductions, unqualified or contingent, as may be made in such salaries and compensation by such appropriation ordinance for the year 1930. All reductions which shall be made by such appropriation ordinance from the Water Fund, Vehicle Tax Fund, sundry Bond Funds and miscellaneous Funds for 1930 which are not deducted as required by such appropriation ordinance from such salaries and compensation for the month of January, 1930, shall be charged against the salaries or compensation of the respective persons for the months of February or March, 1930.

SECTION 2. That the City Comptroller and City Treasurer be and they are hereby authorized and directed to pay for the month of January, 1930, the several officers and employes of the City of Chicago, including Ward activities, as salary and compensation, respectively, the amount per day, week or month provided therefor, and man power and other expenses, authorized to be paid on the basis of the Annual Appropriation Bill of the City of Chicago for the year 1930 as passed on January 3, 1930. The City Comptroller and City Treasurer are further authorized to pay jurors' certificates and interest on judgments until the taking effect of the Appropriation Bill of 1930.

SECTION 3. No payments shall be made for special counsel, legal service, expert service, valuation service or investigational service from bond issue appropriations for street improvements until the 1930 bond issue appropriation ordinance shall have become effective.

No contract or undertaking requiring the expenditure of more than five hundred dollars ($500.00) shall be entered into for or on behalf of the City of Chicago, at any time during the month of January, 1930, except by special order of the City Council.

SECTION 4. That the City Comptroller and City Treasurer be and they are hereby authorized and directed to pay to the several officers and employes of the Chicago Public Library and the Municipal Tuberculosis Sanitarium, as salaries and compensation, respectively, for the month of January, 1930, the amount per month, week or day authorized to be paid for the fiscal year ending December 31, 1929, and the said Chicago Public Library and Municipal Tuberculosis Sanitarium are also hereby authorized and empowered to incur necessary expenses during the month of January, 1930; and the City Comptroller and City Treasurer are further authorized and directed to pay for such necessary current expenses.

SECTION 5. This ordinance shall be in full force and effect from and after its passage.

Adjournment.

Alderman J. B. Bowler thereupon moved that the Council do now adjourn.

The motion prevailed, and the Council stood adjourned to meet in regular meeting on Wednesday, January 8, 1930, at 2:00 o'clock P. M.

The motion prevailed.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

MAYOR.

Veto.

Sundry Items of the Annual Appropriation Bill for the Year 1930 (Department of Police, Fire Department, Department of Gas and Electricity, Department of Health, and Certain Appropriations for the Bureau of

Streets and the Bureau of Parks, Recreation and Aviation).

Honorable William Hale Thompson, Mayor, submitted the following veto message:

Office of the Mayor,)
Chicago, January 8, 1930.(

To the Honorable, the City Council of the City of Chicago:

Gentlemen—Our people should keep clearly in mind the causes of the present unprecedented financial crisis, not only in the City of Chicago, but in other municipalities in Cook County.

These causes, in brief, are:

1. The fact that real estate taxes have not been collected for the past twenty months, due to the re-assessment of property ordered by the State Tax Commission, which re-assessment is yet far from completed.

2. The fact that the municipalities of Cook County, deprived for twenty months of their normal tax revenues, have been compelled to borrow approximately $280,000,000.00, on which borrowed money they are now paying $1,400,000.00 a month, in interest. The City's share of the interest, exclusive of the Board of Education, on the enforced tax-anticipation debt, is $326,645.85 a month, or approximately four million dollars a year.

3. That the members of the General Assembly in acting on tax rate legislation at the regular session of the last General Assembly, reached their decision in the belief and assurance that the new re-assessment total would be at least as great as the old total assessment. The City Council Finance Committee and other representatives of the City received this assurance from the re-assessment forces before adding 750 policemen to the Police Department last July, and because of that assurance voluntarily asked the last General Assembly to reduce the then existing tax rate 5 cents. It is now apparent that the re-assessment total, as equalized by the Assessors, reduces the Loop valuations by $300,000,000.00, and will make the grand total assessed value of Chicago real property at least that much lower than the total estimates on which the tax rates were based.

It is evident, therefore, that the City officials are in no measure responsible for this revenue crisis. It is the manifest duty of the Mayor and the Aldermen to do all in their power to protect the property, health and lives of the people by voting appropriations essential to the vital needs of the departments and agencies of the City. By so doing we at least will do our duty under the law. We have no definite assurance as to how much longer this financial crisis will prevail, thus necessitating the continued borrowing of money for operating expenses by the City as well as all other taxing bodies.

Your problem is more difficult than the creation of any budget in my memory either as Alderman or Mayor. It is our duty to do our full part in keeping the City departments functioning in the interest of the people of our great City. I have always favored the building of a budget within the estimated revenues. But I have always believed, and do now believe, that efficient service should be rendered to our people in the protection of their property, their health and their lives.

While we are all interested in giving to our people the best possible service at the least possible cost, it may be well to note that the new appropriation for the New York City Police Department alone is sixty million dollars, which is several million dollars more than the total amount provided for in the annual budget as passed by your Honorable Body for all our municipal activities in 1930.

A community which has tolerated the expenditures of many millions in a "reform re-assessment", from which the Loop is the chief and outstanding beneficiary, will insist that money be found to protect health and homes. The "reform" standard of taxation in the interest of the Loop is not to be compared in importance to the protection of the people of Chicago, and such protection is small in cost as measured against the high cost of "tax reform" in the interest of big money.

The situation into which this "re-assessment reform" has plunged the community is as intolerable as it is unprecedented. It is manifest and mandatory that emergency revenue legislation be secured through the General Assembly to lift from the people the monthly interest charge of $1,400,000.00 and to resume the collection of taxes in this community. No corporation, public or private, can long exist without revenue, and the fact that the City of Chicago and other local municipalities have been able to function practically without tax revenues for twenty months, is a most impressive tribute to the high financial standing of those municipalities, and to the confidence the bankers and the business centers generally have in the good faith and sincerity of the Aldermen and other officials of these municipalities. In community life we are liable to swing from one extreme to another, and we are now reaping the whirlwind from a self-constituted government which has crept over us in the name of "reform", deluding the people with false pretenses. It is inconceivable that a little "reform" clique, none of them duly elected representatives of the people, could create a situation under which revenues are cut off from the municipalities of Cook County and the people saddled with an interest charge of $45,000.00 a day. That did occur and is recalled now chiefly for the purpose of impressing the obligation that rests on the duly elected officials of the various municipalities to do their full part now in protecting the people in the grave crisis that exists and in guarding against a repetition of anything like the present situation.

There should be an agreement of elected officials and public-spirited citizens with no ulterior motives, on an emergency relief plan which will restore the municipalities to their usual revenues, lift the interest load from the community, protect the people, and protect the banking interests which have financed and are financing the municipalities in this unparalleled situation. It is a condition, not a theory, that confronts us—and the condition becomes graver every week it is continued. What the responsible forces of this community, public and private, agree upon, doubtless can be secured through emergency legislation. In the working out of any emergency relief plan, with a permanent revenue solution as the ultimate goal, admittedly the essential municipal agencies which I am seeking to protect and continue will be taken care of first. They will be paramount in the emergency plan and are now first in the minds of all trying to work out a solution of our financial difficulties.

For the foregoing and other reasons, and on account of the opinion of the Corporation Counsel relating to the appropriations for certain departments, and in pursuance of the authority vested in me by law I hereby veto and return without my approval the following items in the Annual Appropriation Bill of the City of Chicago for the year 1930 passed by your Honorable Body on Friday, January 3, 1930:

The items appearing under the heading "Department of Police" on pages 1840, 1841, 1842, 1843 and 1844 of the printed Journal of the City Council of the City of Chicago of January 3, 1930, which read as follows:

Department of Gas and Electricity Stock Account.

The Department of Gas and Electricity Stock Account is established for the purpose of maintaining a stock of material and supplies used in the construction, operation and maintenance of the City's street lighting system, the "Stop and Go" traffic control signal system, and police and fire alarm telegraph system. All material and supplies shall be acquired and disbursed by this stock account as hereinafter set forth.

The quantity of material and supplies on hand to the credit of this stock account shall at no time be in excess of one year's requirements for the purposes above set forth.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Department of Gas and Electricity Stock Account—Continued.

No liability shall at any time be incurred in excess of the available cash balance of this stock account (as shown on the books of the City Comptroller).

Material and supplies shall be purchased only in accordance with a regularly approved requisition or contract as required by City ordinances.

The full amount of all contracts and requisitions shall be carried as an incumbrance against this stock account except the amount of the requisitions only shall be carried where such requisitions are made against contracts calling for deliveries from time to time.

Material and supplies returned to stock shall be covered by a credit memorandum in favor of the account originally charged, which credit shall be deducted from the total of subsequent warrants for collections charged against said account.

Salvaged material and supplies shall be valuated by the Commissioner of Gas and Electricity and priced accordingly and when placed in stock shall be covered by warrant for collection crediting the proper fund and charging this stock account for the amount thereof.

No material and supplies may be withdrawn from the stores of this stock account except upon the receipt of a regularly approved order or requisition chargeable against established capital accounts, other suspense stock accounts, or appropriation accounts set up for the purpose of constructing, operating or maintaining the City's street lighting system, the "Stop and Go" traffic signal system, and the police and fire alarm telegraph system. All such orders for the withdrawal of stock shall be handled in such manner as may from time to time be specified by the City Comptroller.

This stock account shall be reimbursed by rendering warrants for collection within thirty days after the delivery of material and supplies, chargeable against accounts designated on the order or requisition covering such deliveries. All material and supplies shall be billed on such warrants for collection at the cost price, plus one per cent to cover cost of breakage and loss. Freight and demurrage, if any, shall be added to cost price.

All expense incidental to the operation of this stock account shall be paid out of appropriations otherwise made for the Department of Gas and Electricity, subject to the limitations of such appropriations, except for the purchase of material and supplies as herein outlined, and for the payment of freight and demurrage costs which shall be charged to this stock account.

There shall be maintained a perpetual form of inventory record showing all the stock received, stock delivered and the stock on hand at all times together with the cost thereof. All material received in stock and all material withdrawn from stock shall be entered on the inventory record. The inventory record shall show the authority upon which all entries therein are made.

All books of account, inventory and other records, shall be kept in such manner as may be prescribed by the City Comptroller and shall be audited periodically by said City Comptroller.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account.

The Bureau of Electric Wiring and Repair Service Account is established for the purpose of furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Expenditures from this service account shall be made only upon receipt of requisitions approved by the City Comptroller from the head of the department for which services are to be rendered. Such requisitions shall be drawn against appropriations made for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred by this service account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisitions, issued in the same manner as was the original.

Warrants for collection shall be rendered within ten days after the end of the current payroll period in the amount of the direct expense actually incurred on each requisition plus not to exceed twelve per cent for incidental overhead expense. No work shall be done for any person, firm or corporation outside of the City government except upon deposit made with the City Comptroller of a sum of money sufficient to defray the cost of such work against which sum warrants for collection shall be issued upon completion of the work. The City Comptroller may waive this requirement in writing when he believes it is justified.

The following items of expenditures are authorized and are to be charged as incidental and overhead expense for which not to exceed twelve per cent of the direct expense actually incurred may be added as above mentioned:

The following employes are authorized to be employed as needed:

Supervisor of Electrical Mechanics	$5,700.00
Principal Storekeeper	2,840.00
Principal Clerk	2,720.00
Senior Clerk	2,360.00
Storekeeper	2,120.00
Junior Electrical Engineer	3,840.00

Compensation for use of personally-owned automobile by Supervisor of Electrical Mechanics and Junior Electrical Engineer at $90.00 per month.

Office supplies and stationery, minor equipment, tools and testing instruments and repairs to same.

The following employes as needed, for such period or periods during the fiscal year as may be necessary are authorized to be employed, for whom salary and wage expenditures are to be charged direct on warrants for collection covering the cost of work:

Foreman of Electrical Mechanics, 3 at $375.00 per month.

Electrical Mechanic, Subways, 2 at $340.00 per month.

Electrical Mechanics at $340.00 per month.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account—Continued.

Electrical Mechanics when assigned to supervision, at $1.875 per hour.
Electrical Mechanics at $13.60 per day.
Carpenters at $13.00 per day.
Linemen at $12.60 per day.
Laborers at $5.65 per day and at $7.20 per day.

Auto trucks at established rates.

Compensation for use of personally-owned automobiles at $90.00 per month by 3 Foremen of Electrical Mechanics and 2 Electrical Mechanics, Subways.

No expenditures for any commodities other than those authorized for incidental and overhead expense shall be charged to this service account.

Bureau of Electric Wiring and Repair Suspense Stock Account.

The Bureau of Electric Wiring and Repair Suspense Stock Account is established for the purpose of maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, Police and Fire Alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Purchases of material and supplies for this stock account by contract or other authorized method shall be made in such quantities as may suit the needs of this stock account but in no case shall the quantity exceed one year's requirements, nor shall any liability be incurred in excess of the unencumbered balance of this account, nor for a commodity that will not be issued and billed for this stock account, except upon the approval of the City Comptroller. Material and supplies on hand may be withdrawn from stock for use as hereinafter provided only upon receipt of requisition approved by the City Comptroller from the head of the department for which work is to be done. Such requisition shall be drawn against appropriations made for such material and supplies in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred on account of material or supplies furnished by this stock account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisition issued in the same manner as the original. Warrants for collection shall be rendered in the amount of expense incurred for material and supplies on each requisition within a period not to exceed ten days after date of delivery of such material or supplies.

There shall be maintained a perpetual form of inventory records showing all the stock received, the stock delivered and the stock on hand at all times, together with the cost thereof. All material withdrawn from stock and delivered on account of requisition shall pass through the inventory records and shall be shown thereon. The inventory records shall show the authority upon which all entries therein are made. The City Comptroller from

time to time shall make a physical check of the inventory.

All material and supplies furnished by this stock account shall be billed for at the actual purchase price plus not to exceed eight per cent to cover transportation charges, breakage and loss. Material and supplies withdrawn by the Bureau of Electric Wiring and Repair Service Account for which said account is reimbursed on account of the twelve per cent added for incidental and overhead expense, shall be paid for by said service account.

Electrical Construction Capital Account.

The following employes for such period or periods during the fiscal year as may be necessary together with incidental expenses are to be paid out of an established fund known as "Electrical Construction Capital Account" for work in connection with repairs to City property or work of any nature done for private firms or corporations, or other departments of the City government and the Capital Account is to be reimbursed by warrants for collection for the amounts directly chargeable to such work, plus not to exceed ten per cent for incidental and overhead expenses:

Sundry Items of the Annual Appropriation Bill for the Year 1930 (Salaries of Members of the Board of Appeals).

Honorable William Hale Thompson, Mayor, submitted the following veto message:

Office of the Mayor}
Chicago, January 8, 1930.}

To the Honorable, the City Council of the City of Chicago:

Gentlemen—Pursuant to the power conferred upon me by law, I return herewith, without my approval, the following items appearing in the Annual Appropriation Ordinance for the year of 1930, under the heading "Board of Appeals" appearing on page 1823 of the Journal of the Proceedings of the City Council of January 3, 1930, under Account 8-A-10:

"Chairman at $1.00 per month	$12.00
Members, 4 at $1.00 per month	48.00".

The above items in the Annual Appropriation Ordinance for the year of 1930 purport to fix the salaries of the President and Members of the Board of Appeals at sums therein specified.

I withhold my approval of the said items for the reason that I am advised by the Comptroller that on the date that the President and Members of the Board of Appeals were appointed and confirmed by Your Honorable Body their salaries were then fixed by an ordinance of the City at $7,000 per annum for the President and $5,000 per annum for the other Members of the Board of Appeals.

I am advised by the Corporation Counsel that, under the terms and provisions of Section 15 of Chapter 24 of the Cities and Villages Act, Smith-Hurd's Illinois Revised Statutes, 1929, at page 371, it is expressly provided that all city officers shall receive as salary, fees or other compensation as the same is fixed by ordinance, and after their salary has once been fixed such salary shall not be increased or diminished, to take effect during the term for which they have been appointed.

Under the Statute, the term of office of Member of the Board of Appeals is fixed at five years, and as these items in the Annual Appropriation Ordinance are contrary to the provisions of the Statutes of the State, and, if permitted to stand, will only result in litigation and expense to the City without any gain, I do not believe that they should be permitted to become effective in violation of a State law.

Yours respectfully,
(Signed) Wm. Hale Thompson,
Mayor.

Authority to Pay Salaries and Current Expenses for the Month of January, 1930.

Honorable William Hale Thompson, Mayor, submitted the following veto message:

OFFICE OF THE MAYOR
CHICAGO, January 8, 1930.

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—By virtue of the authority vested in me by law, I hereby veto and return without my approval the ordinance adopted by your Honorable Body January 3, 1930, and entitled "Authority to Pay Salaries and Current Expenses for the Month of January, 1930," and appearing on pages 1909 and 1910 of the printed Journal of the Proceedings of your Honorable Body, for the reason that this ordinance will be superseded by those parts of the Annual Appropriation Bill for the year 1930 which will become effective by operation of law, and as to those items of the Annual Appropriation Bill for 1930 which have been vetoed by me the said ordinance so entitled has become ineffective, and for other reasons already enumerated by me in my veto message relating to items in the Annual Appropriation Bill for 1930.

Yours very truly,

(Signed) WM. HALE THOMPSON,
Mayor.

Repeal of Section 28 of the "Zoning Ordinance" (Establishment of the Board of Appeals).

Honorable William Hale Thompson, Mayor, submitted the following veto message:

OFFICE OF THE MAYOR)
CHICAGO, January 8, 1930.)

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—I return herewith, without my approval, an ordinance passed by your Honorable Body at the meeting of December 30, 1929, and appearing on page 1793 of the Journal of the Proceedings of the City Council for said date, purporting to repeal Section 28 of an ordinance entitled, "An Ordinance establishing a plan for dividing the City of Chicago into districts for the purpose of regulating the location of trades and industries and of buildings and structures designed for dwellings, apartment houses, trades, industries, and other specified uses, for regulating the height, volume and size of buildings and structures, and intensity of use of lot areas, for determining building lines, and for creating a board of appeals," passed by the City Council on April 5, 1923, as amended by an ordinance passed January 19, 1927.

The ordinance in question, when passed by your Honorable Body in 1923, created an executive branch of the City Government to be known as the Board of Appeals.

Under the power and authority conferred upon the City Council by Section 2 of Article VI of Chapter 24 of the Cities and Villages Act, Smith-Hurd's Illinois Revised Statutes, 1929, at page 369, it is expressly provided that the City Council may, in its discretion, from time to time, by an ordinance passed by a vote of two-thirds of the vote of all the aldermen elected, provide for the election by the legal voters of the City or by the legal appointment of the Mayor, with the approval of the City Council, of such officers as the Council may deem necessary or expedient. The Statute also provides that the City Council may, by a like vote, by ordinance or resolution, to take effect at the end of the then fiscal year, discontinue any office so created.

This ordinance was passed on December 30, 1929, and does not become effective until today, January 8, 1930.

I am advised by the Corporation Counsel that the ordinance passed on December 30, 1929, attempting to repeal the ordinance establishing the Board of Appeals, is void under the Statute, and of no force or effect. I am, however, vetoing it and returning it without my approval, so as to prevent any needless or unnecessary litigation over the subject-matter.

Yours respectfully,

(Signed) WM. HALE THOMPSON,
Mayor.

E. G. Elcock: Direction for Establishment of a Sidewalk Grade.

Honorable William Hale Thompson, Mayor, submitted the following veto message:

OFFICE OF THE MAYOR)
CHICAGO, January 8, 1930.)

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—I return herewith, without my approval, an order passed by your Honorable Body at the meeting of December 30, 1929, and appearing on page 1790 of the Journal of the Proceedings of the City Council of said date, purporting to order the Commissioner of Public Works to provide a new grade for the sidewalk at the northeast corner of Wallace street and West 24th plaec constructed by the W. J. Scown Building Company.

I withhold my approval of the said order for the reasons set forth in the communication of the Commissioner of Public Works which communication is made a part of this veto message.

Yours respectfully,

(Signed) WM. HALE THOMPSON,
Mayor.

The following is the communication referred to in the foregoing veto message:

DEPARTMENT OF PUBLIC WORKS,
BUREAU OF SEWERS,
CHICAGO, January 3rd, 1930.

Hon. Wm. Hale Thompson, Mayor:

SIR—On December 30, 1929, the City Council passed an order (page 1790 of the Council Proceedings) as follows:

Ordered, That the Commissioner of Public Works be and he is hereby directed to provide a new grade for the sidewalk constructed by W. J. Scown Building Company for E. G. Elcock, owner, for a distance of 100 lineal feet in front of the premises known as the northeast corner of Wallace street and West 24th place. All ordinances heretofore passed pertaining to this sidewalk are hereby repealed.

The facts in connection with this order are as follows: The W. J. Scown Company recently built a sidewalk on the north side of West 24th place from Wallace street to about one hundred feet east. The City marked the established grade for the use of this contractor. He ignored the mark and built the walk to meet an old one, which was above grade. When notified by the Superintendent of Sidewalks to rebuild the walk to grade, the contractor had the order passed.

I respectfully recommend that this order be vetoed by your Honor, for the following reasons:

The grade established for the intersection of West 24th place and Wallace street has been as established for more than 30 years. It is a suitable grade and the improvements in general conform to it. If a "new grade" be established for the sidewalk there will be a conflict with the grade for the other improvements, whereas all of them should, of course conform.

Further, the City Code provides (Article 1103) that all grades should be referred to the Superintendent of Sewers and passed by the City Council only upon his recommendation. This provision of the Code has been strictly adhered to for more than half a century. If grade ordinances are to be repealed without proper recommendations, and contractors permitted to ignore established grades, the system of grades for the City, so essential to orderly development, would be in jeopardy. Nor is it proper that an ordinance be repealed by an order.

Respectfully submitted,

(Signed) RICHARD W. WOLFE,
Commissioner of Public Works.

(Signed WM. R. MATTHEWS,
Bench and Grade Engineer.

(Signed) GEO. E. MCGRATH,
Supt. Bureau of Sewers.

Alderman Clark moved to reconsider the vote by which said vetoed order was passed.

The motion prevailed.

Alderman Clark moved to refer said order to the Committee on Local Industries, Streets and Alleys.

The motion prevailed.

In the Matter of the Maintenance of the Man-power of the Police Department on the 1929 Basis.

By unanimous consent, Alderman McDonough presented the following resolution:

WHEREAS, In the Appropriation Ordinance passed by the City Council on January 3rd, 1930, under the heading "Department of Police" sub-heading "Police Force," there was provided for the employment of Captains, Lieutenants, Sergeants and Patrolmen, as needed from time to time during the current year, not to exceed the number of each as were employed during the year 1929, and at the same salary as provided during the year 1929, a total amount of $14,270,000.00; and

WHEREAS, It was, and is, the intention of the City Council of the City of Chicago that this appropriation would make it possible for the Commissioner of Police to employ the same numerical force as was employed in the department during the year 1929, until such time as additional revenues out of miscellaneous receipts were obtained and the total sum increased so as to make possible the retention of this force without discharging one employee during the year 1930; and

WHEREAS, Despite this appropriation and the expressed intent of the City Council in connection therewith, the Commissioner of Police has discharged a number of patrolmen; and

WHEREAS, In the annual Appropriation Ordinance the City Council authorized the employment of 5,435 policemen and the day after the passage of such appropriation ordinance 473 patrolmen were summarily discharged, which is in conflict with the intention of the City Council as expressed in the Appropriation Ordinance; therefore be it

Resolved, That it is hereby declared to be the sense of the City Council of the City of Chicago that the full 1929 force of the Police Department be employed during the year 1930; and be it further

Resolved, That the City Council does hereby pledge itself to appropriate to said activity, out of the first moneys derived from miscellaneous receipts, sufficient moneys to provide for the payment of the force provided in this item of the Appropriation Ordinance for the year 1930; and be it further

Resolved, That the Commissioner of Police be and he is hereby directed to immediately reinstate all patrolmen relieved from duty on January 4th, 1930.

Unanimous consent was given to permit action on said resolution without reference thereof to a committee.

Alderman McDonough moved to adopt said resolution.

The motion prevailed.

In the Matter of the Maintenance of the Man-power of the Fire Department on the 1929 Basis.

By unanimous consent, Alderman McDonough presented the following resolution:

WHEREAS, In the Appropriation Ordinance passed by the City Council on January 3rd, 1930, under the heading "Fire Department" there was provided for the employment of Pilots, Marine Engineers, Firemen, 3rd Class, Firemen Probationers, as needed from time to time during the current year, not to exceed the number of each as were employed during the year 1929, and at the same salary as provided during the year 1929, a total of $6,560,000.00; and

Whereas, It was, and is, the intention of the City Council of the City of Chicago that this appropriation would make it possible for the Fire Commissioner to employ the same numerical force as was employed in the department during the year 1929, until such time as additional revenues out of miscellaneous receipts were obtained and the total sum increased so as to make possible the retention of this force without discharging one employee during the year 1930; and

Whereas, Despite this appropriation and the expressed intent of the City Council in connection therewith, the Fire Commissioner has discharged a number of firemen; and

Whereas, In the annual Appropriation Ordinance the City Council authorized the employment of 2638 firemen and the day after the passage of such Appropriation Ordinance 222 firemen were summarily discharged, which is in conflict with the intention of the City Council as expressed in the Appropriation Ordinance; therefore be it

Resolved, That it is hereby declared to be the sense of the City Council of the City of Chicago that the full 1929 force of the Fire Department be employed during the year 1930; and be it further

Resolved, That the City Council does hereby pledge itself to appropriate to said activity, out of the first moneys derived out of miscellaneous receipts, sufficient moneys to provide for the payment of the force provided in this item of the Appropriation Ordinanc for the year 1930; and be it further

Resolved, That the Fire Commissioner be and he is hereby directed to immediately reinstate all members of the Fire Department relieved from duty on January 6th, 1930.

Unanimous consent was given to permit action on said resolution without reference thereof to a committee.

Alderman McDonough moved to adopt said resolution.

The motion prevailed.

Amendments to the Annual Appropriation Bill of the City of Chicago for the Year 1930.

Alderman Toman presented amendments to the Annual Appropriation Bill of the City of Chicago for the year 1930 to provide appropriations to cover all items of appropriation vetoed by the Mayor,

Consideration of which was, on motion of Alderman J. B. Bowler, deferred.

RECESS.

Alderman Arvey moved that the Mayor, Corporation Counsel, Commissioner of Public Works, Commissioner of Gas and Electricity, Commissioner of Police, Fire Commissioner, Commissioner of Health and a committee of seven Aldermen to be selected by the Chairman of the Committee on Finance, be requested and authorized to meet at the call of the Mayor for the purpose of recommending to the City Council an ordinance in substitution of the appropriation items vetoed by the Mayor, and that said report be submitted to the Council upon its reconvening, and that the Council do now recess to Friday, the 10th day of January, 1930, at the hour of 2:00 o'clock P. M.

Alderman J. B. Bowler moved to amend said motion by striking out all the language thereof and by inserting in lieu thereof the following language:

> "that the City Council do now take a recess until Friday, January 10, 1930, at 11:00 o'clock A. M."

The motion to amend prevailed.

The question thereupon being put on the motion, as amended, the motion prevailed, and the City Council stood recessed to meet on Friday, January 10, 1930, at 11:00 o'clock A. M.

Report of Newspaper Publications of Ordinances.

The City Clerk submitted the following communication which was ordered published and placed on file:

OFFICE OF THE CITY CLERK,
CHICAGO, January 8, 1930.

To the Honorable, the City Council:

GENTLEMEN—You are hereby advised that the ordinances listed below, passed December 23, 1929, were officially published by me in The Chicago Evening Post, on Friday, January 3, 1930, publication thereof having been required either by statute or by the terms of the respective ordinances:

An ordinance establishing "parking" restrictions in front of the premises known as No. 1416 Indiana avenue.

An ordinance establishing "parking" restrictions on the south side of Irving Park boulevard, from North Keeler avenue to a point 50 feet west thereof.

An ordinance establishing "parking" restrictions on the south side of Lawrence avenue, between points 15 feet east and 15 feet west of the north-and-south alley between Sheridan road and Kenmore avenue.

Yours truly,

(Signed) PATRICK SHERIDAN SMITH,
City Clerk.

Invitation to Participate in the "International Communications Exposition".

The City Clerk presented the following communication, which was ordered published and referred to the Committee on Finance:

CONSULATE GENERAL OF THE REPUBLIC OF POLAND,
CHICAGO, January 7, 1930.

Hon. William H. Thompson, Mayor of the City of Chicago, and City Council of the City of Chicago:

SIR—This Consulate General begs to inform, that a Congress of the "International Association of Communicational Concerns" (Union International du Transport en Commun) will take place in Warsaw, Poland in 1930.

Representatives of more than 1,000 large manufacturing concerns will participate in the Congress. There will be assembled manufacturers of: Streetcars, motor buses, underground railways, telephone, telegraph and radio, naval and aerial transportation —covering with their network 64 different countries in the 5 Continents of the world and representing a market capacity for about 2 milliards dollars annually.

In connection with the Congress in Warsaw—an *"International Communications Exposition"* will be held in the city of Poznan, Poland—opening July 6th and closing August 10th, 1930.

The management of the "International Communications Exposition" in Poznan has requested this Consulate General to extend an invitation to the City of Chicago—to participate in the form of representative exhibit, similar to those arranged by leading European Capitals. This would be particularly appreciated in view of Poland's participation in the Chicago World's Fair in 1933.

The Consulate General is also requested to extend further invitation to: Chicago World's Fair, to the Port of the City of Chicago, to the Chicago Association of Commerce, to Illinois Manufacturers Association and many communicational concerns.

Bringing this invitation to your kind attention and consideration, this Consulate General begs to emphasize the fact, that all permanent buildings erected for the Polish National Exposition of Poznan in 1929—will be available for the exhibitors in 1930.

A short statement about "Polish National Exhibition of 1929," which proved to be very successful —will be found in the pamphlet "Poland—Land of Romance,"—enclosed herewith on page 1 under the heading—"Polish National Exposition, Poznan, May-October, 1929."

Owing to the available space and to considerable experience of the personnel and authorities of the Exhibition in 1929—there is every reason to believe that the International Communications Exposition in 1930 would be able to provide every convenience for the exhibitors, so that the success of the Exhibition may be assured.

The City of Poznan can be reached very conveniently by the exhibitors from America—through the agency of the American Scantic Line, 5 Broadway, New York City—who concluded an agreement with the Polish government for the establishment of a direct Steamship Line between New York and the Polish Port of Gdynia on the Baltic Sea. The agreement provides for the establishment of a freight service, which will combine railroad and steamship documents, so that merchandise may be shipped from various points of the United States to Polish cities—*against one through bill of* lading.

Further information can be obtained from this Consulate General.

Thanking you in anticipation for the kind attention to this matter,

I remain,
Very truly yours,
(Signed) Dr. A. Szczepanski,
Consul General.

CITY COMPTROLLER and CITY TREASURER.

In the Matter of a Lack of Funds for Payment of Salaries and Expenses Chargeable to the Corporate Purposes Fund.

The City Clerk presented the following communication, which was ordered published and referred to the Committee on Finance:

Office of the City Treasurer,
Chicago, January 6, 1930.

To the Honorable, the Mayor and City Council:

Dear Sirs—On September 25, 1929, the City Council directed the City Treasurer to pay all warrants and pay checks drawn against the Corporate Fund and to hold, as his security, all such warrants and pay checks in excess of the Corporate Fund cash available. The amount of the warrants and pay checks so paid in excess of the Corporate Fund cash available amounts to $11,665,106.09.

On December 30, 1929, the City Council passed an ordinance by the terms of which the City Comptroller and the City Treasurer are directed to pay salaries, jurors certificates, etc., chargeable to the Corporate Fund for the month of January, 1930.

We desire to inform you that at this time there are no Corporate funds available from which such payments can be made, and that the payment of such salaries and expenses must be deferred until after the passage of the tax levy ordinance for the year 1930.

There are no funds in the City Treasury from which we deem it safe to make further loans. We are of the opinion that the cash reserve in such funds should be held to meet the payment in cash of obligations chargeable to them.

Very truly yours,

(Signed) GEORGE K. SCHMIDT,
City Comptroller.

(Signed) C. S. PETERSON,
City Treasurer.

Sale of City Property at N. W. Cor. Wilson and N. Lawndale Aves.

Estimate for Tax Levy for the Year 1930.

The City Clerk presented the following communication, which was referred to the Committee on Finance:

CHICAGO, January 9, 1930.

To the Honorable, the City Council of the City of Chicago, Chicago, Illinois:

GENTLEMEN—This is to certify that at a duly called Special Meeting of the Retirement Board of the Municipal Employees' Annuity and Benefit Fund of Chicago, held on January 9, 1930, a quorum being present, the following resolution was unanimously adopted:

Resolved, That pursuant to the provisions of an Act of the General Assembly of Illinois, approved June 29, 1921, entitled "An Act to provide for the creation, setting apart, maintenance, and administration of a municipal employees' annuity and benefit fund in cities having a population exceeding two hundred thousand inhabitants," as amended, the Retirement Board of the Municipal Employees' Annuity and Benefit Fund of the City of Chicago hereby certifies to the City Council of the City of Chicago that the amount of the tax to be levied for the said Retirement Board in the year 1930, is Two Million, Four Hundred Thousand Dollars ($2,400,000.00) plus an additional ten per cent (10%) thereof amounting to Two Hundred Forty Thousand Dollars ($240,000.00) for loss and cost of collection, or a total of Two Million, Six Hundred Forty Thousand Dollars ($2,640,000.00), based upon the following estimates:

For Age & Service Annuities and Widows' Annuities	$1,325,000.00
For Prior Service Annuities	875,000.00
For Duty Disability Benefits	50.000.00
For Children's Annuities	30,000.00
For Ordinary Disability Benefits	100,000.00
For Expense of Administration	20,000.00
	$2,400,000.00
Plus loss and cost of collection	240,000.00
	$2,640,000.00

and be it furthermore

Resolved, That the Secretary be instructed to submit immediately a copy of said resolution to the said City Council.

We hereby certify that the amounts set forth in the above and foregoing resolutions are necessary and the amounts that are to be levied for the purposes of said Municipal Employees' Annuity and Benefit Fund in the year 1930.

Yours truly,

MUNICIPAL EMPLOYEES' ANNUITY AND BENEFIT FUND OF CHICAGO,

(Signed) JNO. P. DILLON,
President.

(Signed) ARTHUR W. JAMES,
Secretary.

The Retirement Board.

BOARD OF LOCAL IMPROVEMENTS.

Assessment Rolls.

The City Clerk presented a list, submitted by the Board of Local Improvements, of assessment rolls filed in the County Court December 23, 1929, which was ordered

Placed on file.

COMMITTEE OF THE WHOLE

Alderman Clark thereupon presented the following motion in writing:

WHEREAS, The City Council, on the recommendation of the Committee on Finance on January 3, 1930, passed the annual appropriation ordinance which restricted appropriations to the 1930 revenues, to accomplish which it was necessary to reduce appropriations for much needed public service such as police, fire, street lighting, health and street and alley cleaning as well as other minor public service; and

WHEREAS, The Committee on Finance recommended to the City Council an ordinance abolishing the offices of market masters as independent agencies, with a view of transferring those positions and functions to the Department of Compensation where they properly belong and where they would be properly supervised, which ordinance was vetoed by the Mayor on December 30, 1929; also on December 23, 1929, in order that more funds may be made available for necessary public service, an ordinance was recommended to the City Council abolishing the Department of Public Welfare, which ordinance failed to receive the necessary two-thirds vote for passage, and at this same meeting an ordinance was presented for the abolition of the Department of Public Service with a view of transferring certain of its necessary functions to the Department of Gas and Electricity, which ordinance also failed to receive the necessary two-thirds vote required for passage; also on December 30, 1929, the City Council passed an ordinance abolishing the Board of Appeals which has become inoperative through the decision of the courts, which ordinance failed to secure the approval of His Honor, the Mayor, before the expiration of the year 1929; and

WHEREAS, These vetoes to ordinances and opposition to the recommendation of the Committee on Finance by the City administration has made it impossible to eliminate certain expense which might be applied to necessary public services for the protection of life and property; and

WHEREAS, On January 8, 1930, the Mayor vetoed the appropriations for the Police Department, Fire Department, Department of Gas and Electricity, Health Department and those for street and alley cleaning for the reason of inadequacy of appropriations, without designating where such funds are to be obtained or recommending any substitutions therefor, and has vetoed the appropriations of certain other departments on the theory of illegality of the set-up; and

WHEREAS, It is the purpose to redistribute the appropriations for the various departments so that the budget may be within the total of revenues as certified by the City Comptroller and that the appropriations made for other departments not vetoed should be reduced to permit the distribution of such reduction to increased police, fire and health protection, street lighting and street cleaning service; therefore,

I *move* that the City Council do now resolve itself into Committee of the Whole for the purpose of giving consideration to any suggestions for amendments to certain departments which are of lesser importance than those whose appropriations His Honor, the Mayor, has vetoed, with a view of passing such amendments wherever necessary to provide increased service in the aforementioned departments.

Alderman Nelson moved to substitute for the foregoing motion, a motion that the City Council do now resolve itself into Committee of the Whole for the purpose of considering any and all matters affecting appropriations which might come before it.

Alderman McDonough moved to lay on the table the motion to substitute.

The motion to lay on the table prevailed, by yeas and nays as follows:

Yeas—Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, McDonough, Byrne, Moran, Morris, Northrup, D. A. Horan, Cepak, Arvey, J. B. Bowler, Maypole, A. J. Horan, Clark, Smith, Seif, Landmesser, Ross, T. J. Bowler, Crowe, Albert, Loescher, Massen, Mellin—29.

Nays—Coughlin, Anderson, Jackson, Cronson, Zintak, Coyle, Pacelli, Toman, Sloan, Konkowski, Rozczynialski, Nusser, Taylor, Ringa, Feigenbutz, Nelson, Hoellen—17.

—

During the taking of the foregoing vote, as Alderman Anderson arose to speak, Alderman Clark raised a point of order to the effect that a motion to table is not debatable.

The Chair ruled that Alderman Anderson could proceed, as he was explaining his vote.

A further point of order, made by Alderman Govier, to the effect that Alderman Anderson was debating the question under the guise of an explanation of his vote, was overruled by the Chair.

—

Thereupon, at 1:20 o'clock P. M. on Friday, January 10, 1930, the question being put on the written motion of Alderman Clark that the City Council do now resolve itself into Committee of the Whole, etc., the motion prevailed, by yeas and nays as follows:

Yeas—Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, McDonough, Byrne, Moran, Coyle, Morris, Northrup, D. A. Horan, Cepak, Arvey, J. B. Bowler, Maypole, A. J. Horan, Clark, Smith, Seif, Landmesser, Ross, T. J. Bowler, Crowe, Albert, Loescher, Massen, Mellin—30.

Nays—Coughlin, Anderson, Jackson, Cronson, Zintak, Pacelli, Toman, Sloan, Konkowski, Rozczynialski, Nusser, Taylor, Ringa, Feigenbutz, Nelson, Hoellen—16.

And the City Council was thereby resolved into Committee of the Whole.

SITTING OF CITY COUNCIL RESUMED.

Subsequently, the Committee of the Whole, having risen, the City Council was again in session, with Honorable William Hale Thompson, Mayor, in the Chair.

The Clerk called the roll of members, and there was found to be

Present—Aldermen Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Toman, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen and Mellin.

Absent—Aldermen O'Toole and Kaindl.

Alderman Clark, for the Committee of the Whole, thereupon reported that the Committee of the Whole had given consideration to the matter of appropriations for certain departments, as instructed by the City Council, and that said Committee had directed him, as its chairman, to report progress thereon.

In the Matter of Payment of Salaries and Current Expenses of Certain Departments Pending the Passage of the Annual Appropriation Ordinance for the Year 1930.

By unanimous consent, Alderman Nelson presented an ordinance authorizing and directing the heads of Department of Police, Fire Department, Department of Health, Department of Gas and Electricity, Bureau of Streets and Bureau of Parks, Recreation and Aviation to continue operations of activities on the basis of activities for the month of December, 1929, pending the passage of the annual appropriation ordinance for the year 1930 as to said departments.

Alderman Nelson moved to pass said ordinance.

Unanimous consent being refused for consideration of said ordinance, Alderman Nelson moved to suspend the rules temporarily to permit such consideration.

The motion to suspend the rules was lost, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Zintak, Coyle, Pacelli, Toman, Sloan, Konkowski, Rozczynialski, Nusser, Taylor, Ringa, Feigenbutz, Nelson, Hoellen—17.

Nays—Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, McDonough, Byrne, Moran, Morris, Northrup, D. A. Horan, Cepak, Arvey, J. B. Bowler, A. J. Horan, Clark, Smith, Seif, Landmesser, Ross, T. J. Bowler, Crowe, Albert, Loescher, Massen, Mellin—28.

RECESS.

Thereupon Alderman Clark moved that the Council do now take a recess until 2:00 o'clock P. M. on Monday, January 13, 1930.

The motion prevailed, and the City Council stood recessed, to meet in recessed session on Monday, January 13, 1930, at 2:00 o'clock P. M.

In the Matter of Appropriations for The Municipal Court of Chicago.

Honorable William Hale Thompson, Mayor, submitted the following communication, which was, together with the communication submitted therewith, ordered published and referred to the Committee on Finance:

OFFICE OF THE MAYOR,
CHICAGO, January 13, 1930.

To the Honorable, the City Council:

GENTLEMEN—I transmit herewith for the consideration of your Honorable Body a communication under date of January 13 which I have received from Honorable James A. Kearns, Clerk of the Municipal Court of Chicago, in regard to the Appropriation Ordinance.

Respectfully submitted,

(Signed) WM. HALE THOMPSON,
Mayor.

CLERK OF THE MUNICIPAL COURT,
CHICAGO, January 13, 1930.

Honorable William Hale Thompson, Mayor of the City of Chicago, and the City Council of the City of Chicago:

GENTLEMEN—I desire again to call your attention to the appropriation passed by the City Council for the Municipal Court, and call your attention to the fact that so far as the Clerk's Office is concerned, the budget as passed by the City Council does not conform to the order as entered by the Judges of the

Municipal Court, and that there is a difference of approximately $125,740.00.

I also want to call your attention to the fact that under the laws of this state "The Judges of the Municipal Court have, by the consent of the people become corporate authorities, not with power to assess and collect taxes, but with control, so far as the Law has confided it to them, of the expenses of the Court, and with power to incur indebtedness on the part of the City for that purpose for which it is the duty of the City Council to provide by the appropriation of money to pay it, and the levy of taxes for that purpose."

People vs. City of Chicago, 310 Ill. 338.

And again it is said "In the light of this decision (case last above cited) the conclusion is inevitable that the Judges of the Court have paramount control of the number of deputy bailiffs and the salaries for the same; that this power is lodged in them exclusively and that the City Council has no discretion in the matter, but must make the appropriations when properly requested, as ordered by the Judges."

People ex rel Snow vs. City of Chicago, 244 Ill. App. 66.

Under these two decisions, it is clear that the Judges control the expenses of the Municipal Court in relation to the office of Chief Justice, Clerk of the Municipal Court and Bailiff of the Municipal Court.

Being a ministerial officer only, and being in duty bound under my oath of office to follow the orders and directions of the Judges of the Municipal Court, I am placed in a position where I am forced to file legal proceedings to compel a compliance with the Statute. I trust that I will not be forced into this position if it can possibly be avoided.

The litigation in the Municipal Court is so heavy that it has been practically impossible to keep up with the force of employees which we had last year, and with a loss of forty-eight clerks, I do not want to be held responsible for what may happen in the handling of the litigation in the City of Chicago with a depleted force. The Judges of the Municipal Court, after a very careful examination of the needs of both the Clerk's Office and the Bailiff's Office, entered their orders, certified copies of which orders have been filed with the City Council, and in support of which a Committee of the Judges and myself have appeared before the Finance Committee on several occasions.

I trust you will see the advisability of following the law in this regard.

Yours very truly,

(Signed) James A. Kearns.

In the Matter of Appropriations for the Department of Health.

Honorable William Hale Thompson, Mayor, submitted the following communication, which was, together with the communication submitted therewith, ordered published and referred to the Committee on Finance:

Office of the Mayor,
Chicago, January 13, 1930.

To the Honorable, the City Council:

Gentlemen—I transmit herewith for the consideration of your Honorable Body, a communication under date of January 13, 1930, which I have received from Dr. Arnold H. Kegel, Commissioner of Health, in regard to the Appropriation Ordinance.

Respectfully submitted,

(Signed) Wm. Hale Thompson,
Mayor.

Department of Health,
Chicago, January 13, 1930.

Hon. William Hale Thompson, Mayor, City of Chicago:

Dear Sir—The contagious disease situation in Chicago at the beginning of the year 1930 is far from satisfactory.

Scarlet Fever.

The 1319 cases of scarlet fever reported to the Department of Health in December, 1929, is the largest number of cases of that disease reported in the month of December since 1907. As this disease usually reaches its peak in March or April with a marked increase over the December record, it looks as if Chicago is in for an unusual prevalence of this disease. The cases of scarlet fever in 1929 totalled 7,945 as compared with a total of 4,335 in 1928.

Not only is there a marked increase in the number of deaths of scarlet fever from 77 in 1928 to 164 in 1929, but a gradual increase in the virulence of scarlet fever each year since 1926 is noted. The Municipal Contagious Disease Hospital also reports that the type of cases received recently is of a more malignant form.

Epidemic Cerebro Spinal Meningitis.

With an extremely malignant type of this disease in Indianapolis and other points in Indiana and with more cases occurring in Chicago in both 1928 and 1929 than in any year since 1917, it means that the Chicago Health Department has a difficult task to prevent this disease becoming epidemic in Chicago.

There was an increase of this disease both in cases and deaths over the number in 1928, the figures being 387 cases, with 219 deaths in 1929, and 364 cases with 179 deaths in 1928. Any disease that kills almost 60 per cent of those attacked demands urgent attention.

Smallpox.

A constant fight must be waged to keep smallpox from becoming prevalent. Illinois in 1929 had over 4,200 cases of this disease reported. Indiana, in November, 1929, reported an increase of 420 per cent over the same month in 1928.

Ohio had almost 3,000 cases of smallpox in 1929. Wisconsin and Iowa have a large number of smallpox cases annually. The situation surrounding Chicago is so threatening as regards smallpox that the January issue of the Journal of the American Medical Association comment about the "unenviable record" on smallpox. With daily contact with our neighboring states, it is a marvel that Chicago by efficient methods of control had but 73 cases in 1929 while the rest of the State of Illinois with about the same population had over 4,200 cases. Chicago cannot continue this record without an adequate force of school doctors and nurses in the Bureau of Child Welfare to keep the school population well vaccinated.

Measles.

The year 1929 closed with a record of 17,714 cases of measles reported and 164 deaths. This alone represents a vast amount of quarantine and control activities to limit the spread of that disease.

In 1929 a total of 89,404 cases of contagious disease was reported, being an increase of 12,000 more than in 1928.

With contagious diseases so prevalent in the district about Chicago and with certain health experts predicting an epidemic of influenza in 1930, it is no time to hamper the Health Department by a decrease in personnel.

One of the primary functions of a Department of Health is the control of communicable diseases. Any step which in any way would handicap the efficiency of the Department in this phase of its work would necessarily have a disastrous effect upon the life and health of the community.

We all realize what an epidemic of smallpox, typhoid fever, epidemic meningitis or infantile paralysis would mean to the City of Chicago, not only from the standpoint of health and happiness, but from the standpoint of business interests. Chicago would cease to be a safe place where visitors might come, where conventions may be held, and consumers of products of the industries of Chicago would rightfully hesitate to accept these products from a city where a serious epidemic condition existed; therefore, any curtailment of the budget for the Department of Health that would in any way reduce the controlling agencies of communicable diseases would be a serious and fatal mistake.

A Health Department that does not take advantage of the known scientific methods for prevention of disease is remiss in its obligations to the community. Funds must be available for the department to give Chicago protection against smallpox by adequate vaccination. We can boast of our record because we were able to take the proper steps for the protection of the community; that is, vaccination of all exposures and routine vaccination of over 80,000 of our school children.

In the matter of diphtheria, medical science has given us a method of absolutely stamping out this disease and the City government is negligent in its obligations when it fails to provide adequate means for the application of this known scientific protection. Had it been possible for us to have given seventy-five per cent of the children under ten years of age this treatment in 1929, practically all of the 6,000 cases and over 500 deaths from this disease might have been avoided.

The Bureau of Communicable Diseases, in 1929, performed 346,419 more transactions than in 1928.

A survey of the communicable disease situation in Chicago made this date shows that there are 2,800 current cases, 491 of these being diphtheria; 345 diphtheria carriers, 1,247 scarlet fever, 223 pneumonia, 200 whooping cough, 258 chickenpox, 12 typhoid fever, 6 smallpox, 16 epidemic meningitis, and 2 infantile paralysis. This means that there are 2,800 possible foci for distributing these diseases throughout the city unless proper precautions can be taken for their control and this is possible only with an adequate personnel to do this work.

The proposed reduced budget will permit a school program for only 15 per cent of the 600,000 school children. Nurses will reach only 15 per cent of school children for control of contagious diseases.

One hundred thousand visits to young mothers, to teach them how to properly care for their babies, will be discontinued. An equivalent of two infant welfare stations will be closed.

The teaching of home hygiene to 10,000 children in parochial schools will be stopped.

The effort to conserve the vision of children in sight-saving classes will be discontinued.

The program to save 5,000 children from "catching" diphtheria and to prevent 600 deaths from this disease cannot be carried on.

The above are only a few of the necessary activities that will have to be given up.

The appropriation to the Department of Health in 1929 was the minimum on which the Department can operate efficiently. It was only by constantly transferring employes from one bureau to another during 1929 and increasing the total transaction by almost one and three quarter million over those of 1928, that the Department was able in 1929 to decrease the number of deaths by over 2,200; give Chicago the lowest infant death rate in her history; and provide our citizens with the best milk supply of any large city in the country.

Respectfully,

(Signed) ARNOLD H. KEGEL,
Commissioner of Health.

In the Matter of Appropriations for the Department of Public Works.

Honorable William Hale Thompson, Mayor, submitted the following communication, which was, together with the communication submitted therewith, ordered published and referred to the Committee on Finance:

OFFICE OF THE MAYOR,
CHICAGO, January 13, 1930.

To the Honorable, the City Council:

GENTLEMEN—I transmit herewith for the consideration of your Honorable Body a communication under date of January 13, 1930, which I have received from Richard W. Wolfe, Commissioner of Public Works, in regard to the Appropriation Ordinance.

Respectfully submitted,

(Signed) WM. HALE THOMPSON,
Mayor.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
CHICAGO, January 13, 1930.

Hon. William Hale Thompson, Mayor, City of Chicago, City Hall, Chicago:

MY DEAR MR. MAYOR—It is important and proper that I should inform you at this time with respect to the effect of the proposed budget for the year 1930, in so far as an impairment of necessary operations and services in the Department of Public Works is concerned.

It is not my purpose to burden you with minor details, but rather to direct to your attention the very important activities in which the public are vitally concerned, viz., the cleaning of streets and alleys, removal of garbage, ashes and other wastes, including snow removal and the maintenance of equipment, and also recreational facilities.

The proposed appropriations will provide only for garbage removal every four weeks in the winter and every two weeks in the summer; and for removal of ashes and rubbish every four weeks in the winter and every eight weeks in the summer. And further, there is no allowance in the proposed budget for snow removal, street sweeping and flushing.

Mr. Mayor, I feel it my duty to direct your attention now to the seriousness of the situation which confronts the people of Chicago, which will be a menance to health, and intolerably discomforting and distressing.

Concerning the budget allowances for the Bureau of Parks, Recreation and Aviation, your attention is directed to the effect of these inadequate allowances, which will result in the necessity of closing five playgrounds; the inability to open for service two new playgrounds which are ready for operation, as well as the inability to open a large, new, public bath and community center; the serious impairment of all activities in the playgrounds for the furnishing of recreation and comfort for girls and young children; the complete closing of three or four public baths; the complete closing of all of the municipal bathing beaches, including the Rogers Park, Clarendon, Rainbow and Rocky Ledge Beaches, as well as twenty-four street-end bathing places, and the entire elimination of any City forestry or tree-trimming work.

It is deplorable that the citizens of Chicago should be deprived of the recreation so necessary for their health in our municipal parks and playgrounds, which have set an example followed by the other cities of this country and of the world outside; and further, that they should be made to forego the use of the Lake bathing beaches, which have given such needed relief to the people of Chicago in the hot summer weather.

Yours very sincerely,

(Signed) Richard W. Wolfe,
Commissioner of Public Works.

In the Matter of Appropriations for the Department of Gas and Electricity.

Honorable William Hale Thompson, Mayor, submitted the following communication, which was, together with the communication submitted therewith, ordered published and referred to the Committee on Finance:

Office of the Mayor,
Chicago, January 13, 1930.

To the Honorable, the City Council:

Gentlemen—I transmit herewith for the consideration of your Honorable Body a communication under date of January 13, 1930, which I have received from Michael J. Kennedy, Commissioner of Gas and Electricity, in regard to the Appropriation ordinance.

Respectfuly submitted,

(Signed) Wm. Hale Thompson,
Mayor.

Department of Gas and Electricity,
Chicago, January 13, 1930.

Hon. William Hale Thompson, Mayor:

Dear Sir—In order to conform with the 1930 appropriation ordinance as passed by the City Council on January 3, 1930, this Department finds it necessary to curtail its activities to the point where it makes it a serious menace to the people and public of Chicago.

Under our account known as 52-F-20 which is set up for the purpose of paying for electrical energy supplied to the street lighting system by The Sanitary District of Chicago, the Council last year transferred $195,000.00 in order that the necessary activities could go on for the last three months of 1929, leaving a deficit in that account to be paid out of this year's appropriation. The estimated amount of energy consumed and its cost for 1930 is $635,000.00. The Council has seen fit to appropriate $500,000.00 to pay not only this contractual obligation but also a deficit of $195,000.00. This, of course, is impossible. For this year we, therefore, have $305,000.00 available in this appropriation for electrical energy. This will probably be all expended by the first of July. Under the contract between the City of Chicago and the Sanitary District of Chicago it is necessary that the City adhere to the regular schedule of burning time, namely, 4,015 hours which is made part of the above mentioned contract and at no time shall the load be less than 13,500 kilowatts. It is, therefore, mandatory on me to continue in operation all lamps now in service. If the terms of this contract are to be lived up to I cannot see how the Council can expect me to voucher any bills after July 1st without incurring a criminal liability by deliberately over-expending an account.

The number of lamp cleaners appropriated for has been cut from sixty (60) to thirty (30) or in half. These men operate throughout the City and under the old established order could clean the lamps of the electric lighting system on an average of once in two or three weeks. It naturally follows that these same lamps will not be cleaned once a month or hardly better than once in six weeks under the present arrangement. Furthermore, lamps that are excessively dirty will take a man longer to clean the same number of lamps heretofore.

The number of lamp changers appropriated for likewise have beeen cut from fifty-four (54) to thirty-five (35). The renewal of burned-out lamps and broken globes will take a proportionately longer time adding an increased hazard to the ordinary operation of the City's business.

Our linemen have been cut from sixty (60) to thirty (30). This will mean posts knocked down or out of service through failures of the system will remain down for weeks and months before they can be replaced. Cable failures necessarily must also await repairs.

Our motor truck drivers will be cut from thirty-three (33) to twenty-two (22). The Department operates about thirty-two vehicles. This will mean that six vehicles must remain idle and out of service.

Likewise our laborers in the Bureau of Construction and Maintenance, Bureau of Operation and Bureau of Transportation have been diminished to the point where the Department cannot function efficiently, and the service which this Department has always endeavored to keep to the highest point of efficiency must suffer accordingly.

Essential employes have been laid off in the Bureau of Fire Alarm and Police Telegraph causing a further hazard to the life and property in Chicago and its citizens.

In all 275 employes have been dismissed in accordance with the appropriation bill as passed. I feel that all of these employes are essential to the proper operation of the Department of Gas and Electricity and that unless they are returned to their former positions, the continuity of service which the Department has always attempted to maintain will be seriously impaired, and the people of Chicago not only be inconvenienced but very likely to be seriously disturbed in their everyday life and activities.

I call this to your attention for any action you deem necessary and feel that you should be advised of my view of the situation as I see it.

Respectfully submitted,

(Signed) MICHAEL J. KENNEDY,
Commissioner.

In the Matter of Appropriations for the Department for the Inspection of Steam Boilers, Unfired Pressure Vessels and Cooling Plants.

Honorable William Hale Thompson, Mayor, submitted the following communication, which was, together with the communication submitted therewith, ordered published and referred to the Committee on Finance:

OFFICE OF THE MAYOR,
CHICAGO, January 13, 1930.

To the Honorable, the City Council:

GENTLEMEN—I transmit herewith for the consideration of your Honorable Body a communication under date of January 13, which I have received from Geo. E. Nye, Chief Boiler Inspector, in regard to the Appropriation ordinance.

Respectfully submitted,

(Signed) WM. HALE THOMPSON,
Mayor.

DEPARTMENT FOR THE INSPECTION OF STEAM BOILERS, UNFIRED PRESSURE VESSELS AND COOLING PLANTS
CHICAGO, January 13, 1930.

Hon. William Hale Thompson, Mayor, City of Chicago:

DEAR SIR—I am informed that the City Council, in addition to the number of employes already laid off, contemplates further crippling this department by eliminating entirely the appropriation for automobile maintenance.

Such further curtailment will mean that many high pressure boilers, tanks and refrigerating plants cannot be inspected during the year, and a serious menace to the lives and property of the people of the City of Chicago will result.

Each inspector must carry equipment and tools that could not be transported in any other manner and the use of personally-owned automobiles eliminates a large expense to the City. The inspectors could not possibly make the number of inspections required, and as the department produces a net revenue to the City, it is criminal that the City should be exposed to the hazard of a serious explosion.

Respectfully submitted,

(Signed) GEO. E. NYE,
Chief Inspector.

Authority for Acceptance of a Bid of Irving Park District for Certain City Property.

Alderman Ross moved to reconsider the vote by which the Council, at its recessed session held on Friday, January 10, 1930, as is noted on page 1960 of the Journal, adopted a motion accepting a bid of Irving Park District for the purchase of certain City property at the northwest corner of Wilson and North Lawndale avenues and directing the Corporation Counsel to draft and submit an ordinance to effectuate a transfer of title to said property to Irving Park District.

The motion prevailed.

Alderman Ross thereupon, by unanimous consent, presented the following order:

> *Ordered*, That the City Comptroller be and he is hereby authorized to accept the bid of the Irving Park District, No. 3800 Byron street, received in response to advertisement pursuant to an ordinance passed November 6, 1929, for the sale of City property at the northwest corner of Wilson and North Lawndale avenues, in the City of Chicago, in the amount of $148,500.00.

Unanimous consent was given to permit action on said order without reference thereof to a committee.

Alderman Ross moved to pass said order.

The motion prevailed, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Toman, Arvey, J. B. Bowler, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Seif, Nusser, Taylor, Landmesser, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—43.

Nays—None.

Calling of a Special Election to Fill a Vacancy in the Office of Alderman from the Twenty-seventh Ward.

By unanimous consent, Alderman D. A. Horan presented an ordinance calling a special Aldermanic election in and for the Twenty-seventh Ward for Tuesday, April 8, 1930, for the purpose of electing an Alderman to serve the unexpired term of Harry C. Van Norman, deceased.

Unanimous consent was given to permit action on said ordinance without reference thereof to a committee.

Alderman D. A. Horan moved to pass said ordinance.

The motion prevailed, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Toman, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—46.

Nays—None.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That a special Aldermanic Election in and for the Twenty-seventh Ward of the City of Chicago, Illinois, be and the same is hereby called for Tuesday, April 8, 1930, for the purpose of electing an Alderman to serve for the term of office for which HARRY C. VAN NORMAN, deceased, was elected on February 26, 1929, there being a vacancy in the office of Alderman for the remainder of said term by reason of the death of said Harry C. Van Norman. In case no one candidate for the office of Alderman in and for the Twenty-seventh Ward of said City of Chicago receives a majority of all of the votes cast for the office of Alderman of said Twenty-seventh Ward at the Election to be held in pursuance of this ordinance on April 8, 1930, then a Supplementary Aldermanic Election shall be held in and for said Ward on Tuesday, May 6, 1930, between the hours of 6 A. M. and 4 P. M. Such Special Aldermanic Election, and such Supplementary Aldermanic Election, if required, shall be held in accordance with the provisions of Part Four of Article XII of an act of the General Assembly of Illinois, entitled "An Act to provide for the incorporation of cities and villages," approved April 10, 1872, as amended, and all other laws in force relating to such proposed Aldermanic Elections at the time the same are to be held.

SECTION 2. The polling places selected or to be selected by the Board of Election Commissioners of the City of Chicago for the various election precincts of said Twenty-seventh Ward for use at the Primary Election of April 8, 1930, and the judges and clerks of election, selected or to be selected by said Board of Election Commissioners of the City of Chicago for the various election precincts of said Twenty-seventh Ward and whose duty it will be to preside over and conduct said Primary Election of April 8, 1930, are hereby selected and adopted as the precinct polling places and the judges and clerks of election for the Special Aldermanic Election hereby called for the Twenty-seventh Ward of the City of Chicago for April 8, 1930, and also for the Supplementary Aldermanic Election to me held on May 6, 1930, in case such Supplementary Aldermanic Election shall be required.

SECTION 3. The City Clerk of the City of Chicago is hereby directed to cause a Notice of the Special Aldermanic Election herein called and of the location of the polling places at which said Special Aldermanic Election is to be held, to be published in The Chicago Evening Post, a newspaper, published in the City of Chicago, and to post at least one copy of said Notice at each of the precinct polling places designated for the holding of said Primary and Special Aldermanic Elections, and such publishing and posting of said Notice shall be at least forty (40) days prior to the holding of said Special Aldermanic Election; and in case a Supplementary Aldermanic Election is required, the City Clerk of said City of Chicago is hereby further directed to cause a Notice of such Supplementary Aldermanic Election and of the precinct polling places at which the same is to be held, to be published and posted in like manner within the time fixed by law prior to the holding of such Supplementary Aldermanic Election.

SECTION 4. The City Clerk of said City of Chicago is hereby directed to file within the time required by law with the said Board of Election Commissioners of the City of Chicago a certified copy of this ordinance calling the Special Aldermanic Election for the Twenty-seventh Ward of the City of Chicago to be held on April 8, 1930, and in case a Supplementary Aldermanic Election shall be required, to notify said Board thereof.

SECTION 5. This ordinance shall take effect and be in force from and after its passage and approval.

Calling of a Special Election to Fill a Vacancy in the Office of Alderman from the Forty-ninth Ward.

By unanimous consent, Alderman Massen presented an ordinance calling a special Aldermanic Election in and for the Forty-ninth Ward for Tuesday, April 8, 1930, for the purpose of electing an Alderman to serve the unexpired term of E. I. Frankhauser, resigned.

Unanimous consent was given to permit action on said ordinance without reference thereof to a committee.

Alderman Massen moved to pass said ordinance.

The motion prevailed, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering Govier, Rowan, Wilson, Zintak, McDonough, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Toman, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen,, Mellin—46.

Nays—None.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That a Special Aldermanic Election in and for the Forty-ninth Ward of the City of Chicago, Illinois, be and the same is hereby called for Tuesday, April 8, 1930, for the purpose of electing an Alderman to serve for the remainder of the term of office for which E. I. FRANKHAUSER was elected on February 26, 1929, there being a vacancy in the office of Alderman for the remainder of said term by reason of the resignation of said E. I. Frankhauser. In case no one candidate for the office of Alderman in and for the Forty-ninth Ward of said City of Chicago receives a majority of all of the votes cast for the office of Alderman of said Forty-ninth Ward at the Election to be held in pursuance of this ordinance on April 8, 1930, then a Supplementary Aldermanic Election shall be held in and for said Ward on Tuesday, May 6, 1930, between the hours of 6 A. M. and 4 P. M. Such Special Aldermanic Election, and such Supplementary Aldermanic Election, if required, shall be held in accordance with the provisions of Part Four of Article XII of an act of the General Assembly of Illinois, entitled "An Act to provide for the incorporation of cities and villages," approved April 10, 1872, as amended, and all other laws in force relating to such proposed Aldermanic Elections at the time the same are to be held.

SECTION 2. The polling places selected or to be selected by the Board of Election Commissioners of the City of Chicago for the various election precincts of said Forty-ninth Ward for use at the Primary Election of April 8, 1930, and the judges and clerks of election, selected or to be selected by said Board of Election Commissioners of the City of Chicago for the various election precincts of said Forty-ninth Ward and whose duty it will be to preside over and conduct said Primary Election of April 8, 1930, are hereby selected and adopted as the precinct polling places and the judges and clerks of election for the Special Aldermanic Election hereby called for the Forty-ninth Ward of the City of Chicago for April 8, 1930, and also for the Supplementary Aldermanic Election to be held on May 6, 1930, in case such Supplementary Aldermanic Election shall be required.

SECTION 3. The City Clerk of the City of Chicago is hereby directed to cause a Notice of the Special Aldermanic Election herein called and of the location of the polling places at which said Special Aldermanic Election is to be held, to be published in The Chicago Evening Post, a newspaper published in the City of Chicago, and to post at least one copy of said Notice at each of the precinct polling places designated for the holding of said Primary and Special Aldermanic Elections, and such publishing and posting of said Notice shall be at least forty (40) days prior to the holding of said Special Aldermanic Election; and in case a Supplementary Aldermanic Election is required, the City Clerk of said City of Chicago is hereby further directed to cause a Notice of such Supplementary Aldermanic Election and of the precinct polling places at which the same is to be held, to be published and posted in like manner within the time fixed by law prior to the holding of such Supplementary Aldermanic Election.

SECTION 4. The City Clerk of said City of Chicago is hereby directed to file within the time required by law with the said Board of Election Commissioners of the City of Chicago a certified copy of this ordinance calling the Special Aldermanic Election for the Forty-ninth Ward of the City of Chicago to be held on April 8, 1930, and in case a Supplementary Aldermanic Election shall be required, to notify said Board thereof.

SECTION 5. This ordinance shall take effect and be in force from and after its passage and approval.

Time Fixed for the Next Succeeding Regular Meeting.

By unanimous consent, Alderman Clark presented the following ordinance:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That the next succeeding regular meeting of the City Council of the City of Chicago to be held after the regular meeting held on Wednesday, the eighth (8th) day of January, 1930, at 2:00 o'clock P. M., and any and all recessed sessions thereof, be and the same is hereby fixed to be held on Monday, the twentieth (20th) day of January, 1930, at 2:00 o'clock P. M.

SECTION 2. This ordinance shall take effect and be in force from and after its passage.

Unanimous consent was given to permit action on said ordinance without reference thereof to a committee.

Alderman Clark moved to pass said ordinance.

The motion prevailed, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin —46.

Nays—None.

RECESS.

Thereupon, at 3:25 o'clock P. M. on Monday, January 13, 1930, Alderman Clark moved that the City Council do now take a recess until 7:30 P. M.

Alderman Nelson requested that, should the Council when reassembled after recess resolve itself into Committee of the Whole, the public be permitted to be present during the session of the committee.

On a point of order raised by Alderman Clark, Alderman Nelson's request was ruled out of order.

The question thereupon being put on the motion to recess, the motion prevailed.

REASSEMBLING OF CITY COUNCIL AFTER RECESS.

At 7:30 o'clock P. M., on Monday, January 13, 1930, the City Council reassembled, with Honorable William Hale Thompson, Mayor, in the Chair.

The Clerk called the roll of members, and there was found to be

Present—Aldermen Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Toman, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen and Mellin.

Absent—Alderman Kaindl.

Alderman Albert presented a resolution requesting Honorable William Hale Thompson, Mayor, to veto all items of appropriation contained in the Appropriation Bill for 1930, passed January 3, 1930, which were not previously vetoed.

On a point of order, raised by Alderman Anderson, said resolution was ruled out of order.

COMMITTEE OF THE WHOLE.

Alderman Clark moved that the City Council do now resolve itself into Committee of the Whole for the purpose of continuing consideration of appropriations for certain departments.

Alderman Nelson moved to amend Alderman Clark's motion by adding thereto the following language: "and that during the session of the Committee of the Whole the public be permitted to be present in the galleries, and that the Committee of the Whole be instructed by the City Council to entertain any amendment affecting the appropriation bill, presented in Committee of the Whole, which can be legally presented".

Alderman J. B. Bowler moved to amend the amendment by adding thereto the following language: "and that during all future sessions of the City Council in

Committee of the Whole the public be permitted to be present in the galleries".

The question being put on the amendment to the amendment, the motion was lost, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Cronson, Zintak, Byrne, Moran, Pacelli, Toman, J. B. Bowler, Sloan, Rozczynialski, Nusser, Taylor, Albert, Feigenbutz, Nelson, Hoellen, Massen, Mellin—19.

Nays—Eaton, Guernsey, Nance, Govier, Rowan, Wilson, McDonough, O'Toole, Coyle, Morris, Northrup, D. A. Horan, Cepak, Maypole, A. J. Horan, Clark, Konkowski, Smith, Seif, Landmesser, T. J. Bowler, Crowe, Loescher—23.

Alderman Clark, as maker of the motion, thereupon accepted Alderman Nelson's amendment.

The question being put on the motion as amended, the motion prevailed, and the City Council was thereby resolved into Committee of the Whole.

SITTING OF CITY COUNCIL RESUMED.

Subsequently, at 8:57 o'clock P. M. on Monday, January 13, 1930, the Committee of the Whole having risen, the City Council was again in session, with Honorable William Hale Thompson, Mayor, in the Chair.

The Clerk called the roll of members, and there was found to be

Present—Aldermen Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Toman, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen and Mellin.

Absent—Alderman Kaindl.

Alderman Clark, for the Committee of the Whole, thereupon reported that the Committee of the Whole was ready to make its report, and moved that said report be received.

The motion prevailed.

Alderman Clark thereupon reported that the Committee of the Whole had given due consideration to the matter of appropriations for the year 1930, in accordance with the instructions of the City Council, and that said Committee of the Whole recommended to the City Council for passage an ordinance amending the Annual Appropriation Bill of the City of Chicago for the year 1930, which he thereupon submitted.

control signal system, and police and fire alarm telegraph system. All material and supplies shall be acquired and disbursed by this stock account as hereinafter set forth.

The quantity of material and supplies on hand to the credit of this stock account shall at no time be in excess of one year's requirements for the purposes above set forth.

No liability shall at any time be incurred in excess of the available cash balance of this stock account (as shown on the books of the Comptroller).

Material and supplies shall be purchased only in accordance with a regularly approved requisition or contract as required by City Ordinances.

The full amount of all contracts and requisitions shall be carried as an incumbrance against this stock account except the amount of the requisitions only shall be carried where such requisitions are made against contracts calling for deliveries from time to time.

Material and supplies returned to stock shall be covered by a credit memorandum in favor of the account originally charged, which credit shall be deducted from the total of subsequent warrants for collections charged against said account.

Salvaged material and supplies shall be valuated by the Commissioner of Gas and Electricity and priced accordingly and when placed in stock shall be covered by warrant for collection crediting the proper fund and charging this stock account for the amount thereof.

No material and supplies may be withdrawn from the stores of this stock account except upon the receipt of a regularly approved order or requisition chargeable against established capital accounts, other suspense stock accounts, or appropriation accounts set up for the purpose of constructing, operating or maintaining the City's street lighting system, the "Stop and Go" traffic signal system, and the police and fire alarm telegraph system. All such orders for the withdrawal of stock shall be handled in such manner as may from time to time be specified by the Comptroller.

This stock account shall be reimbursed by rendering warrants for collection within thirty days after the delivery of material and supplies, chargeable against accounts designated on the order or requisition covering such deliveries. All material and supplies shall be billed on such warrants for collection at the cost price, plus one per cent to cover cost of breakage and loss. Freight and demurrage, if any, shall be added to cost price.

All expense incident to the operation of this stock account shall be paid out of appropriations otherwise made for the Department of Gas and Electricity, subject to the limitations of such appropriations, except for the purchase of material and supplies as herein outlined, and for the payment of freight and demurrage costs which shall be charged to this stock account.

There shall be maintained a perpetual form of inventory record showing all the stock received, stock delivered and the stock on hand at all times

together with the cost thereof. All material received in stock and all material withdrawn from stock shall be entered on the inventory record. The inventory record shall show the authority upon which all entries therein are made.

All books of account, inventory and other records, shall be kept in such manner as may be prescribed by the Comptroller and shall be audited periodically by said Comptroller.

Bureau of Electric Wiring and Repair Service Account.

The Bureau of Electric Wiring and Repair Service Account is established for the purpose of furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Expenditures from this service account shall be made only upon receipt of requisitions approved by the Comptroller from the head of the department for which services are to be rendered. Such requisitions shall be drawn against appropriations made for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred by this service account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisitions, issued in the same manner as the original.

Warrants for collection shall be rendered within ten days after the end of the current payroll period in the amount of the direct expense actually incurred on each requisition plus not to exceed twelve per cent for incidental overhead expense. No work shall be done for any person, firm or corporation outside of the City government except upon deposit made with the Comptroller of a sum of money sufficient to defray the cost of such work against which sum warrants for collection shall be issued upon completion of the work. The Comptroller may waive this requirement in writing when he believes it is justified.

The following items of expenditures are authorized and are to be charged as incidental and overhead expense for which not to exceed twelve per cent of the direct expense actually incurred may be added as above mentioned:

The following employes are authorized to be employed as needed:

Supervisor of Electrical Mechanics	$5,340.00
Principal Storekeeper	2,720.00
Principal Clerk	2,600.00
Senior Clerk	2,240.00
Junior Electrical Engineer	3,600.00

Compensation for use of personally-owned automobile by Supervisor of Electrical Mechanics at $90.00 per month.

Office supplies and stationery, minor equipment, tools and testing instruments and repairs to same.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account—Continued.

The following employes as needed, for such period or periods during the fiscal year as may be necessary are authorized to be employed, for whom salary and wage expenditures are to be charged direct on warrants for collection covering the cost of work:

Foreman of Electrical Mechanics, 3 at $350.00 per month.

Electrical Mechanic, Subways, 2 at $325.00 per month.

Electrical Mechanic, Pumping Stations, 1 at $325.00 per month.

Electrical Mechanics at $13.00 per day

Carpenters at $12.00 per day.

Linemen at $11.68 per day.

Laborers at $5.45 per day and at $7.00 per day.

Auto trucks at established rates.

Compensation for use of personally-owned automobiles at $90.00 per month by 3 Foremen of Electrical Mechanics and 2 Electrical Mechanics, Subways.

No expenditures for any commodities other than those authorized for incidental and overhead expense shall be charged to this service account.

Bureau of Electric Wiring and Repair Suspense Stock Account.

The Bureau of Electric Wiring and Repair Suspense Stock Account is established for the purpose of maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, Police and Fire Alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Purchases of material and supplies for this stock account by contract or other authorized method shall be made in such quantities as may suit the needs of this stock account but in no case shall the quantity exceed one year's requirements, nor shall any liability be incurred in excess of the unencumbered balance of this account, nor for a commodity that will not be issued and billed for this stock account, except upon the approval of the Comptroller. Material and supplies on hand may be withdrawn from stock for use as hereinafter provided only upon receipt of requisition approved by the Comptroller from the head of the department for which work is to be done. Such requisition shall be drawn against appropriations for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred on account of material or supplies furnished by this stock account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisition issued in the same manner as the original. Warrants for collection shall be rendered in the amount of expense incurred for material and supplies on each requisition within a period not to exceed ten days after date of delivery of such material or supplies.

There shall be maintained a perpetual form of in-

ventory records showing all the stock received, the stock delivered and the stock on hand at all times, together with the cost thereof. All material withdrawn from stock and delivered on account of requisition shall pass through the inventory records and shall be shown thereon. The inventory records shall show the authority upon which all entries therein are made. The Comptroller from time to time shall make a field audit of this record.

All material and supplies furnished by this stock account shall be billed for at the actual purchase price plus not to exceed eight per cent to cover transportation charges, breakage and loss. Material and supplies withdrawn by the Bureau of Electric Wiring and Repair Service Account for which said account is reimbursed on account of the twelve per cent added for incidental and overhead expense, shall be paid for by said service account.

Electrical Construction Capital Account.

The following employes for such period or periods during the fiscal year as may be necessary together with incidental expenses are to be paid out of an established fund known as "Electrical Construction Capital Account" for work in connection with repairs to City property or work of any nature done for private firms or corporations, or other departments of the City government and the Capital Account is to be reimbursed by warrants for collection for the amounts directly chargeable to such work, plus not to exceed ten per cent for incidental and overhead expenses:

Department of Gas and Electricity Stock Account.

The Department of Gas and Electricity Stock Account is established for the purpose of maintaining a stock of material and supplies used in the construction, operation and maintenance of the City's street lighting system, the "Stop and Go" traffic control signal system, and police and fire alarm telegraph system. All material and supplies shall be acquired and disbursed by this stock account as hereinafter set forth.

The quantity of material and supplies on hand to the credit of this stock account shall at no time be in excess of one year's requirements for the purposes above set forth.

No liability shall at any time be incurred in excess of the available cash balance of this stock account (as shown on the books of the City Comptroller).

Material and supplies shall be purchased only in accordance with a regularly approved requisition or contract as required by City ordinances.

The full amount of all contracts and requisitions shall be carried as an incumbrance against this stock account except the amount of the requisitions only shall be carried where such requi-

sitions are made against contracts calling for deliveries from time to time.

Material and supplies returned to stock shall be covered by a credit memorandum in favor of the account originally charged, which credit shall be deducted from the total of subsequent warrants for collections charged against said account.

Salvaged material and supplies shall be valuated by the Commissioner of Gas and Electricity and priced accordingly and when placed in stock shall be covered by warrant for collection crediting the proper fund and charging this stock account for the amount thereof.

No material and supplies may be withdrawn from the stores of this stock account except upon the receipt of a regularly approved order or requisition chargeable against established capital accounts, other suspense stock accounts, or appropriation accounts set up for the purpose of constructing, operating or maintaining the City's street lighting system, the "Stop and Go" traffic signal system, and the police and fire alarm telegraph system. All such orders for the withdrawal of stock shall be handled in such manner as may from time to time be specified by the City Comptroller.

This stock account shall be reimbursed by rendering warrants for collection within thirty days after the delivery of material and supplies, chargeable against accounts designated on the order or requisition covering such deliveries. All material and supplies shall be billed on such warrants for collection at the cost price, plus one per cent to cover cost of breakage and loss. Freight and demurrage, if any, shall be added to cost price.

All expense incidental to the operation of this stock account shall be paid out of appropriations otherwise made for the Department of Gas and Electricity, subject to the limitations of such appropriations, except for the purchase of material and supplies as herein outlined, and for the payment of freight and demurrage costs which shall be charged to this stock account.

There shall be maintained a perpetual form of inventory record showing all the stock received, stock delivered and the stock on hand at all times together with the cost thereof. All material received in stock and all material withdrawn from stock shall be entered on the inventory record. The inventory record shall show the authority upon which all entries therein are made.

All books of account, inventory and other records, shall be kept in such manner as may be prescribed by the City Comptroller and shall be audited periodically by said City Comptroller.

The Bureau of Electric Wiring and Repair Service Account is established for the purpose of furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street light-

ing, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Expenditures from this service account shall be made only upon receipt of requisitions approved by the City Comptroller from the head of the department for which services are to be rendered. Such requisitions shall be drawn against appropriations made for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred by this service account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisitions, issued in the same manner as was the original.

Warrants for collection shall be rendered within ten days after the end of the current payroll period in the amount of the direct expense actually incurred on each requisition plus not to exceed twelve per cent for incidental overhead expense. No work shall be done for any person, firm or corporation outside of the City government except upon deposit made with the City Comptroller of a sum of money sufficient to defray the cost of such work against which sum warrants for collection shall be issued upon completion of the work. The City Comptroller may waive this requirement in writing when he believes it is justified.

The following items of expenditures are authorized and are to be charged as incidental and overhead expense for which not to exceed twelve per cent of the direct expense actually incurred may be added as above mentioned:

The following employes are authorized to be employed as needed:

Supervisor of Electrical Mechanics	$5,700.00
Principal Storekeeper	2,840.00
Principal Clerk	2,720.00
Senior Clerk	2,360.00
Storekeeper	2,120.00
Junior Electrical Engineer	3,840.00

Compensation for use of personally-owned automobile by Supervisor of Electrical Mechanics and Junior Electrical Engineer at $90.00 per month.

Office supplies and stationery, minor equipment, tools and testing instruments and repairs to same.

The following employes as needed, for such period or periods during the fiscal year as may be necessary are authorized to be employed, for whom salary and wage expenditures are to be charged direct on warrants for collection covering the cost of work:

Foreman of Electrical Mechanics, 3 at $375.00 per month.

Electrical Mechanic, Subways, 2 at $340.00 per month.

Electrical Mechanics at $340.00 per month.

Auto trucks at established rates.

Compensation for use of personally-owned automobiles at $90.00 per month by 3 Foremen of Electrical Mechanics and 2 Electrical Mechanics, Subways.

No expenditures for any commodities other than those authorized for incidental and overhead expense shall be charged to this service account.

Bureau of Electric Wiring and Repair Suspense Stock Account.

The Bureau of Electric Wiring and Repair Suspense Stock Account is established for the purpose of maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Purchases of material and supplies for this stock account by contract or other authorized method shall be made in such quantities as may suit the needs of this stock account but in no case shall the quantity exceed one year's requirements, nor shall any liability be incurred in excess of the unencumbered balance of this account, nor for a commodity that will not be issued and billed for this stock account, except upon the approval of the City Comptroller. Material and supplies on hand may be withdrawn from stock for use as hereinafter provided only upon receipt of requisition approved by the City Comptroller from the head of the department for which work is to be done. Such requisition shall be drawn against appropriations made for such material and supplies in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred on account of material or supplies furnished by this stock account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisition issued in the same manner as the original. Warrants for collection shall be rendered in the amount of expense incurred for material and supplies on each requisition within a period not to exceed ten days after date of delivery of such material or supplies.

There shall be maintained a perpetual form of inventory records showing all the stock received, the stock delivered and the stock on hand at all times, together with the cost thereof. All material withdrawn from stock and delivered on account of requisition shall pass through the inventory records and shall be shown thereon. The inventory records shall show the authority upon which all entries therein are made. The City Comptroller from time to time shall make a physical check of the inventory.

All material and supplies furnished by this stock account shall be billed for at the actual purchase

In the Matter of the Revaluation of "Loop" Properties, Etc.

Aldermen Moran and Nelson presented the following resolution:

> WHEREAS, It appears from statements in the public press that the taxable values for the year 1928 for the City of Chicago have been reduced $465,000,000 as compared with 1927, and that the South Town, which embraces the "Loop" area, has been the beneficiary in this reduction of at least $300,000,000, notwithstanding the fact that millions of dollars worth of improvements were built during the year 1927; and
>
> WHEREAS, The Chairman of the State Tax Commission has publicly stated that where there are inequalities it is within the power of the Board of Assessors and Board of Review to make adjustments which in their judgment may be deemed fair and equitable; and
>
> WHEREAS, It appears that the Board of Review and the Board of Assessors in the exercise of their power may equitably add to the value so reduced of the properties located in the "Loop" and other large properties; and
>
> WHEREAS, By reason of the fact that such decrease of "Loop" property values has reduced and in some instances deprived the City of Chicago, the School system and other governmental agencies of revenue which is necessary for the proper functioning of these various agencies of the government; and
>
> WHEREAS, Such reassessment should be so changed as to give to the Citizens of Chicago a proper basis of valuation of said "Loop" and other large properties in order that outlying residential property may be taxed on a fair and equitable basis; therefore, be it
>
> *Resolved,* That the City Council of the City of Chicago hereby calls upon the Board of Assessors and the Board of Review to embrace in their revaluation such values so reduced upon "Loop" and other large properties, so that the same will bring into the treasuries of these various governmental agencies sufficient funds to carry on the purposes of the government; be it further
>
> *Resolved,* That a copy of this resolution be forwarded to the State Tax Commission, the Board of Review and the Board of Assessors.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That subject to the limitations and conditions hereinafter expressed, consent, permission, and authority are hereby granted to the Chicago City Railway Company, its successors and assigns, and its receivers, to establish motor-bus lines on the following streets in the City of Chicago:

On South Western avenue between West 74th street and West 119th street;

On West 103rd street between South Kedzie avenue and Vincennes avenue;

On West 95th street between South Western avenue and Vincennes avenue;

On West 87th street between South Western avenue and Vincennes avenue;

as extensions of and auxiliary and supplementary to the existing system of street railways of the said Chicago City Railway Company; and to maintain and operate said motor-bus lines together with such terminals as may be necessary or appropriate in connection therewith as a part of said street railway system.

And it is hereby declared as an express term, condition, and limitation of the consent, permission, and authority hereby granted that the said auxiliary and supplementary motor-bus lines shall be installed and operated only as extensions and parts of said street railways system and subject to all of the terms, conditions, and limitations, including provisions relating to transfers and compensation to the City, of that certain ordinance passed by the City Council of the City of Chicago on February 11, 1907, entitled, "An ordinance authorizing the Chicago City Railway Company to construct, maintain, and operate a system of street railways in streets and public ways of the City of Chicago", and all ordinances amendatory thereof and supplementary thereto, including that certain ordinance passed by the City Council of the City of Chicago on November 13, 1913, entitled, "An ordinance authorizing unified operation of the surface street railways in the City of Chicago", and all ordinances amendatory thereof and supplementary thereto. The rights and permission hereby granted shall be effective only as long as the ordinances above referred to shall be continued in force and effect.

SECTION 2. All the powers and privileges conferred herein upon said Chicago City Railway Company are conferred upon the express condition that no new power or privilege to operate any form of transportation vehicle, street car, motor coach or other devices in the City of Chicago shall be conferred and that particularly this ordinance shall not operate as an extension or a renewal of or as an addition to the ordinances granting a franchise to Chicago City Railway Company to operate a street railway in the City of Chicago passed February 11, 1907, nor to an ordinance granting a franchise to Chicago Railways Company to operate a street railway in the City of Chicago passed February 11, 1907, nor to an ordinance granting a franchise to Calumet and South Chicago Railway Company to operate a street railway in the City of Chicago passed March 30, 1908, nor to any franchise, privilege or grant to any of the said companies which has already by its terms expired. The City of Chicago shall never, by anything herein contained, become estopped nor prevented from asserting the expirations of any franchises, grants or privileges conferred upon any of the said companies which have already expired; and the City of Chicago does not by anything contained in this ordinance recognize any supposed existing, prior or continuing rights of said companies to operate any form of transportation vehicles nor to have their tracks, poles, trolley wires, feed wires and all necessary accoutrements thereto in or upon the streets or alleys of the City of Chicago by virtue of any franchises or contract rights which by their terms have expired, and the privileges herein granted are solely by the sufferance of the City of Chicago and are not in any manner to be construed now or at any time in the future as vested rights; nor shall this ordinance be construed as any recognition of any claimed right on the part of the Chicago Railways Company and/or the other street railway companies herein mentioned to the use or occupancy of the streets of the City of Chicago. Nothing, however, in this section shall be construed as annulling the rights expressly granted by this ordinance to use the streets designated for motor buses under its express terms and conditions.

SECTION 3. That an ordinance passed by the City Council, December 30, 1929, pages 1791 and 1792 of the Journal of the Proceedings of said date, granting consent, permission and authority to the Chicago Railways Company to establish motor-bus lines on said streets, be and the same is hereby repealed.

SECTION 4. That this ordinance shall be in full force and effect from and after its passage.

RECESS.

Alderman Clark moved that the lawyer members of the City Council, namely, Aldermen Guernsey, Eaton, Albert, Crowe, Massen, Arvey, Nelson, Anderson, Cronson and Konkowski, be constituted a special committee to confer immediately with James W. Breen, First Assistant Corporation Counsel, and with a representative of the City Clerk's office in the person of Edward J. Padden, Chief Clerk, acting unofficially as Parliamentarian of the City Council, on the question as to whether the City Council should adjourn the meeting *sine die* or again recess.

Subsequently, Alderman Guernsey reported that a conference had been held as directed, and that it was the sense of the conferees that a recess should be taken instead of an adjournment.

Thereupon, at 11:59 o'clock P. M. on Monday, January 13, 1930, Alderman Guernsey moved that the City Council do now take a recess until 10:00 o'clock A. M. on Saturday, January 18, 1930.

The motion prevailed, and the City Council stood recessed, to meet in recessed session on Saturday, January 18, 1930, at 10:00 o'clock A. M.

Absent—Aldermen McDonough and Maypole.

MAYOR.

Veto.

An Ordinance (Passed January 13, 1930) Amending the Annual Appropriation Bill of the City of Chicago for the Year 1930.

Honorable William Hale Thompson, Mayor, submitted the following veto message:

OFFICE OF THE MAYOR,
CHICAGO, January 18, 1930.

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—In my message of January 8, 1930, to your Honorable Body I made my position clear. I stood for the protection of the property, health and lives of our people. I did not believe your budget for 1930 made provisions adequate for such protection. For that reason I vetoed sections of the budget appropriating money for health, fire and police protection, and for street lighting, street cleaning and garbage removal, being convinced that the amounts you had appropriated for such essentials were insufficient. Those amounts marked big reductions from the 1929 budget. Those proposed reduced appropriations meant a material reduction in the man power of the police, fire, health and other municipal activities. An attempt was made to pass the vetoed portions of the budget over the Mayor's veto, which attempt failed. To your Honorable Body were read many communications from department heads, civic bodies and individuals protesting against any reduction in the policemen, firemen, health protection, street cleaning, street lighting and garbage removal below the 1929 budget.

The City Council last Monday, instead of making adequate provisions for these vital departments as in 1929, passed new budget sections with inconsequential increases, leaving the new total practically as it was before—some $4,000,000.00 below the 1929 budget.

In other words, your budget, in respect to the cuts in health, fire, police, street lighting and street cleaning activities, stands substantially as it was before the Mayor's veto message of January 8th, despite the warning from the Mayor and the protests from the people.

For my part, my position is the same as it was on January 8th, the same as it has been through all the years I have served as Mayor: I stand for the protection of the health and homes of our people. That was the position of the City Council in 1929—that was the City Council's position before the lines set for the political campaign of 1930.

If a six hundred thousand dollar cut in the Health Department reduces the employes, curtails milk and food inspection, and the activity of the doctors and nurses in coping with contagious diseases; if a million dollar cut in the appropriation for street and alley cleaning results in a condition where garbage will be piled in the alleys and the streets will be dirty; if a million and a half dollar cut in the police department retards the efficiency of the police force, so that crime cannot be reduced; if a cut of four hundred seventy thousand dollars in the fire department endangers the lives and property of our people, if a million dollar cut in the department of electricity will make necessary the abandoning of many lights now in operation, we shall be judged in accordance with the records we have made. The Mayor by his several vetoes and the Aldermen by their votes on roll call make their respective records as elected officials.

Aldermen opposing the Mayor's position talk about the estimated revenue of the City in 1930. None of those Aldermen and none of their reform advisers know what the City's revenue will be in 1930, nor do they know when the "reform reassessment" will be completed. There are few Aldermen who would go even so far as to guess. The meddling reformers have thrown us into a situation that is beyond the realm of ordinary conjecture. The City Council by unanimous vote at last Monday's meeting passed the Moran-Nelson resolution calling on the Board of Assessors and the Board of Review to put back on the Loop the $300,000,000.00 reduction which the reassessment reformers have made. Does the Council hold its influence so lightly as not to believe that this request will bring results?

So, why talk of estimated revenues? The same estimators quit long ago, and the guessers are quitting also. Never in the history of an American municipality has there been anything like the maze and muddle which these reassessment reformers have created.

With predictions, even good guesses, impossible, it is the plain duty of the City Council under the law to appropriate for the legitimate needs of City government. The Supreme Court of this state has so decided. In City of Cairo v. Campbell, 116 Illinois 305, at page 309, the Court said:

" * * * section 2, article 7, of the same chapter, directs that 'the city council of cities and the board of trustees in villages, shall, within the first quarter of each fiscal year, pass an ordinance, to be termed the annual appropriation bill, in which such corporate authorities may appropriate such sum or sums of money as may be deemed necessary to defray all necessary expenses and liabilities of such corporation, and in such ordinance shall specify the objects and purposes for which such appropriations are made, and the amount appropriated for each object or purpose. No further appropriation shall be made at any other time within such fiscal year, unless', etc.

"Inasmuch as the enforcement of the legal rights of the plaintiff in this judgment depended upon the exercise of the duty thus imposed on the council, the words, 'may appropriate', should be read, 'shall or must appropriate', etc."

For my part, I shall follow the law as defined by the Supreme Court.

Last week the Corporation Counsel of the City of Chicago rendered to Chairman John S. Clark of the Finance Committee an opinion which was read to the City Council Friday, January 10th. This opinion of our Corporation Counsel holds that such portions of the 1930 Budget as I had not vetoed became effective and a law.

The Corporation Counsel is the sole legal adviser of the Aldermen and the Mayor, and it is our duty to be guided by the law as the Corporation Counsel interprets it, just as the Governor of Illinois is guided by the legal advice of the Attorney General. Advice from the Corporation Counsel is legal advice, sound and safe advice. Corporation Counsel Ettelson, let me recall to the Council, has rendered many thousands of opinions in the ten years he has served in this office, and in only one instance, so far as I am informed, has an opinion given by Corporation Counsel Ettelson been reversed by the Illinois Supreme Court, that single reversal being by a four to three vote, on a question of parliamentary law.

So far as I know there is no written legal opinion in existence giving advice contrary to the opinion Mr. Ettelson gave the City Council. However, Aldermen on the floor of the City Council have talked about verbal opinions received from outside attorneys, who, I believe, have been closely allied with Loop interests and tax reformers. Evidently influenced by this unethical, outside alleged verbal advice, the City Council has sought to amend the unvetoed portions of the budget and transfer an aggregate of $270,000.00 to the police, fire, health and other departments. These transferred amounts, as I have pointed out, would help these departments but little, even if they could be taken legally at this time out of other budget sections which have become a law.

The fact that outside lawyers have attempted to usurp the powers of the Corporation Counsel is not surprising to me. But I am amazed that a majority of the Aldermen showed a disposition to follow these alleged opinions from the outside, particularly as they come from lawyers who have supported the "reform reassessment" which has reduced the tax assessments of the rich in the Loop to the extent of over $300,000,000.00.

One would think that the chaos which this reassessment of the reformers has caused would constitute a lasting warning to duly elected public officials to guard against any new usurpations attempted.

I repeat that reform reassessment is the cause of the present grave revenue crisis which has crippled all the municipalities in Cook County.

That reassessment was ordered by an appointive state board, in response to the clamor of the reformers.

The actual reassessment work was done by "reformers" and appraisers close to the Loop interests. A university official was one of the tax "reformers" —George Fairweather, one of the business managers of the University of Chicago and an executive of the Loop Building Managers' Association. Alderman Oscar F. Nelson has told the City Council and the Chicago Federation of Labor much about Mr. Fairweather, who, I am convinced, does not represent the ideas and ideals of the university. This official of the University of Chicago, one of the largest owners of Loop property; J. L. Jacobs, a "reform" efficiency expert, and Harry G. Cutmore, formerly of the Manufacturers' Appraisal Company, with headquarters in Philadelphia, were the leaders in mobilizing the staff of expert appraisers. A considerable number of them were employes of the Philadelphia Company and are not residents of Cook County. To give them semblance of legal authority the Board of Assessors made these men deputy assessors, and these deputy assessors did the work.

Technically, the new assessments are the figures of the Cook County Board of Assessors; actually, the new figures placed against the hundreds of thousands of lots, buildings and acreages in Cook County were fixed by this Loop-Philadelphia-University crowd. A majority of the Board of Assessors seemed to have been terrorized by the intimidations of the "reformers" and the Loop's newspaper organs. The Board of Assessors, legally elected by the people, became simply a rubber stamp for this body of nonresident appraisers, Loop executives and local "reformers". It is another case of "the voice of Jacob, but the hands of Esau".

You Aldermen, who now appear to be countenancing another attempt to usurp the powers of legally constituted officials, know what happened:

The one section of the county materially benefited by the reassessment is the Loop, benefited to the extent of a reduction of over $300,000,000.00

The municipalities of Cook County have been deprived of tax revenues for twenty months, and the Board of Review chapter of the reassessment has hardly started.

Deprived of tax revenues, the municipalities of the county had to borrow money on which they now are paying interest at the rate of $45,000.00 a day; and as the reassessment is far from completed, they must borrow many millions more if they are to continue to function in the interests of the people.

The huge sum which was lifted off the Loop was crushed down upon the bungalows and small stores in outlying districts.

In the Town of Calumet alone (including Beverly Hills, Morgan Park and Roseland) 25,000 complaints against the doubling and trebling of assessments will be filed with the Board of Review through the Calumet Township Citizens Association. This is typical of the protests of other outlying districts.

Now that the big storm is breaking, the assessment "reformers" are trying to get out from under. Those who are responsible for the present and increasing chaos are attempting to shift the blame. They have lied so often and so successfully through their Loop publicity organs that they evidently believe they can deceive the people again, as they did when a pretext for the necessity for a reassessment was based on the statement that the Loop was not paying its fair share of the tax burdens of this community.

In view of the pitiable spectacle presented by the majority of the Board of Assessors and the grave harm to our people which followed the abdication of the Board of Assessors, I warn the Council against becoming rubber stamps for the Loop "reformers" and their publicity organs. The Aldermen know that the City, relatively, is in a better financial condition than any other local government.

What is the truth about the present budget situation?

The City's 1929 budget was generally commended and as far as I know not criticised in any important particular. It was pronounced an economical, well-balanced and scientific budget.

The City's 1930 budget marked reductions even from the budget of 1929. Because of the financial crisis the Finance Committee and department heads tried to make every possible reduction without crippling public service. In the case of the health, fire, police, street and lighting appropriations you went too far, in my opinion, in your efforts to extricate the City from its revenue difficulties.

In vetoing those sections of the budget I exposed the real cause of the crisis in all Cook County taxing bodies. Those truths evidently struck home. Hence, the mad scramble of the Loop "reformers" and their publicity organs to get out from under. So they started to unload. The expose in the Mayor's message of January 8th started the big scramble. So began with new violence the false propaganda that the City Government, in this "Council governed City", was to blame.

Orders, demands and suggestions came from the high places in the Loop, orally given and editorially expressed, to this City Council. These same forces which had usurped tax authority and favored the Loop skyscrapers at the expense of the outlying bungalows, told this City Council what to do, and gave Aldermen their orders.

A majority of this City Council evidently has started to carry out these orders of the invisible government, unmindful of the terrible example of the Board of Assessors. In my opinion, since the Mayor's veto message, a majority of the City Council have not been following their own convictions, as exemplified by their votes on the 1929 budget and their votes on the 1930 budget and especially their subsequent votes on the 1930 budget cast contrary to law. Your change in front I believe will be construed as showing that you are allying yourselves with those who are responsible for the "reform reassessment".

Neither the Mayor nor the Aldermen had any more to do with that "reform reassessment", with its resultant evils, than with the war in China.

In this period the lines of public service and political safety more than ever lie in strict adherence to constituted legal authority, and there is grave peril in abdicating any rights or powers to "reformers" who flee and leave the duly elected officials to hold the bag if their "reforms" prove unpopular.

A total of $270,000.00 you voted to cut out of the budget which the City Council adopted early this month. It is now beyond the legal power of the Aldermen to cut out this $270,000.00. Some Aldermen have referred to the departments, from which they now would cut $270,000.00, as "non-essential departments". I know of no such departments or bureaus in the City. However, I am glad indeed to hear of your belief that this amount can be saved. If it can be saved without serious sacrifice to public service, it will be saved, and I will instruct the heads of these departments and bureaus accordingly. All other possible amounts will be saved in line with the established policy of this administration which every year has saved an amount much greater than $270,000.00 from amounts appropriated, thus enabling the City to start the new year with a substantial salvage from the budget. I will exert my efforts to make the salvage at the end of 1930 as great as possible.

However, I will be no party to any reduction in the number of policemen and firemen on the force. The public knows that we need all the policemen and firemen we now have—and more.

I will be no party to reducing the Health Department force. The milk of the babies and the food on the family table must be protected. In this hour when the Health Commissioner informs us that there is more diphtheria in Chicago than at any time since 1900 and more scarlet fever than at any time since 1907, I stand against crippling the health department as your proposed budget does.

I will be no party to reducing the street department force. Our streets and alleys must be kept clean.

I will be no party to reducing the force in the electric light department. Our streets must be properly lighted for the convenience and safety of our people.

The "reassessment reformers" have taken over the task of assessing and levying taxes for the activities of local governments. We have nothing to do with levying or collecting taxes. Our duty is to appropriate as the law prescribes for the essential needs of municipal government. Let us do our part, our full part.

In the crisis that the reformers have brought upon us, it is the solemn duty of the Mayor and Aldermen of the City of Chicago, the chosen representatives of the people, to stand together, shoulder to shoulder, and solve our problems in the best way we can. As Mayor, I hold out to you, Aldermen, the hand of cooperation, and welcome you to unite with me in the common cause against a common foe.

The Moran-Nelson resolution, unanimously adopted by the City Council, asserts that the Board of Review and the Board of Assessors have not up to this time lost jurisdiction of the 1928 assessment; and that it is within the power of the Board of Assessors and the Board of Review, at this very time, to restore the three hundred million dollars valuations deducted from the Loop district by the Cutmore reassessment.

I respectfully suggest that the City Council follow up the Moran-Nelson resolution by an invitation to the Board of Assessors and to the Board of Review to meet with the City Council and the officers of the other local governing bodies in Cook County for the purpose of ascertaining whether the Board of Assessors and the Board of Review can and will restore the reductions given the Loop district in the 1928 valuations.

Further, in the event of failure on the part of the Board of Assessors and the Board of Review to restore the 1927 valuations to the Loop district, thereby putting back the three hundred million dollar valuations which have been taken off, then it is respectfully suggested that this City Council invite the representatives of the other local governments such as the County of Cook, the Park Boards, the Sanitary District, the Board of Education, the Public Library, the Municipal Tuberculosis Sanitarium and others throughout the county, to meet with the City Council and arrange to send representatives to his Excellency, Governor Louis L. Emmerson, with instructions to lay before the Governor the facts as to how the Cutmore reassessment valuations in the Loop, in contrast with the increases in other sections of the City and County, affect service to the public by local governing bodies throughout Cook County.

For the foregoing and other reasons and in pursuance of the authority vested in me by law, I hereby veto and return without my approval the following items in a certain appropriation ordinance passed by your Honorable Body on Monday, the 13th day of January, 1930 at the recessed session of the regular meeting of the City Council of January 8th, 1930, purporting to amend "An Ordinance entitled 'The Annual Appropriation Bill of the City of Chicago for the year 1930' ", passed by the City Council January 3, 1930, appearing in the Printed Journal of the Proceedings of the City Council of January 3, 1930, pages 1819 to 1908; and which said appropriation ordinance so purporting to amend said Annual Appropriation Bill was deposited in the office of the City Clerk of the City of Chicago on January 13, 1930:

Department of Gas and Electricity Stock Account.

The Department of Gas and Electricity Stock Account is established for the purpose of maintaining a stock of material and supplies used in the construction, operation and maintenance of the City's street lighting system, the "Stop and Go" traffic control signal system, and police and fire alarm telegraph system. All material and supplies shall be acquired and disbursed by this stock account as hereinafter set forth.

The quantity of material and supplies on hand to the credit of this stock account shall at no time be in excess of one year's requirements for the purposes above set forth.

No liability shall at any time be incurred in excess of the available cash balance of this stock account (as shown on the books of the City Comptroller).

Material and supplies shall be purchased only in accordance with a regularly approved requisition or contract as required by City ordinances.

The full amount of all contracts and requisitions shall be carried as an incumbrance against this stock account except the amount of the requisitions only shall be carried where such requisitions are made against contracts calling for deliveries from time to time.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Department of Gas and Electricity Stock Account—Continued.

Material and supplies returned to stock shall be covered by a credit memorandum in favor of the account originally charged, which credit shall be deducted from the total of subsequent warrants for collections charged against said account.

Salvaged material and supplies shall be valuated by the Commissioner of Gas and Electricity and priced accordingly and when placed in stock shall be covered by warrant for collection crediting the proper fund and charging this stock account for the amount thereof.

No material and supplies may be withdrawn from the stores of this stock account except upon the receipt of a regularly approved order or requisition chargeable against established capital accounts, other suspense stock accounts, or appropriation accounts set up for the purpose of constructing, operating or maintaining the City's street lighting system, the "Stop and Go" traffic signal system, and the police and fire alarm telegraph system. All such orders for the withdrawal of stock shall be handled in such manner as may from time to time be specified by the City Comptroller.

This stock account shall be reimbursed by rendering warrants for collection within thirty days after the delivery of material and supplies, chargeable against accounts designated on the order or requisition covering such deliveries. All material and supplies shall be billed on such warrants for collection at the cost price, plus one per cent to cover cost of breakage and loss. Freight and demurrage, if any, shall be added to cost price.

All expense incidental to the operation of this stock account shall be paid out of appropriations otherwise made for the Department of Gas and Electricity, subject to the limitations of such appropriations, except for the purchase of material and supplies as herein outlined, and for the payment of freight and demurrage costs which shall be charged to this stock account.

There shall be maintained a perpetual form of inventory record showing all the stock received, stock delivered and the stock on hand at all times together with the cost thereof. All material received in stock and all material withdrawn from stock shall be entered on the inventory record. The inventory record shall show the authority upon which all entries therein are made.

All books of account, inventory and other records, shall be kept in such manner as may be prescribed by the City Comptroller and shall be audited periodically by said City Comptroller.

Bureau of Electric Wiring and Repair Service Account.

The Bureau of Electric Wiring and Repair Service Account is established for the purpose of furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account—Continued.

Expenditures from this service account shall be made only upon receipt of requisitions approved by the City Comptroller from the head of the department for which services are to be rendered. Such requisitions shall be drawn against appropriations made for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred by this service account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisitions, issued in the same manner as was the original.

Warrants for collection shall be rendered within ten days after the end of the current payroll period in the amount of the direct expense actually incurred on each requisition plus not to exceed twelve per cent for incidental overhead expense. No work shall be done for any person, firm or corporation outside of the City government except upon deposit made with the City Comptroller of a sum of money sufficient to defray the cost of such work against which sum warrants for collection shall be issued upon completion of the work. The City Comptroller may waive this requirement in writing when he believes it is justified.

The following items of expenditures are authorized and are to be charged as incidental and overhead expense for which not to exceed twelve per cent of the direct expense actually incurred may be added as above mentioned:

The following employes are authorized to be employed as needed:

Supervisor of Electrical Mechanics	$5,700.00
Principal Storekeeper	2,840.00
Principal Clerk	2,720.00
Senior Clerk	2,360.00
Storekeeper	2,120.00
Junior Electrical Engineer	3,840.00

Compensation for use of personally-owned automobile by Supervisor of Electrical Mechanics and Junior Electrical Engineer at $90.00 per month.

Office supplies and stationery, minor equipment, tools and testing instruments and repairs to same.

The following employes as needed, for such period or periods during the fiscal year as may be necessary are authorized to be employed, for whom salary and wage expenditures are to be charged direct on warrants for collection covering the cost of work:

Foreman of Electrical Mechanics, 3 at $375.00 per month.

Electrical Mechanic, Subways, 2 at $340.00 per month.

Electrical Mechanics at $340.00 per month.

Electrical Mechanics when assigned to supervision, at $1.875 per hour.

Electrical Mechanics at $13.60 per day.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account—Continued.

Compensation for use of personally-owned automobiles at $90.00 per month by 3 Foremen of Electrical Mechanics and 2 Electrical Mechanics, Subways.

No expenditures for any commodities other than those authorized for incidental and overhead expense shall be charged to this service account.

Bureau of Electric Wiring and Repair Suspense Stock Account.

The Bureau of Electric Wiring and Repair Suspense Stock Account is established for the purpose of maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, Police and Fire Alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Purchases of material and supplies for this stock account by contract or other authorized method shall be made in such quantities as may suit the needs of this stock account but in no case shall the quantity exceed one year's requirements, nor shall any liability be incurred in excess of the unencumbered balance of this account, nor for a commodity that will not be issued and billed for this stock account, except upon the approval of the City Comptroller. Material and supplies on hand may be withdrawn from stock for use as hereinafter provided only upon receipt of requisition approved by the City Comptroller from the head of the department for which work is to be done. Such requisition shall be drawn against appropriations made for such material and supplies in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred on account of material or supplies furnished by this stock account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisition issued in the same manner as the original. Warrants for collection shall be rendered in the amount of expense incurred for material and supplies on each requisition within a period not to exceed ten days after date of delivery of such material or supplies.

There shall be maintained a perpetual form of inventory records showing all the stock received, the stock delivered and the stock on hand at all times, together with the cost thereof. All material withdrawn from stock and delivered on account of requisition shall pass through the inventory records and shall be shown thereon. The inventory records shall show the authority upon which all entries therein are made. The City Comptroller from time to time shall make a physical check of the inventory.

All material and supplies furnished by this stock account shall be billed for at the actual purchase price plus not to exceed eight per cent to cover

Department of Gas and Electricity Stock Account.

The Department of Gas and Electricity Stock Account is established for the purpose of maintaining a stock of material and supplies used in the construction, operation and maintenance of the City's street lighting system, the "Stop and Go" traffic control signal system, and police and fire alarm telegraph system. All materials and supplies shall be acquired and disbursed by this stock account as hereinafter set forth.

The quantity of material and supplies on hand to the credit of this stock account shall at no time be in excess of one year's requirements for the purposes set forth.

No liability shall at any time be incurred in excess of the available cash balance of this stock account (as shown on the books of the City Comptroller).

Material and supplies shall be purchased only in accordance with a regularly approved requisition or contract as required by City ordinances.

The full amount of all contracts and requisitions shall be carried as an incumbrance against this stock account except the amount of the requisitions only shall be carried where such requisitions are made against contracts calling for deliveries from time to time.

Material and supplies returned to stock shall be covered by a credit memorandum in favor of the account originally charged, which credit shall be deducted from the total of subsequent warrants for collections charged against said account.

Salvaged material and supplies shall be valuated by the Commissioner of Gas and Electricity and priced accordingly and when placed in stock shall be covered by warrant for collection crediting the proper fund and charging this stock account for the amount thereof.

No material and supplies may be withdrawn from the stores of this stock account except upon the receipt of a regularly approved order or requisition chargeable against established capital accounts, other suspense stock accounts, or appropriation accounts set up for the purpose of constructing, operating or maintaining the City's street lighting system, the "Stop and Go" traffic signal system, and the police and fire alarm telegraph system. All such orders for the withdrawal of stock shall be handled in such manner as may from time to time be specified by the City Comptroller.

This stock account shall be reimbursed by rendering warrants for collection within thirty days after the delivery of material and supplies, chargeable against accounts designated on the order or requisition covering such deliveries. All material and supplies shall be billed on such warrants for collection at the cost price, plus one per cent to cover cost of breakage and loss. Freight and demurrage, if any, shall be added to cost price.

All expense incidental to the operation of this stock account shall be paid out of appropriations otherwise made for the Department of Gas and Electricity, subject to the limitations of such appro-

priations, except for the purchase of material and supplies as herein outlined, and for the payment of freight and demurrage costs which shall be charged to this stock account.

There shall be maintained a perpetual form of inventory record showing all the stock received, stock delivered and the stock on hand at all times together with the cost thereof. All material received in stock and all materials withdrawn from stock shall be entered on the inventory record. The inventory record shall show the authority upon which all entries therein are made.

All books of account, inventory and other records, shall be kept in such manner as may be prescribed by the City Comptroller and shall be audited periodically by said City Comptroller.

Bureau of Electric Wiring and Repair Service Account.

The Bureau of Electric Wiring and Repair Service Account is established for the purpose of furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Expenditures from this service account shall be made only upon receipt of requisitions approved by the City Comptroller from the head of the department for which services are to be rendered. Such requisitions shall be drawn against appropriations made for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred by this service account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisitions, issued in the same manner as was the original.

Warrants for collection shall be rendered within ten days after the end of the current payroll period in the amount of the direct expense actually incurred on each requisition plus not to exceed twelve per cent for incidental overhead expense. No work shall be done for any person, firm or corporation outside of the City government except upon deposit made with the City Comptroller of a sum of money sufficient to defray the cost of such work against which sum warrants for collection shall be issued upon completion of the work. The City Comptroller may waive this requirement in writing when he believes it is justified.

The following items of expenditures are authorized and are to be charged as incidental and overhead expense for which not to exceed twelve per cent of the direct expense actually incurred may be added as above mentioned:

The following employes are authorized to be employed as needed:

Supervisor of Electrical Mechanics......	$5,700.00
Principal Storekeeper	2,840.00

Laborers at $5.65 per day and $7.20 per day.

Auto Trucks at established rates.

Compensation for use of personally-owned automobiles at $90.00 per month by 3 Foremen of Electrical Mechanics and 2 Electrical Mechanics, Subways.

No expenditures for any commodities other than those authorized for incidental and overhead expense shall be charged to this service account.

Bureau of Electric Wiring and Repair Suspense Stock Account.

The Bureau of Electric Wiring and Repair Suspense Stock Account is established for the purpose of maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, Police and Fire Alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Purchases of material and supplies for this stock account by contract or other authorized method shall be made in such quantities as may suit the needs of this stock account but in no case shall the quantity exceed one year's requirements, nor shall any liability be incurred in excess of the unencumbered balance of this account, nor for a commodity that will not be issued and billed for this stock account, except upon the approval of the City Comptroller. Material and supplies on hand may be withdrawn from stock for use as hereinafter provided only upon receipt of requisition approved by the City Comptroller from the head of the department for which work is to be done. Such requisition shall be drawn against appropriations made for such material and supplies in which

there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred on account of material or supplies furnished by this stock account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisition issued in the same manner as the original. Warrants for collection shall be rendered in the amount of expense incurred for material and supplies on each requisition within a period not to exceed ten days after date of delivery of such material or supplies.

There shall be maintained a perpetual form of inventory records showing all the stock received, the stock delivered and the stock on hand at all times, together with the cost thereof. All material withdrawn from stock and delivered on account of requisition shall pass through the inventory records and shall be shown thereon. The inventory records shall show the authority upon which all entries therein are made. The City Comptroller from time to time shall make a physical check of the inventory.

All material and supplies furnished by this stock account shall be billed for at the actual purchase price plus not to exceed eight per cent to cover transportation charges, breakage and loss. Material and supplies withdrawn by the Bureau of Electric Wiring and Repair Service Account for which said account is reimbursed on account of the twelve per cent added for incidental and overhead expense, shall be paid for by said service account.

Electrical Construction Capital Account.

The following employes for such period or periods during the fiscal year as may be necessary together with incidental expenses are to be paid out of an established fund known as "Electrical Construction Capital Account" for work in connection with repairs to City property or work of any nature done for private firms or corporations, or other departments of the City government and the Capital Account is to be reimbursed by warrants for collection for the amounts directly chargeable to such work, plus not to exceed ten per cent for incidental and overhead expenses:

In lieu of the above vetoed items, I submit the following items and recommend their adoption by the City Council under Account 8-A-10:

"Chairman, 1 at $7,000.00 per annum ....$	7,000.00
Members, 4 at $5,000.00 per annum	20,000.00"

Yours very truly,

(Signed) Wm. Hale Thompson,
Mayor.

Recess.

Thereupon, at 12:10 o'clock P. M., on Saturday, January 18, 1930, Alderman Clark moved that the City Council do now take a recess until 4:00 o'clock P. M.

The motion prevailed.

Reassembling of the City Council After Recess.

At 4:00 o'clock P. M. on Saturday, January 18, 1930, the City Council reassembled, with Honorable William Hale Thompson, Mayor, in the Chair.

The Clerk called the roll of members, and there was found to be

Present—Aldermen Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Kaindl, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen and Mellin.

Absent—Alderman Toman.

On motion of Alderman Cepak, it was ordered that the Journal of the Proceedings show that the absence of Alderman Toman was due to his attendance at a funeral.

Alderman Nelson moved to reconsider the vote by which the City Council passed those items of appropriation contained in the amendatory ordinance passed January 13, 1930, affecting the Department of Police, the Fire Department, the Department of Health, the Department of Gas and Electricity and the Bureau of Streets, which were vetoed by the Mayor.

The motion prevailed.

Alderman Clark moved to reconsider the vote by which the City Council passed all the other items of appropriation contained in the amendatory ordinance passed January 13, 1930, which were vetoed by the Mayor.

The motion prevailed.

Alderman Clark thereupon moved to pass all items of appropriation contained in said amendatory ordinance passed January 13, 1930, which were vetoed by the Mayor, the veto of the Mayor to the contrary notwithstanding.

The question being put, the vote thereon was as follows:

Yeas—Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, McDonough, Byrne, Moran, Morris, Northrup, D. A. Horan, Cepak, Arvey, J. B. Bowler, Maypole, A. J. Horan, Clark, Smith, Kaindl, Seif, Landmesser, Ross, T. J. Bowler, Crowe, Albert, Loescher, Massen, Mellin—30.

Nays—Coughlin, Anderson, Jackson, Cronson, Zintak, O'Toole, Coyle, Pacelli, Sloan, Konkowski, Rozczynialski, Nusser, Taylor, Ringa, Feigenbutz, Nelson, Hoellen—17.

The Chair declared the motion lost, by reason of the fact that it did not receive the affirmative votes of two-thirds of all the members elected to the City Council.

Alderman Nelson moved to concur in the recommendations contained in the veto message of the Mayor for alterations or changes in vetoed items.

The motion was lost, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Zintak, Coyle, Pacelli, Sloan, Konkowski, Rozczynialski, Nusser, Taylor, Ringa, Feigenbutz, Nelson, Hoellen—16.

Nays—Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, McDonough, O'Toole, Byrne, Moran, Morris, Northrup, D. A. Horan, Cepak, Arvey, J. B. Bowler, Maypole, A. J. Horan, Clark, Smith, Kaindl, Seif, Landmesser, Ross, T. J. Bowler, Crowe, Albert, Loescher, Massen, Mellin—31.

Amendment of the Annual Appropriation Bill of the City of Chicago for the Year 1930 (Department of Police, Fire Department, Department of Gas and Electricity, Department of Health and Bureau of Streets; Etc.

By unanimous consent, Alderman Clark thereupon presented an ordinance amending the annual appropriation ordinance passed January 3, 1930, to provide appropriations for the Department of Police, the Fire Department, the Department of Gas and Electricity, the Department of Health and the Bureau of Streets, etc.

Unanimous consent was given to permit action on said ordinance without reference thereof to a committee.

Alderman Clark moved to pass said ordinance.

The motion prevailed, by yeas and nays as follows:

Yeas—Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, McDonough, O'Toole, Byrne, Moran, Morris, Northrup, D. A. Horan, Cepak, Arvey, J. B. Bowler, Maypole, A. J. Horan, Clark, Smith, Kaindl, Seif, Landmesser, Ross, T. J. Bowler, Crowe, Albert, Loescher, Massen, Mellin—31.

Nays—Coughlin, Anderson, Jackson, Cronson, Zintak, Coyle, Pacelli, Sloan, Konkowski, Rozczynialski, Nusser, Taylor, Ringa, Feigenbutz, Nelson, Hoellen—16.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That an ordinance entitled "The Annual Appropriation Bill of the City of Chicago for the year 1930", making appropriations from funds of the City of Chicago for the fiscal year beginning January 1, 1930, and ending December 31, 1930, passed by the City Council on January 3, 1930, and appearing in the Journal of the Proceedings of the City Council—pages 1819 to 1908—be and the same is hereby amended as follows:

Department of Gas and Electricity Stock Account.

The Department of Gas and Electricity Stock Account is established for the purpose of maintaining a stock of material and supplies used in the construction, operation and maintenance of the City's street lighting system, the "Stop and Go" traffic control signal system, and police and fire alarm telegraph system. All material and supplies shall be acquired and disbursed by this stock account as hereinafter set forth.

The quantity of material and supplies on hand to the credit of this stock account shall at no time be in excess of one year's requirements for the purposes above set forth.

No liability shall at any time be incurred in excess of the available cash balance of this stock account (as shown on the books of the City Comptroller).

Material and supplies shall be purchased only in accordance with a regularly approved requisition or contract as required by City ordinances.

The full amount of all contracts and requisitions shall be carried as an incumbrance against this stock account except the amount of the requisitions only shall be carried where such requisitions are made against contracts calling for deliveries from time to time.

Material and supplies returned to stock shall be covered by a credit memorandum in favor of the account originally charged, which credit shall be

deducted from the total of subsequent warrants for collections charged against said account.

Salvaged material and supplies shall be valuated by the Commissioner of Gas and Electricity and priced accordingly and when placed in stock shall be covered by warrant for collection crediting the proper fund and charging this stock account for the amount thereof.

No material and supplies may be withdrawn from the stores of this stock account except upon the receipt of a regularly approved order or requisition chargeable against established capital accounts, other suspense stock accounts, or appropriation accounts set up for the purpose of constructing, operating or maintaining the City's street lighting system, the "Stop and Go" traffic signal system, and the police and fire alarm telegraph system. All such orders for the withdrawal of stock shall be handled in such manner as may from time to time be specified by the City Comptroller.

This stock account shall be reimbursed by rendering warrants for collection within thirty days after the delivery of material and supplies, chargeable against accounts designated on the order or requisition covering such deliveries. All material and supplies shall be billed on such warrants for collection at the cost price, plus one per cent to cover cost of breakage and loss. Freight and demurrage, if any, shall be added to cost price.

All expense incidental to the operation of this stock account shall be paid out of appropriations otherwise made for the Department of Gas and Electricity, subject to the limitations of such appropriations, except for the purchase of material and supplies as herein outlined, and for the payment of freight and demurrage costs which shall be charged to this stock account.

There shall be maintained a perpetual form of inventory record showing all the stock received, stock delivered and the stock on hand at all times together with the cost thereof. All material received in stock and all material withdrawn from stock shall be entered on the inventory record. The inventory record shall show the authority upon which all entries therein are made.

All books of account, inventory and other records, shall be kept in such manner as may be prescribed by the City Comptroller and shall be audited periodically by said City Comptroller.

Bureau of Electric Wiring and Repair Service Account.

The Bureau of Electric Wiring and Repair Service Account is established for the purpose of furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account—Continued.

Expenditures from this service account shall be made only upon receipt of requisitions approved by the City Comptroller from the head of the department for which services are to be rendered. Such requisitions shall be drawn against appropriations made for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred by this service account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisitions, issued in the same manner as was the original.

Warrants for collection shall be rendered within ten days after the end of the current payroll period in the amount of the direct expense actually incurred on each requisition plus not to exceed twelve per cent for incidental overhead expense. No work shall be done for any person, firm or corporation outside of the City government except upon deposit made with the City Comptroller of a sum of money sufficient to defray the cost of such work against which sum warrants for collection shall be issued upon completion of the work. The City Comptroller may waive this requirement in writing when he believes it is justified.

The following items of expenditures are authorized and are to be charged as incidental and overhead expense for which not to exceed twelve per cent of the direct expense actually incurred may be added as above mentioned:

The following employes are authorized to be employed as needed:

Supervisor of Electrical Mechanics	$5,700.00
Principal Storekeeper	2,840.00
Principal Clerk	2,720.00
Senior Clerk	2,360.00
Storekeeper	2,120.00
Junior Electrical Engineer	3,840.00

Compensation for use of personally-owned automobile by Supervisor of Electrical Mechanics and Junior Electrical Engineer at $90.00 per month.

Office supplies and stationery, minor equipment, tools and testing instruments and repairs to same.

The following employes as needed, for such period or periods during the fiscal year as may be necessary are authorized to be employed, for whom salary and wage expenditures are to be charged direct on warrants for collection covering the cost of work:

Foreman of Electrical Mechanics, 3 at $375.00 per month.

Electrical Mechanic, Subways, 2 at $340.00 per month.

Electrical Mechanics at $340.00 per month.

Electrical Mechanics when assigned to supervision, at $1.875 per hour.

Electrical Mechanics at $13.60 per day.

DEPARTMENT OF GAS AND ELECTRICITY—Continued.

Bureau of Electric Wiring and Repair Service Account—Continued.

Compensation for use of personally-owned automobiles at $90.00 per month by 3 Foremen of Electrical Mechanics and 2 Electrical Mechanics, Subways.

No expenditures for any commodities other than those authorized for incidental and overhead expense shall be charged to this service account.

Bureau of Electric Wiring and Repair Suspense Stock Account.

The Bureau of Electric Wiring and Repair Suspense Stock Account is established for the purpose of maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Purchases of material and supplies for this stock account by contract or other authorized method shall be made in such quantities as may suit the needs of this stock account but in no case shall the quantity exceed one year's requirements, nor shall any liability be incurred in excess of the unencumbered balance of this account, nor for a commodity that will not be issued and billed for this stock account, except upon the approval of the City Comptroller. Material and supplies on hand may be withdrawn from stock for use as hereinafter provided only upon receipt of requisition approved by the City Comptroller from the head of the department for which work is to be done. Such requisition shall be drawn against appropriations made for such material and supplies in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred on account of material or supplies furnished by this stock account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisition issued in the same manner as the original. Warrants for collection shall be rendered in the amount of expense incurred for material and supplies on each requisition within a period not to exceed ten days after date of delivery of such material or supplies.

There shall be maintained a perpetual form of inventory records showing all the stock received, the stock delivered and the stock on hand at all times, together with the cost thereof. All material withdrawn from stock and delivered on account of requisition shall pass through the inventory records and shall be shown thereon. The inventory records shall show the authority upon which all entries therein are made. The City Comptroller from time to time shall make a physical check of the inventory.

All material and supplies furnished by this stock account shall be billed for at the actual purchase price plus not to exceed eight per cent to cover transportation charges, breakage and loss. Material and supplies withdrawn by the Bureau of Electric

Rate of Interest Fixed on Tax Anticipation Warrants of the Municipal Tuberculosis Sanitarium for the Year 1928.

By unanimous consent, the Mayor submitted the following communication:

OFFICE OF THE MAYOR,
CHICAGO, January 18, 1930.

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—I transmit herewith a communication from the City Comptroller in regard to a proposed ordinance authorizing the interest rate on Municipal Tuberculosis Tax Anticipation Warrants against the 1928 levy to be not to exceed six per cent a year, instead of the present rate of not to exceed five per cent a year.

I also transmit herewith an ordinance covering this matter drawn by the Corporation Counsel at the request of Le Roy Millner, President of the Municipal Tuberculosis Sanitarium.

Yours very respectfully,

(Signed) WM. HALE THOMPSON,
Mayor.

The following communication was submitted with the foregoing communication:

DEPARTMENT OF FINANCE,
CHICAGO, January 18, 1930.

Hon. William Hale Thompson, Mayor:

DEAR SIR—The ordinance authorizing the City Comptroller to issue tax anticipation warrants against the 1928 tax levy for the Municipal Tuberculosis Sanitarium specifies that the rate of interest shall not exceed five per cent.

Due to the fact that the Municipal Tuberculosis Sanitarium desires to have the Comptroller issue and sell approximately $250,000.00 of tax anticipation warrants against the 1928 levy, it will be necessary to have a new ordinance passed authorizing the Comptroller to issue such tax anticipation warrants at a rate of not to exceed six per cent in order to make them saleable under present security market conditions.

It is therefore requested that the Corporation Counsel be instructed to have such new ordinance prepared and presented to the City Council.

Yours respectfully,

(Signed) V. S. PETTERSON,
Deputy Comptroller.

Unanimous consent was given to permit action on the ordinance submitted with the foregoing communication without reference thereof to a committee.

Alderman Cronson moved to pass said ordinance.

The motion prevailed, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Kaindl, Seif, Nusser, Taylor, Landmesser, Ringa, Ross T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—47.

Nays—None.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor and Comptroller be and they are hereby authorized upon the request of the Municipal Tuberculosis Sanitarium of said City of Chicago to issue warrants against and in anticipation of the taxes levied by the City of Chicago for the year 1928 for the Municipal Tuberculosis Sanitarium for the purpose of paying the ordinary and necessary expenses of maintenance and operation and for construction and equipment of new building, to an amount not to exceed seventy-five per centum of the total amount of the tax levies for the year 1928 for said purposes; such warrants to be issued only in conformity with Section 2 of an Act of the General Assembly of the State of Illinois, entitled "An Act to provide for the manner of issuing warrants upon the treasurer of the state or of any county, township, city, village or other municipal corporation and jurors' certificates", approved June 27, 1913, and in force July 1, 1913, and to bear interest at the rate not to exceed six per centum per annum from date of the issue until paid, or until notice shall be given by publication in a newspaper or otherwise that the money for the payment of said warrants is available and that said warrants will be paid on presentation.

SECTION 2. This ordinance shall be in force and effect from and after the date of its passage and approval.

Jacob L. Kesner: Vault.

By unanimous consent, the Committee on Local Industries, Streets and Alleys, to whom had been referred (December 12, 1929, page 1666) an ordinance granting permission and authority to Jacob L. Kesner, to maintain and use an existing vault, submitted a report recommending the passage of said ordinance, with compensation as fixed by the Committee on Finance.

Alderman D. A. Horan moved to concur in said report and to pass said ordinance.

No request being made by any two Aldermen present to defer consideration of said report for final action thereon until the next regular meeting, and the question being put, the vote thereon was as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Horan, Cepak, Arvey, J. B. Bowler, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Kaindl, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—47.

Nays—None.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That permission and authority be and the same are hereby given and granted to Jacob L. Kesner, his heirs, executors and assigns, to maintain and use an existing vault under the surface of the east-and-west fifteen-foot alley lying east of the north-and-south twelve-foot alley in the block bounded by West Adams street, Quincy street, South State street and South Dearborn street; said vault not exceeding forty-four (44) feet in length; fifteen (15) feet in width at the east end, twenty-five (25) feet in width at the west end, nor fifteen (15) feet in depth, and used for general storage purposes only.

SECTION 2. The permission and authority herein granted shall cease and determine ten (10) years from and after December 17, 1929, or may be revoked at any time prior thereto by the Mayor in his discretion without the consent of the grantee herein named. This ordinance shall also be subject to amendment, modification or repeal at any time without the consent of the said grantee and in case of such repeal all the privileges herein granted shall thereupon cease and determine. In the event of the revocation, amendment, modification or repeal of the authority or privileges herein granted, or the termination by lapse of time, the exercise of the Mayor's discretion, or the exercise by the City Council of the powers above reserved, the grantee, by the filing of the written acceptance hereinafter provided for, shall be understood as consenting that the city shall retain all money it shall have previously received under the provisions of this ordinance from said grantee, said money to be considered and treated as compensation for the authority, permission and privilege enjoyed from the date of the passage of this ordinance until such action by the Mayor or City Council as the case may be.

SECTION 3. At the expiration of this ordinance, the vault herein authorized shall be removed unless the authority therefor is renewed. If said vault shall be removed the space where the same shall have been located shall be filled up and the pavement over the same restored to a condition similar to the balance of the alley in the same block to the satisfaction of the Commissioner of Public Works, at the sole expense of the grantee herein, without cost or expense of any kind whatsoever to the City of Chicago, provided that in the event the said grantee shall refuse or neglect to fill up said vault when so ordered to do, and to restore the pavement over said space, said work shall be done by the City of Chicago and the cost thereof charged to the grantee herein. Said grantee shall do no permanent injury to the said alley or in any way interfere with any public cable, wire, pipe or conduit therein, and shall not open or incumber more of said alley than shall be necessary to enable him to proceed with advantage in excavating said vault and constructing foundations and walls. No permit shall be issued allowing any work to be done in and about the construction of said vault until plans and specifications of the same shall have been submitted to and approved by the Commissioner of Public Works. A copy of said plans shall at all times remain on file in the office of the Commissioner of Public Works.

SECTION 4. The said grantee agrees to pay to the City of Chicago as compensation for said vault the sum of one hundred seventy and forty one-hundredths dollars ($170.40) per annum, payable annually, in advance, the first payment to be made as of the date of December 17, 1929, and each succeeding payment annually thereafter; provided, that if default is made in the payment of any of the installments of compensation herein provided for, the privileges herein granted may be terminated under the powers reserved to the Mayor or City Council by Section 2 hereof, and thereupon this ordinance shall become null and void. Any termination by the city for default in payment of compensation, as provided for by this Section, shall not release the grantee from liability for the compensation due up to and including the date of such termination.

SECTION 5. During the life of this ordinance the grantee herein, his heirs, executors or assigns, shall at all times keep the surface of the alley over the said vault in a condition satisfactory to the Commissioner of Public Works and safe for public travel.

SECTION 6. No work shall be done under the authority of this ordinance until a permit authorizing same shall have been issued by the Commissioner of Compensation and no permit shall issue until the grantee herein shall execute to the City of Chicago a good and sufficient bond in the penal sum of ten thousand dollars ($10,000.00) with sureties to be approved by the Mayor, conditioned upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance, and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any way come against said city in consequence of the granting of this ordinance, or which may accrue against, be charged to or recovered from said city from or by reason or on account of any act or thing done by the grantee herein by virtue of the authority herein granted. Said bond and the liability of the sureties thereon shall be kept in force throughout the life of this ordinance and if at any time during the life of this ordinance such bond shall not be in full force, then the privileges herein granted shall be terminated, but the grantee herein shall, nevertheless, remain liable to the City of Chicago for the compensation due until the expiration or repeal of this ordinance.

SECTION 7. This ordinance shall take effect and be in force from and after its passage; provided the said grantee shall file his written acceptance of this ordinance and the bond hereinabove provided for with the City Clerk within sixty (60) days after the passage and approval hereof.

Paul Koretskis: Lease of Space in an Alley.

By unanimous consent, the Committee on Local Industries, Streets and Alleys, to whom had been referred (October 17, 1929, page 1194) an application of Paul Koretskis for a lease of space in an alley, submitted a report recommending the passage of an order submitted therewith.

Alderman D. A. Horan moved to concur in said report and to pass said order.

No request being made by any two Aldermen present to defer consideration of said report for final action thereon until the next regular meeting, and the question being put, the vote thereon was as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—47.

Nays—None.

The following is said order as passed:

Ordered, That the Commissioner of Compensation

be and he is hereby authorized to issue a permit to Paul Koretskis for occupation of the east 44.95 feet, more or less, measured on the north line of the first east-and-west sixteen-foot public alley lying north of West 123rd street; also the southeasterly 281 feet, more or less, of the fourteen-foot public alley running in a northwesterly direction, all in the block bounded by West 122nd street, West 123rd street, South Union avenue and the right-of-way of the P. C. C. and St. L. R. R., for a period of three (3) years from July 1, 1929, at an annual rental of $50.00, payable annually in advance, said permit to be subject to revocation on thirty (30) days' notice in writing.

Liberty Trust and Savings Bank: Coal Chute and Ash Hoist.

By unanimous consent, the Committee on Local Industries, Streets and Alleys, to whom had been referred (December 30, 1929. page 1793) an ordinance granting permission and authority to Liberty Trust and Savings Bank to maintain and use an existing coal chute and ash hoist, submitted a report recommending the passage of said ordinance, with compensation as fixed by the Committee on Finance.

Alderman D. A. Horan moved to concur in said report and to pass said ordinance.

No request being made by any two Aldermen present to defer consideration of said report for final action thereon until the next regular meeting, and the question being put, the vote thereon was as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—47.

Nays—None.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That permission and authority be and the same are hereby given and granted to the Liberty Trust and Savings Bank, a corporation, its successors and assigns, to maintain and use as now constructed a coal chute and ash hoist in the alley in the rear of the premises located at the northeast corner of Roosevelt road and South Kedzie avenue, together with the openings four (4) feet by five (5) feet and two (2) feet, two (2) inches by three (3) feet respectively in the surface of the alley over said coal chute and ash hoist.

SECTION 2. The permission and authority herein granted shall cease and determine ten (10) years from and after December 22, 1929, or may be revoked at any time prior thereto by the Mayor in his discretion without the consent of the grantee herein named. This ordinance shall also be subject to amendment, modification or repeal at any time without the consent of the said grantee and in case of such repeal all the privileges herein granted shall thereupon cease and determine. In the event of the revocation, amendment, modification or repeal of the authority or privileges herein granted, or the termination by lapse of time, the exercise of the Mayor's discretion, or the exercise by the City Council of the powers above reserved, the grantee, by the filing of the written acceptance hereinafter provided for, shall be understood as consenting that the city shall retain all money it shall have previously received under the provisions of this ordinance from said grantee, said money to be considered and treated as compensation for the authority, permission and privileges enjoyed from the date of the passage of this ordinance until such action by the Mayor or City Council as the case may be.

SECTION 3. At the expiration of this ordinance, the privileges herein authorized shall be removed unless the authority therefor is renewed. If said coal chute and ash hoist shall be removed the space where the same shall have been located shall be filled up and the pavement over the same restored to a condition similar to the balance of the alley in the same block to the satisfaction of the Commissioner of Public Works, at the sole expense of the grantee herein, without cost or expense of any kind whatsoever to the City of Chicago, provided that in the event the said grantee shall refuse or neglect to fill up said coal chute and ash hoist when so ordered to do, and to restore the pavement over said space, said work shall be done by the City of Chicago and the cost thereof charged to the grantee herein. Said grantee shall do no permanent injury to the said alley or in any way interfere with any public cable, wire, pipe or conduit therein, and shall not open or incumber more of said alley than shall be necessary to enable it to proceed with advantage in excavating said coal chute and ash hoist and constructing foundations and walls. No permit shall be issued allowing any work to be done in and about the construction of said coal chute and ash hoist until plans and specifications of the same shall have been submitted to and approved by the Commissioner of Public Works. A copy of said plans shall at all times remain on file in the office of the Commissioner of Public Works.

SECTION 4. The said grantee agrees to pay to the City of Chicago as compensation for said privileges the sum of fifty dollars ($50.00) per annum, payable annually, in advance, the first payment to be made as of the date of December 22, 1929, and each succeeding payment annually thereafter; provided, that if default is made in the payment of any of the installments of compensation herein provided for, the privileges herein granted may be terminated under the powers reserved to the Mayor or City Council by Section 2 hereof, and thereupon this ordinance shall become null and void. Any termination by the city for default in payment of compensation, as provided for by this Section, shall not release the grantee from liability for the compensation due up to and including the date of such termination.

SECTION 5. During the life of this ordinance the grantee herein, its successors or assigns, shall at all times keep the surface of the alley over the said coal chute and ash hoist in a condition satisfactory to the Commissioner of Public Works and safe for public travel.

SECTION 6. No work shall be done under the authority of this ordinance until a permit authorizing same shall have been issued by the Commissioner of Compensation and no permit shall issue until the grantee herein shall execute to the City of Chicago a good and sufficient bond in the penal sum of ten thousand dollars ($10,000.00) with sureties to be approved by the Mayor, conditioned upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance, and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any way come against said city in consequence of the granting of this ordinance, or which may accrue against, be charged to or recovered from said city from or by reason or on account of any act or thing done by the grantee herein by virtue of the authority herein granted. Said bond and the liability of the sureties thereon shall be kept in force throughout the life of this ordinance and if at any time during the life of this ordinance such bond shall not be in full force, then the privileges herein granted shall be terminated, but the grantee herein shall, nevertheless, remain liable to the City of Chicago for the compensation due until the expiration or repeal of this ordinance.

SECTION 7. This ordinance shall take effect and be in force from and after its passage; provided the said grantee shall file its written acceptance of this ordinance and the bond hereinabove provided for with the City Clerk within sixty (60) days after the passage and approval hereof.

Northwestern Yeast Co.: Elevated Switch Track.

By unanimous consent, the Committee on Local Industries, Streets and Alleys, to whom had been referred (December 23, 1929, page 1745) an ordinance granting permission and authority to Northwestern Yeast Company to maintain and operate an existing elevated switch track, submitted a report recommending the passage of said ordinance, with compensation as fixed by the Committee on Finance.

Alderman D. A. Horan moved to concur in said report and to pass said ordinance.

No request being made by any two Aldermen present to defer consideration of said report for final action thereon until the next regular meeting, and the question being put, the vote thereon was as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, O'Toole, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, D. A. Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—47.

Nays—None.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That permission and authority be and the same are hereby given and granted to the Northwestern Yeast Company, a corporation, its successors and assigns, to maintain and operate as now constructed an elevated railroad switch track over and across North Marshfield avenue south of and adjoining the two main line tracks of the Chicago, Milwaukee, St. Paul and Pacific Railroad in Bloomingdale avenue, as shown in red on blue print hereto attached, which for greater certainty is hereby made a part of this ordinance.

SECTION 2. The permission and authority herein granted shall cease and determine twenty (20) years from and after June 11, 1929, and this ordinance shall at any time before expiration thereof be subject to modification, amendment or repeal without the consent of the grantee herein, and in case of repeal all the privileges hereby granted shall thereupon cease and determine. In the event of the termination of the authority or privileges hereby granted by the repeal of this ordinance, the grantee by the filing of the written acceptance hereinafter mentioned, shall be understood as consenting that the city shall retain all money it shall have previously received from said grantee under the provisions of this ordinance, said money to be considered and treated as compensation for the authority, permission and privileges enjoyed from the date of the passage of this ordinance until such repeal.

SECTION 3. During the life of this ordinance the grantee herein shall keep such portion of said street under said switch track in good condition and repair and safe for public travel, to the satisfaction and approval of the Commissioner of Public Works. At the termination of the rights and privileges herein granted, by expiration of time or otherwise, the said grantee shall forthwith restore such portion of said street under said switch track to a condition safe for public travel, similar to the remaining portion of said street in the same block, to the satisfaction and approval of the Commissioner of Public Works. If said grantee shall fail to restore said street at the termination of said privileges, then the work shall be done by the City of Chicago, and the cost and expense of doing such work shall be paid by the said grantee.

SECTION 4. The operation and maintenance of the switch track herein provided for shall be subject to all existing ordinances of the City of Chicago now in force or which may hereafter be in force relating to the use and operation of switch tracks and railroad tracks, and the construction and maintenance thereof shall be under the supervision and to the satisfaction of the Commissioner of Public Works.

SECTION 5. The said grantee agrees to pay to the City of Chicago as compensation for said switch track the sum of two hundred dollars ($200.00) per annum, payable annually in advance, the first payment to be made as of the date of June 12, 1929, and each succeeding payment annually thereafter, provided that if default is made in the payment of any of the installments of compensation herein provided for the privileges herein granted may be immediately revoked by the Mayor or this ordinance may be repealed by the City of Council under the powers reserved in Section 2 hereof, and thereupon this ordinance shall become null and void.

SECTION 6. Before doing any work under and by virtue of the authority herein granted, said grantee shall execute a bond to the City of Chicago in the penal sum of ten thousand dollars ($10,000.00) with sureties to be approved by the Mayor, conditioned upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance, and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any wise come against said city in consequence of the granting of this ordinance, or which may accrue against, be charged to or recovered from said city from or by reason or on account of the passage of this ordinance, or from or by reason or on account of any act or thing done by the grantee herein by virtue of the authority herein granted. Said bond and the liability of the sureties thereon shall be kept in full force throughout the life of this ordinance, and if at any time during the life of this ordinance such bond shall not be in full force, then the privileges herein granted shall be terminated.

SECTION 7. The permission and authority hereby granted are upon the express condition that the grantee herein, its successors or assigns, shall at all times during the life of this ordinance, subject to the approval of the Commissioner of Public Works, furnish and keep in operation sufficient lights to properly light the portion of said street directly under said switch track herein provided for and further shall keep such portion of said street in a clean and sanitary condition.

SECTION 8. This ordinance shall take effect and be in force from and after its passage, provided that a written acceptance of this ordinance and the bond hereinabove provided for shall be filed with the City Clerk within sixty (60) days after the passage and approval of this ordinance.

Peck & Hills Furniture Co.: Switch Track.

Bowler, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—47.

Nays—None.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That permission and authority be and the same are hereby given and granted to Peck & Hills Furniture Company, a corporation, its successors and assigns, to maintain and operate as now constructed a railroad switch track on and across the intersection of Hickory and North Branch streets beginning at a point one hundred seventy-five (175) feet southeasterly of the northerly line of Haines street; thence northwesterly on and along the intersection of Hickory and North Branch streets and across Haines street to the northerly line of said Haines street, as shown in red on blue print hereto attached which for greater certainty is hereby made a part of this ordinance.

SECTION 2. The permission and authority herein granted shall cease and determine twenty (20) years from and after the date of October 26, 1929, and this ordinance shall at any time before the expiration thereof be subject to modification, amendment or repeal without the consent of the grantee herein, and in case of repeal all the privileges hereby granted shall thereupon cease and determine. In the event of the termination of the authority or privileges hereby granted by the repeal of this ordinance, the grantee by the filing of the written acceptance hereinafter mentioned, shall be understood as consenting that the city shall retain all money it shall have previously received from said grantee under the provisions of this ordinance, said money to be considered and treated as compensation for the authority, permission and privileges enjoyed from the date of the passage of this ordinance until such repeal.

By the filing of the written acceptance of this ordinance hereinafter provided for, said grantee hereby agrees to elevate at its own expense and without any expense, damage or liability to the City of Chicago of any kind whatsoever, the switch track herein authorized, upon notice so to do from the Commissioner of Public Works, or failing so to do, shall within sixty (60) days after being notified to that effect by the Commissioner of Public Works, remove the switch track herein referred to. Said switch track, if elevated, shall be elevated under the direction and supervision and to the satisfaction of the Commissioner of Public Works, and the construction and material used in the elevation of said switch track shall be of the same character as that used in the construction of the main tracks with which said track connects.

SECTION 3. During the life of this ordinance the grantee herein shall keep such portion of said streets as are occupied by said switch track in good condition and repair and safe for public travel, to the satisfaction and approval of the Commissioner of Public Works. At the termination of the rights and privileges herein granted, by expiration of time or otherwise, the said grantee shall forthwith restore such portion of said streets occupied by said switch track to a condition safe for public travel, similar to the remaining portion of said streets in the same block, to the satisfaction and approval of the Commissioner of Public Works. If said grantee shall fail to restore said streets at the termination of said privileges, then the work shall be done by the City of Chicago, and the cost and expense of doing such work shall be paid by the said grantee.

SECTION 4. The operation and maintenance of the switch track herein provided for shall be subject to all existing ordinances of the City of Chicago now in force or which may hereafter be in force relating to the use and operation of switch tracks and railroad tracks, and the construction and maintenance thereof shall be under the supervision and to the satisfaction of the Commissioner of Public Works.

SECTION 5. The said grantee agrees to pay to the City of Chicago as compensation for said switch track, the sum of two hundred dollars ($200.00) per annum, payable annually in advance, the first payment to be made as of the date of October 26, 1929 and each succeeding payment annually thereafter, provided that if default is made in the payment of any of the installments of compensation herein provided for, the privileges herein granted may be immediately revoked by the Mayor, or this ordinance may be repealed by the City Council under the powers reserved in Section two (2) hereof, and thereupon this ordinance shall become null and void.

SECTION 6. Before doing any work under and by virtue of the authority herein granted, said grantee shall execute a bond to the City of Chicago in the penal sum of ten thousand dollars ($10,000.00), with sureties to be approved by the Mayor, conditioned upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance; and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any wise come against said City in consequence of the granting of this ordinance, or which may accrue against, be charged to or recovered from said City from or by reason or on account of the passage of this ordinance, or from or by reason or on account of any act or thing done by the grantee herein by virtue of the authority herein granted. Said bond and the liability of the sureties thereon shall be kept in full force throughout the life of this ordinance, and if at any time during the life of this ordinance such bond shall not be in full force, then the privilege herein granted shall thereupon cease.

SECTION 7. This ordinance shall take effect and be in force from and after its passage, provided that a written acceptance of this ordinance and the bond hereinabove provided for shall be filed with the City Clerk within sixty (60) days after the passage of this ordinance.

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That permission and authority be and the same are hereby given and granted to H. Schultz & Co., a corporation, its successors and assigns, to maintain and operate as now constructed a railroad switch track across the east-and-west public alley in the block bounded by West Superior street, Kingsbury street, West Huron street and Roberts street from a point on the south line thereof thirty-five (35) feet east of the east line of Roberts street to a point on the north line thereof thirty (30) feet east of the east line of Roberts street, as shown in red upon blue print hereto attached, which for greater certainty is hereby made a part of this ordinance.

SECTION 2. The permission and authority herein granted shall cease and determine twenty (20) years from and after the date of December 6, 1929, and this ordinance shall at any time before the expiration thereof be subject to modification, amendment or repeal without the consent of the grantee herein, and in case of repeal all the privileges hereby granted shall thereupon cease and determine. In the event of the termination of the authority or privileges hereby granted by the repeal of this ordinance, the grantee by the filing of the written acceptance hereinafter mentioned, shall be understood as consenting that the city shall retain all money it shall have previously received from said grantee under the provisions of this ordinance, said money to be considered and treated as compensation for the authority, permission and privileges enjoyed from the date of the passage of this ordinance until such repeal.

By the filing of the written acceptance of this ordinance hereinafter provided for, said grantee hereby agrees to elevate at its own expense and without any expense, damage or liability to the City of Chicago of any kind whatsoever, the switch track herein authorized, upon notice so to do from the Commissioner of Public Works, or failing so to do, shall within sixty (60) days after being notified to that effect by the Commissioner of Public Works, remove the switch track herein referred to. Said switch track, if elevated, shall be elevated under the direction and supervision and to the satisfaction of the Commissioner of Public Works, and the construction and material used in the elevation of said switch track shall be of the same character as that used in the construction of the main tracks with which said track connects.

SECTION 3. During the life of this ordinance the grantee herein shall keep such portion of said alley as is occupied by said switch track in good condition and repair and safe for public travel, to the satisfaction and approval of the Commissioner of Public Works. At the termination of the rights and privileges herein granted, by expiration of time or otherwise, the said grantee shall forthwith restore such portion of said alley occupied by said switch track to a condition safe for public travel similar to the remaining portion of said alley in the same block, to the satisfaction and approval of the Commissioner of Public Works. If said grantee shall fail to restore said alley at the termination of said privileges, then the work shall be done by the City of Chicago, and the cost and expense of doing such work shall be paid by the said grantee.

SECTION 4. The operation and maintenance of the switch track herein provided for shall be subject to all existing ordinances of the City of Chicago now in force or which may hereafter be in force relating to the use and operation of switch tracks and railroad tracks, and the construction and maintenance thereof shall be under the supervision and to the satisfaction of the Commissioner of Public Works.

SECTION 5. The said grantee agrees to pay to the City of Chicago as compensation for said switch track, the sum of one hundred dollars ($100.00) per annum, payable annually in advance, the first payment to be made as of the date of December

7, 1929, and each succeeding payment annually thereafter, provided that if default is made in the payment of any of the installments of compensation herein provided for, the privileges herein granted may be immediately revoked by the Mayor, or this ordinance may be repealed by the City Council under the powers reserved in section two (2) hereof, and thereupon this ordinance shall become null and void.

SECTION 6. Before doing any work under and by virtue of the authority herein granted, said grantee shall execute a bond to the City of Chicago in the penal sum of ten thousand dollars ($10,000.00), with sureties to be approved by the Mayor, conditioned upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance; and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any wise come against said City in consequence of the granting of this ordinance, or which may accrue against, be charged to or recovered from said City from or by reason or on account of the passage of this ordinance, or from or by reason or on account of any act or thing done by the grantee herein by virtue of the authority herein granted. Said bond and the liability of the sureties thereon shall be kept in full force throughout the life of this ordinance, and if at any time during the life of this ordinance such bond shall not be in full force, then the privilege herein granted shall thereupon cease.

SECTION 7. This ordinance shall take effect and be in force from and after its passage, provided that a written acceptance of this ordinance and the bond hereinabove provided for shall be filed with the City Clerk within sixty (60) days after the passage of this ordinance.

The following is said ordinance as passed:

AN ORDINANCE

Relative to the extension of street railway facilities by auxiliary and supplementary motor-bus line on a certain street.

WHEREAS, The existing street railway facilities are not adequate to meet the needs and convenience of the public in that section of the City along and adjacent to Higgins avenue from Milwaukee avenue to the City Limits; now, therefore,

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That subject to the limitations and conditions hereinafter expressed, consent, permission and authority are hereby granted to the Chicago Railways Company, its successors and assigns, and its receivers, to establish motor-bus lines on the following street in the City of Chicago:

Higgins avenue from Milwaukee avenue to the City Limits,

as extension of and auxiliary and supplementary to the existing system of street railways of the said Chicago Railways Company, and to maintain and operate said motor-bus line as a part of said street railways system.

It is hereby declared as an express term, condition, and limitation of the consent, permission and authority hereby granted that the said auxiliary and supplementary motor-bus line shall be installed and operated only as extension and part of said street railway system and subject to all of the terms, conditions, and limitations, including provisions relating to transfers and compensation to the City, of that certain ordinance passed by the City Council of the City of Chicago on February 11, 1907, entitled, "An ordinance authorizing the Chicago Railways Company to construct, maintain, and operate a system of street railways, in streets and public ways of the City of Chicago", and all ordinances amendatory thereof and supplementary thereto, including that certain ordinance passed by the City Council of the City of Chicago on November 13, 1913, entitled, "An ordinance authorizing unified operation of the Surface Street Railways in the City of Chicago", and all ordinances amendatory thereof and supplementary thereto. The rights and permission hereby granted shall be effective only as long as the ordinances above referred to shall be continued in force and effect.

SECTION 2. That the Corporation Counsel be and he is hereby authorized and directed, in the name and on behalf of the City of Chicago, to intervene in any proceedings now or hereafter pending before the Illinois Commerce Commission involving or affecting motor-bus service on the streets mentioned in the foregoing Section 1 of this ordinance, and, by petition or otherwise, to ask for or to consent to an order authorizing the said Chicago Railways Company and the receivers thereof, to establish, maintain, and operate auxiliary and supplementary motor-bus lines mentioned in the preceding Section 1 hereof, and authorizing the expenditure from the special equipment fund of the said Chicago Railways Company of such amount as may be necessary to establish, maintain and operate such auxiliary and supplementary motor-bus line.

SECTION 3. All the powers and privileges conferred herein upon said Chicago Railways Company are conferred upon the express condition that no new power or privilege to operate any form of transportation vehicle, street car, motor coach or other devices in the City of Chicago shall be conferred and that particularly this ordinance shall not operate as an extension or a renewal of or as an addition to the ordinances granting a franchise to Chicago City Railway Company to operate a street railway in the City of Chicago passed February 11, 1907, nor to an ordinance granting a franchise to Chicago Railways Company to operate a street railway in the City of Chicago passed February 11, 1907, nor to an ordinance granting a franchise to Calumet and South Chicago Railway Company to operate a street railway in the City of Chicago passed March 30, 1908, nor to any franchise, privilege or grant to any of the said companies which has already by its terms expired. The City of Chicago shall never, by anything herein contained, become estopped nor prevented from asserting the expiration of any franchises, grants or privileges conferred upon any of the said companies which have already expired; and the City of Chicago does not by anything contained in this ordinance recognize any supposed existing, prior or continuing rights of said companies to operate any form of transportation vehicles nor to have their tracks, poles, trolley wires, feed wires and all necessary accoutrements thereto in or upon the streets or alleys of the City of Chicago by virtue of any franchises or contract rights which by their terms have expired, and the privileges herein granted are solely by the sufferance of the City of Chicago and are not in any manner to be construed now or at any time in the future as vested rights; nor shall this ordinance be construed as any recognition of any claimed right on the part of Chicago Railways Company and/or the other street railway companies herein mentioned to the use or occupancy of the streets of the City of Chicago. Nothing, however, in this section shall be construed as annulling the rights expressly granted by this ordinance to use the streets designated for motor buses upon its express terms and conditions.

SECTION 4. That this ordinance shall be in full force and effect from and after its passage.

The Erie Theatre Corp.: Canopy.

By unanimous consent, Alderman Crowe presented the following order:

Ordered, That the Commissioner of Compensation be and he is hereby authorized to issue a permit to The Erie Theatre Corporation, to maintain and use an existing canopy over the sidewalk in North Clark street, attached to the building or structure located at No. 641 North Clark street, in accordance with plans and specifications filed with the Commissioner of Public Works and approved by the Commissioner of Buildings and the Chief Fire Prevention Engineer; said canopy not to exceed 40 feet in length nor 16 feet in width, upon the filing of the application and bond and payment of the initial compensation provided for by ordinance, said compensation to be paid annually.

MAYOR.

Veto.

Certain Items of Appropriation Contained in an Ordinance Passed January 18, 1930, Amending an Amendatory Ordinance Passed January 13, 1930 (Recreational Activities of Navy Pier).

Honorable William Hale Thompson, Mayor, submitted the following veto message:

OFFICE OF THE MAYOR,
CHICAGO, January 24, 1930.

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—I hereby veto and return, without my approval, the following items appearing under

25

the heading "Recreation—Navy Pier" appearing on page 2144 of the Journal of the Proceedings of the City Council of the Recessed Sessions held on January 18, 1930, of the Regular Meeting of the City Council of January 8, 1930:

	"Salaries and Wages—		
	Janitor, 20 months at $135.00 per month...	$ 2,700.00	
	Attendants (female) at $3.00 per day........	1,260.00	
	Laborers at $5.00 per day	17,000.00	
	Watchmen, 12 months at $130.00 per month.	1,560.00	
	Playground Director, 8 months at $160.00 per month	1,280.00	
	Hospital Nurse, 8 months at $135.00 per month.	1,080.00	
	Life Guard, 24 months at $125.00 per month.	3,000.00	
	Physical Instructor, 8 months at $115.00 per month	920.00

Office of the Mayor,
Chicago, January 24, 1930.

To the Honorable, the City Council of the City of Chicago:

Gentlemen—Instead of supporting the Mayor in his stand for the protection of the property, health and lives of our people and instead of following the lines of the Moran-Nelson resolution, a majority of the Aldermen, in the face of my second veto, again slashed appropriations for the police, fire, health, street-cleaning and street-lighting activities of the City.

The majority of the Aldermen did not obey the law of the State of Illinois which requires appropriations for necessary municipal activities, nor did they exert their energies and influence toward securing additional revenues through ways suggested by the Mayor, particularly in the matter of urging that the $300,000,000 reduction be put back on the Loop.

The majority of the Aldermen followed the program dictated by the Loop reformers and their newspaper organs. A few Aldermen even went to the extent of arguing the cause of the Loop and the "reassessment reformers" and joining with them in challenging figures with reference to Loop reductions which I cited in my two veto messages.

In confirmation of what I have previously presented in round numbers regarding this Loop reduction, permit me to present the following in detail:

The Board of Assessors in 1927 put the assessed valuation (Volumes 1 and 2) of the Loop District at $761,694,320.

The 1928 assessed valuation of the Loop District as it appears today on the Assessors' books, as a result of the Cutmore-Loop "reform reassessment", accepted and made official by the Board of Assessors, is $471,491,711.

The reduction made by the "reform reassessment" in the Loop assessed valuation is $290,202,609.

Comparison is made between the official figures of the Assessors for 1927 and 1928, as there is not as yet any Board of Review total for 1928. By the Loop District is meant that section of Chicago lying between Lake street and Roosevelt road and the Chicago River and Lake Michigan, exclusive of the railroad property west of Clark street and south of Harrison street, which valuations for the Loop District are contained in tax volumes 1 and 2 of the Board of Assessors' offices.

So, I repeat the "reform reassessment" reduced Loop valuations approximately $300,000,000, and if the Board of Review puts back those valuations much of the City's financial trouble will be solved.

I am firmly convinced that the appropriation ordinance as it now stands is unwise, unjust and unfair to the public interests. However, the majority of the Aldermen have passed it twice, in spite of my veto, in following the program of the very "reformers" whose reassessment has helped create the crisis with which we are now confronted. I do not desire to prevent the City employes from getting their pay and thereby to force them into the hands of the loan sharks. Nothing can now be gained by again vetoing the reductions made by a majority of the Aldermen in the health, fire, police, street-lighting and street-cleaning appropriations. Should I veto again the slasing of these major activities, the immediate result might be a state of chaos.

My position in vetoing in the past certain items relating to major activities in the appropriation ordinance has been made clear to our people. The position of the majority of the Aldermen is also clear to our people. I have done my duty to our people in endeavoring to secure for them ample protection. In all the years of my incumbency of office, I have had but one desire; that is, to protect and serve the people of this city who have repeatedly honored me with their confidence and for whose welfare I will gladly make any personal sacrifice.

Permit me in conclusion to quote again the law as interpreted by the Supreme Court of Illinois, setting forth your duty and my duty.

In the case of City of Cairo v. Campbell, 116 Illinois 305, at page 309, our Supreme Court said:

> " * * * section 2, article 7, of the same chapter, directs that 'the city council of cities and the board of trustees in villages, shall, within the first quarter of each fiscal year, pass an ordinance, to be termed the annual appropriation bill, in which such corporate authorities may appropriate such sum or sums of money as may be deemed necessary to defray all necessary expenses and liabilities of such corporation, and in such ordinance shall specify the objects and purposes for which such appropriations are made, and the amount appropriated for each object or purpose. * * *', etc."

And after quoting this section of the statute, our Supreme Court further said in the same case, at the same page:

> "Inasmuch as the enforcement of the legal rights of the plaintiff in this judgment depended upon the exercise of the duty thus imposed on the council, the words, 'may appropriate', should be read, 'shall or must appropriate', etc."

The Mayor and a minority of the Alderman have followed the law.

Yours very truly,

(Signed) Wm. Hale Thompson,
Mayor.

In the Matter of the Maintenance of the Department of Police, the Fire Department, the Department of Health, the Department of Gas and Electricity and the Bureau of Streets on the 1929 Basis.

Honorable William Hale Thompson, Mayor, submitted the following communications, which were ordered published and referred to the Committee on Finance:

Office of the Mayor,
Chicago, January 23, 1930.

To the Honorable, the City Council of the City of Chicago:

Gentlemen—I am transmitting herewith the following:

(1) Letter of January 20, 1930, from Alderman John S. Clark, Chairman of the Finance Committee addressed to me.

(2) My reply thereto.

(3) Opinion of Corporation Counsel Ettelson to Commissioner of Health Arnold H. Kegel in regard to possible reinstatement of employes dismissed from the Health Department under order passed by the Aldermen January 3, 1930.

I desire to have these communications read and printed in the Journal of the Proceedings of the City Council.

Very truly yours,

(Signed) Wm. Hale Thompson,
Mayor.

Committee on Finance,
Chicago, January 20, 1930.

Hon. William Hale Thompson, Mayor of the City of Chicago:

Dear Mr. Mayor—When the annual appropriation bill was passed by the City Council, it provided for the actual number of personnel in the Police and Fire Departments by providing a lump sum for their employment, the Council intending that no man power be laid off, having in mind the obtaining of additional funds from various sources. However, the administration took summary action and laid off some four hundred and seventy patrolmen and approximately two hundred firemen, which was contrary to the Council's intent.

Pursuant to this action, the City Council, at a recessed meeting of January 8, 1930, passed unanimously what is known as the McDonough resolution. This resolution expressed the intention of the members of the City Council that no policemen nor firemen be laid off.

After the passage of this resolution, the City Council made provision in the annual appropriation bill for lump sums for the payment of patrolmen and firemen and for all other personnel in these departments on the annual basis, it being intended by the City Council that such lump sums referred to will permit the employment of the same number of patrolmen and firemen as employed on January 1, 1930, having in mind that both the legislative and executive branches of the City government are to co-operate both as to the retention of the number of employes and the obtaining of additional revenues as soon as possible. The possible sources of additional revenue referred to are as follows:

> The sale of the Gage Farm, which sale had been within the past four months advertised and rejected on account of insufficient competition and low bid. The bid of $1,100,000.00 was considered as being too low. By readvertising and a systematic campaign for bids, it is hoped that a far greater sum can be obtained. This land is located in Berwyn and the City officials and citizens thereof are pleading for its sale as it hampers the orderly development of that progressive town.
>
> Another source of revenue may be obtained from the Telephone Company, amounting to approximately $850,000.00, for its compensation to the City for the last half of the year to be paid within this year and not, as heretofore, in the following year; provided, however, that the City Council takes immediate steps to give consideration to the renewal of its expired franchise.
>
> It is also expected that an additional revenue can be obtained at once to the extent of approximately $700,000.00 from the Tunnel Company, which amount had been offered to the City under the Dever administration and was at that time refused. This amount and more is due the City for past franchise compensation and should be paid at once. An effort should be made to make this collection notwithstanding the fact that a renewal of franchise is now pending before the City Council. This amount due should have no effect in the negotiation for a new franchise.

When consideration is given in the Police Department to normal man power vacancies that occur annually due to death, separation, resignation and other causes, which number approximated two hundred in 1929, and probably a like number in 1930, and by the further removal of superannuated employes, it will require approximately $1,000,000.00 in the Police Department and $400,000.00 in the Fire Department from these aforementioned sources of revenue to maintain the personnel for these departments.

May we not hope that all personal and political feelings be cast aside in these trying times due to various factors over which City officials have but little control, to the end that the interest of the taxpayer and citizenry in general may be protected and its welfare maintained in the highest degree possible.

During the next several months, no members of the Police or Fire Department should be laid off for the reason that the City Council has appropriation powers until the thirtieth day of June and for the further reason that it is reasonable to expect that additional revenue can be procured in the meantime.

Very truly yours.

(Signed) JOHN S. CLARK,
Chairman.

—

OFFICE OF THE MAYOR,
CHICAGO, January 23, 1930.

Hon. John S. Clark, Chairman, Committee on Finance:

DEAR SIR—Your letter of January 20, 1930, has been received by me.

The 1930 budget, as passed by the Aldermen upon the recommendation of the Committee on Finance, by comparison with the 1929 budget, shows a cut in the Police Department of over a million dollars, a cut in the Department of Gas and Electricity of nearly a million dollars, a cut in the Bureau of Streets in the Department of Public Works of over a million dollars, a cut in the Health Department of over half a million dollars and a cut in the Fire Department of over half a million dollars.

As I understand your letter and the subsequent actions of the Aldermen on the cut made in the Police and Fire Departments, you claim it was the intention of the Aldermen to retain the man-power in those two departments, but that in the cut in the three departments of health, street cleaning and lighting it was the intention of the Aldermen to reduce the man power of those departments to correspond to the cut in appropriations for those three departments.

In view of the fact that the requirement of reduction in man power contained in the budget regarding the appropriations for the five major activities embraced in these departments was in effect the same, it does not seem reasonable that the heads of these departments would construe the cuts in the budget as indicating an intention on the part of the Aldermen that the man power should be retained in two departments and reduced in three. Moreover, the Corporation Counsel, in a written opinion, has interpreted the ordinance of January 3, 1930, as requiring the instant dismissal of employes in all departments where cuts were made.

I quote from your letter the following:

> "When the annual appropriation bill was passed by the City Council, it provided for the actual number of personnel in the police and fire departments by providing a lump sum for their employment, the council intending that no man power be laid off, having in mind the obtaining of adtional funds from various sources."

In the opinion of Corporation Counsel Ettelson to you, dated January 7th last, he states the following:

> "The phrase 'as may be, from time to time, provided for in the annual appropriation ordinance' does not merely mean the number of positions designated by such ordinance, but must be construed to mean the number of positions which the City Council has provided payment for for the year of 1930. Any other construction would render the ordinance void as an unauthorized and unconstitutional delegation to the commissioner of legislative authority."

I am pleased that since the Mayor's first veto of items in these five departments the Aldermen have signified their intention to make future appropriations for the police and fire departments, so that the man power can be retained in the police and fire departments. I regret, however, that the Aldermen have not acted favorably upon the recommendations of the Mayor that the health, street cleaning and electric lighting activities be supported by the Aldermen, as they have pledged themselves to do in the case of the police and fire departments.

It is not necessary, in my opinion, further to emphasize the importance of adequate appropriations for milk and food inspection and the prevention of the spreading of contagious diseases, for the lighting of the streets and the cleaning of the streets and alleys, and the calamity that may befall this community as a result of inadequate appropriations for these activities in the 1930 budget.

I note with interest your suggestion of securing additional funds to help the police and fire departments.

In the matter of the Gage farm, which you refer to in your letter, it may be well to remind you that the city's title to this property has been attacked by one of the Gage heirs, and litigation is pending in the United States District Court which may be pending for a number of years, so that the city cannot possibly sell the property until this suit is disposed of. A final decree in this suit ought to be, I am advised, entered by the spring of this year. In view of the fact, however, that the complainant has expressed an intention of appealing in case of a decision unfavorable to her, and that the city would certainly appeal in case of a decision unfavorable to it, it is likely that the suit will not be finally disposed of before two years.

You say in your letter:

> "Another source of revenue may be obtained from the Telephone Company, amounting to approximately $850,000.00, for its compensation to the City for the last half of the year to be paid within this year and not, as heretofore, in the following year; provided, however, that the City Council takes immediate steps to give consideration to the renewal of its expired franchise."

I fear that the advance payment of the $850,000.00 by the telephone company might be made part of an understanding for a new franchise which might not be in the interest of the city and our people.

In connection with the Chicago Tunnel Company matters, I am advised by the Corporation Counsel that the city's claim for accrued compensation against the Tunnel Company, together with the proposed grant of a new franchise ordinance for the use of the tunnels, is now being considered by the Select and Joint Committee of the Local Transportation and Gas, Oil and Electric Light Committees; and that your Honorable Body received from the Corporation Counsel on October 30, 1929, a full written report upon the present status of the tunnel matters. This report in full is found in the Journal of the Proceedings of the City Council of October 31, 1929, at pages 1355, 1356 and 1357. In that report the Corporation Counsel stated that—

> "When said Committees have concluded their negotiations with the Chicago Tunnel Company, or have determined upon some other course with reference to the use and operation of the tunnels in question, and made their report to your Honorable Body, the Corporation Counsel will be ready and willing to do whatever he will be directed to do in the premises by your Honorable Body."

I believe the Aldermen should take prompt action indicating their desire that the Corporation Counsel proceed with the enforcement of the city's demands against the tunnel company, regardless of the consideration of a new franchise, if any.

There may be other and more practical ways of obtaining revenue but you have not mentioned them. The methods suggested by you cannot and will not solve the financial problem, created by the "reformers" through the re-assessment of property value, which cut off the revenue for over twenty months and reduced the valuations in the Loop $300,000,000.00.

To me, the solution of the financial problem that confronts us should be approached on broader grounds, to the end that we may, through a special session of the legislature, receive not only temporary, but permanent, relief in order that the city government as well as other governmental agencies in our county and state may function in the interests of our people.

I appreciate your offer of co- operation, which is in line with my recommendation to the City Council in my messages.

I have suggested that your letter to me and my reply to you be printed in the Journal of the Council Proceedings. One of my reasons for asking this is the fact that your letter to me was printed in the newspapers before I received it.

Yours very truly,

(Signed) Wm. Hale Thompson,
Mayor.

Office of the Corporation Counsel,
Chicago, January 21, 1930.

Hon. Arnold H. Kegel, M. D., Commissioner of Health:

Dear Sir—We have your request of the 11th instant for an opinion on the legality of recalling discharged employes to service in the Health Department. Your request so stresses the importance of this matter that we consider it necessary to set it out here in full. Such request is as follows:

> "Kindly render an opinion relative to the legality of recalling to work employees of the Department of Health who were dismissed from service in compliance with the order of January 3, 1930.
>
> An immediate decision in this matter is extremely important as the contagious disease rate is mounting rapidly. This is shown by the fact that there are at this date more cases of scarlet fever in the city than at any time since 1911. The situation is so critical that unless relief is quickly obtained it will be necessary to withdraw our forces from approximately one-third of the City in order to render adequate and efficient service to the remaining two-thirds."

The order discharging the employees whom you now urge, in the interest of public health, should be reinstated was based on the appropriation ordinance passed by the aldermen on January 3rd, which, in legal effect failed to make any appropriation for the employees discharged, and was in itself an order by the aldermen to the heads of departments to discharge forthwith all employees for whom no appropriation was made. In addition to passing the appropriation ordinance the aldermen at the time passed what is known as a continuation ordinance directing the heads of departments to operate on the basis of the new appropriation ordinance.

On the basis of these facts the Corporation Counsel rendered an opinion that there was no alternative left to the heads of departments except to discharge the number of employees in excess of those appropriated for.

Subsequently the Mayor returned to the City Council at its meeting on January 8th his veto of the appropriations made for these departments.

It is our opinion that the effect of the Mayor's veto was to set aside the appropriation ordinance and continuation ordinance and restore the personnel in these departments to that provided in the 1929 budget.

The reason for this opinion is the existence of a continuation order passed by the City Council, December 30, 1929, which is as follows:

> "*Ordered*, That the heads of all departments be and they are hereby authorized and directed to continue operations of activities pending the passage of a continuation ordinance to be passed by the City Council on Thursday, January 2, 1930."

In the absence of any further action by the Council, it would be our opinion that the heads of all five of the departments affected by the Mayor's veto would be authorized to reinstate the discharged employees. Important subsequent action taken by the Council, however, materially alters the situation.

Subsequent to the Mayor's veto there was passed by the Council the so-called "McDonough Resolutions". These resolutions pertain only to the fire and police departments. These resolutions expressly state that it had been the intention of the Council in the vetoed provisions of the appropriation ordinance for the fire and police departments to provide by its terms the entire number of men employed under the ordinance of 1929. Since, under the terms of the new ordinance as passed, the heads of these departments, fire and police, deemed it necessary to discharge large numbers from their forces. The Council, therefore, resolved as follows:

> "*Resolved*, That it is hereby declared to be the sense of the City Council of the City of Chicago that the full 1929 force of the Fire Department be employed during the year 1930, and be it further
>
> *Resolved*, That the City Council does hereby pledge itself to appropriate to said activity, out of the first moneys derived out of miscellaneous receipts, sufficient moneys to provide for the payment of the force provided in this item of the Appropriation Ordinance for the year 1930, and be it further
>
> *Resolved*, That the Fire Commissioner be and he is hereby directed to immediately reinstate all members of the Fire Department relieved from duty on January 6th, 1930."

A similar resolution affecting the Police Department was passed.

The foregoing order and resolutions of the City Council may have the force and effect of an actual appropriation ordinance with respect to the police and fire departments, to the extent that any amended provision for these departments in the appropriation ordinances must and will carry sufficient appropriation to continue throughout 1930 the entire personnel of these departments as carried throughout 1929. Supported by this action of the Council, the discharged employees have been reinstated in the departments of police and fire by the heads of these departments.

The Health Department, the Street and Electric Light Departments are affected in the same way by the Mayor's veto. The same opinion would, therefore, apply to these three departments but for the fact that the McDonough resolutions, which by their very language apply only to the police and fire departments, have no application to the Health, Street and Electric Light Departments. The City Council has expressed no intention of taking future action in reference to these three departments and has given no assurance of future appropriations for these three departments such as has been given the Police and Fire Departments.

The question now is whether or not in this situation the discharged employees of the Health Department, and the Street and Electric Light Departments as well, may be recalled and reinstated in the service. The answer to this question must depend upon whether the City Council will or will not make provision for an increase in their appropriations for these three departments, as the McDonough Resolutions pledged the Council to do for the Fire and Police Departments. It may be held that the Council's assurance of appropriation for the Police and Fire Departments alone must be construed by the familiar rule of exclusion to mean that no appropriation for the other departments was intended. With no appropriation and no pay provided for them, there can be no reinstatement of the employees in the Health Department, or Street Department or Electric Light Department. Such reinstatement can be made only at the direction of the City Council. Any other reinstatement of the discharged employees will subject them to work without pay, and no right of action would accrue to them if the appropriation bill should make no provision for such pay.

This may seem a harsh rule of law in this situation and may, and doubtless will, operate detrimentally to the health and life of our people, as indicated in your communication. But, nevertheless, it is the law. The responsibility for this deplorable and dangerous situation rests upon those aldermen who failed to act in this matter as you requested. It does not rest upon the Health Department, nor upon the Law Department.

In the Matter of Appropriations for the Office of Bailiff of the Municipal Court of Chicago.

Honorable William Hale Thompson, Mayor, submitted a communication transmitting the following communication, which was referred to the Committee on Finance:

The Municipal Court of Chicago,
Chicago, January 17, 1930.

Honorable William Hale Thompson, Mayor, City of Chicago:

Dear Sir—I wish to call your attention to the appropriation passed by the City Council for this branch of the Municipal Court (The Bailiff's Office), and call your further attention to the fact that as far as the Bailiff's office is concerned, the budget as passed by the City Council, does not conform to the order as entered and spread on record by the majority of the Judges of the Municipal Court, and there is a difference of approximately one hundred forty-five thousand one hundred eighty-three and no one-hundredths ($145,183.00) dollars.

I also want to call your attention to the fact that under the laws of this State, "The Judges of the Municipal Court have, by the consent of the people, become corporate authorities, not with power to assess and collect taxes, but with control so far as the law has confided it to them, of the expenses of the Court, and with power to incur indebtedness on the part of the City for that purpose for which it is the duty of the City Council to provide by the appropriation of money, to pay it, and the levy of taxes for that purpose."

People vs. The City of Chicago, 310 Illinois 338.

And again, it is said "In view of this decision (case last above cited) the conclusion is inevitable that the Judges of the Municipal Court have paramount control of the number of deputy bailiffs and the salaries for the same; that this power is lodged in them exclusively and that the City Council has no discretion in the matter but must make the appropriations when properly requested as ordered by the Judges".

People Ex Rel. Snow vs. The City of Chicago, 244 Illinois Appellate 66.

Under these two (2) decisions, it is clear that the Judges control the expenses of the Municipal Court in relation to the office of the Chief Justice, Clerk of the Municipal Court and the Bailiff of the Municipal Court.

Being a ministerial officer only and being in duty bound under my oath of office to follow the orders and directions of the Judges of the Municipal Court, I am placed in a position where I am forced to file appropriate legal proceedings to compel a compliance with the Statute. I trust that I will not be forced into this position if it can possibly be avoided.

The number of suits commenced in the Municipal Court have for some time past, been on an increase, and it has become considerably burdensome to carry on the work of my office with the present force and with a loss of about fifty-two (52) deputies would be practically impossible to keep up the work.

I do not wish to be held responsible for what may happen in the handling of writs directed to my office with a depleted force. The Judges of the Municipal Court, after a careful examination of the needs of the Bailiff's office, spread on record their orders, certified copies of which orders have been filed with the City Council.

I trust that you will see the advisability of following the law in this regard.

Yours very truly,

(Signed) Bernard W. Snow,
Chief Bailiff, The Municipal Court.

Protest against the Curtailment of Appropriations for the Department of Health.

The City Clerk presented the following communication, which was ordered published and referred to the Committee on Finance:

DEPARTMENT OF HEALTH,
CHICAGO, January 23, 1930.

To the Honorable Mayor of the City of Chicago, and Aldermen of the City Council:

GENTLEMEN—The Department of Health cannot assume the full responsibility for maintaining the health of the City, under the conditions to be imposed by the contemplated reduced budget.

The responsibility for the loss of control over an epidemic, will rest squarely upon the shoulders of the City Council, inasmuch as it is assuming the responsibility of curtailing the activities of the Health Department.

During 1929, four thousand cases of small-pox were in the State of Illinois, but constant vigilance prevailed, and Chicago only experienced seventy-eight cases out of this number, in spite of the fact that the population of the State, outside of Chicago, is equal to that of Chicago and therefore more difficult to control contagious diseases in densely populated areas. Typhoid fever cases amounting to seven hundred and eighty-nine, occurred in the remainder of the State, while only one hundred and eight cases occurred here in Chicago.

For twelve years the Health Department has been faithful and diligent, and careful in the line of duty to stamp out diphtheria and other contagious diseases. The dire results of an epidemic make it equally important for every bureau of the department to function.

There are fourteen reasons why the health inspectors should be recognized and retained, as their duties cover the following:

1—Quarantine (Contagious diseases).

2—Quarantine call (Curtailment of violations of quarantine).

3—Termination of quarantine (To see that premises have been thoroughly cleaned and disinfected).

4—Funeral inspection (To eliminate exposure to and contact with contagious diseases).

5—License inspections of food and industrial establishments.

6—Complaints (Community sanitation, aggravating nuisances, violations of sanitary code and housing conditions).

7—Inspection of retail establishments where all kinds of food are handled and sold; for sanitation of premises, wholesomeness of food, methods of handling and health and cleanliness of food handlers.

8—Inspection of installation of gas water heaters. (This inspection is paid for by applicant in advance.)

9—Inspection of public toilets. (Sanitation and equipment.)

10—Inspection of industrial establishments.

11—Morgue inspections (License, sanitation and equipment).

12—Inspection of mechanical ventilation equipment.

13—Infant welfare (Birth certificates).

14—Samples taken of milk, ice-cream, orange juice, hamburger and water.

An epidemic of any contagious disease would most seriously affect the progress of Chicago, not only because of the number of deaths resulting to children and adults, but through the limitations of business and education.

For the past seven years annually, the Department of Health has received a ten percent increase in their budget to keep pace with the growth of the City, and the 1929 budget upon its passage was considered both by the City Council and the Health Department, as the minimum under which the Department could function to advantage.

May we, the undersigned, urge again, that you give extraordinary consideration to your responsibility, for the proper protection of the health of the citizens of Chicago?

Thanking you kindly for any consideration given at this time, we remain,

Respectfully,

The City Clerk presented the following communication, which was referred to the Committee on Finance:

CHICAGO, January 14, 1930.

To the Honorable the Mayor, the Comptroller and the City Council of the City of Chicago, Chicago, Illinois:

GENTLEMEN—This is to certify that at a regular meeting of the Board of Trustees of the Firemen's Pension Fund of the City of Chicago, held January 14, 1930, a quorum being present, and the resolution for the levying of taxes for the year 1930 for the purposes of the Firemen's Pension Fund of the City of Chicago having been passed by the Board of Trustees of the said Firemen's Pension Fund of the City of Chicago, the following resolution was unanimously adopted:

> WHEREAS, There is not sufficient money in the hands of the Treasurer of the Firemen's Pension Fund of the City of Chicago to pay the beneficiaries of said fund the pensions due them during the year 1930; therefore, be it
>
> *Resolved,* By the Board of Trustees of the Firemen's Pension Fund of the City of Chicago:
>
> SECTION 1. That the Mayor and the City Comptroller be and they are hereby authorized to issue warrants against and in anticipation of the taxes levied by the City of Chicago for the purposes of the Firemen's Pension Fund of the City of Chicago for the year 1930 to an amount not to exceed seventy-five per cent (75%) of the total amount of taxes levied in 1930 for said purposes; such warrants to be issued only in conformity with Section 2 of an Act of the General Assembly entitled, "An Act to provide for the manner of issuing warrants upon the Treasurer of the State or of any county, township, city, or village or other municipal corporation and jurors' certificates", approved June 27, 1913, in force July 1, 1913, The Mayor and City Comptroller are hereby further authorized to attach to such warrants interest coupons for interest thereon at a rate of not exceeding six per cent (6%) per annum; payable only out of the taxes against which they shall be drawn when collected.
>
> SECTION 2. That said Mayor and City Comptroller be and they are hereby authorized and empowered to pay said interest coupons so issued at or after maturity out of the specific funds therein named.

be it further

Resolved, That the City Council of the City of Chicago be requested to enact such ordinance or ordinances as may be necessary for the effectuating of the purpose of the above resolution and be it further

Resolved, That the Secretary be instructed to transmit immediately a copy of the said above resolution to his honor, the Mayor, to the City Comptroller and to the City Council of the City of Chicago.

Witness my hand and seal this 14th day of January, 1930, transmitting said resolution, attached hereto.

[SEAL].

Ordered, That the City Comptroller be and he is hereby authorized and directed to advertise for bids for the leasing and use of the tunnels and conduits of the Chicago Tunnel Company, in accordance with the notice of proposals herewith submitted, said publication to be on the following dates:

Monday, January 27, 1930;
Monday, February 3, 1930;
Monday, February 10, 1930; and
Monday, February 17, 1930.

NOTICE OF PROPOSALS FOR THE USE OF PARTS OF CERTAIN STREETS, AVENUES, ALLEYS AND OTHER PUBLIC PLACES IN THE CITY OF CHICAGO AND UNDER THE CHICAGO RIVER AND ITS SEVERAL BRANCHES, AS A TUNNEL TRANSPORTATION SYSTEM.

Notice is hereby given that pursuant to a resolution adopted at a joint meeting of the Local Transportation, Finance, and Gas, Oil and Electric Light Committees of the City Council of the City of Chicago, on the second day of January, A. D. 1930, sealed proposals will be received by the City of Chicago for the privilege of using certain parts of the streets, avenues, alleys and other public places in the City of Chicago and under the Chicago River and its several branches, together with certain tunnels and conduits, now included in the tunnel system of the Chicago Tunnel Company, as described in an Ordinance of the City of Chicago hereinafter referred to, for and during a term of years which will hereafter be determined by the City of Chicago. Said proposals are to be made and received with the express agreement and understanding that any person, firm or corporation submitting a proposal hereunder shall use said streets, avenues, alleys and other public places and operate said tunnels, conduits and tunnel system for the transportation of newspapers, mail matter, packages, parcels or merchandise, as provided in the Ordinance passed February 20, 1899, and all ordinances amendatory thereof and supplementary thereto, granting such rights and privileges to the Illinois Telephone & Telegraph Company, its successors and assigns, and all proposals made hereunder shall be pursuant and subject to, and in conformity with each and all of the terms, provisions and covenants of said ordinance and all ordinances amendatory thereof and supplementary thereto, reference being hereby made to said ordinances now on file in the office of the City Clerk of the City of Chicago for greater particularity with respect to each and all of the terms and provisions thereof.

You are further hereby notified that the following is part of said ordinances:

"If at the expiration of this grant the City shall not itself operate the business established in or use said tunnels and shall not have elected to purchase the property and appliances of said company as provided in Section 6 hereof, and shall decide to grant the use of said tunnels to any person, firm or corporation, said City shall invite proposals for the use of such tunnels, and if the Illinois Telephone and Telegraph Company, its successors and assigns, shall make a proposal of equal advantage to the City in every respect with the proposal of any other person, firm or corporation making a proposal therefor, then and in that event the right to use such tunnels shall be given to said Illinois Telephone and Telegraph Company, its successors and assigns, upon the terms and conditions to be then fixed by ordinance. In case, however, the proposal of the Illinois Telephone and Telegraph Company, its successors and assigns, shall not be of equal advantage to the City with the proposal of any other person, firm or corporation, and the City shall grant the use of said tunnels to such other person, firm or corporation, then the City shall incorporate in the ordinance granting such use a provision requiring the grantee to purchase (exclusive of the tunnels and conduits, which will then be the property of the City) all of the tangible property reasonably required for the purposes of this grant at its fair cash value, and the mode of appraisement shall be the same as that hereinbefore provided. The question as to whether a proposal of the Illinois Telephone and Telegraph Company be of equal advantage with the proposal of any other person, firm or corporation shall be decided by the City Council."

You are further hereby notified that the following are the provisions of said ordinances relative to the mode of appraisement:

"In the event that the City shall desire to purchase the property of the company, as aforesaid, the purchase price of said property shall be determined by appraisement as follows: One appraiser shall be appointed by the City, in such manner as the City Council shall direct; one shall be appointed by the company; and a third shall be appointed by the two so selected. Either party may appoint its appraiser, at any time after the giving of such notice of intention, and serve written notice of such appointment upon the other party; and such other party, within thirty days after service of notice of such appointment, shall appoint its appraiser and serve written notice of such appointment upon the other party; whereupon the two appraisers so appointed shall appoint the third appraiser. In the event that the party first receiving notice of the selection of an appraiser by the other party shall fail to appoint an appraiser and give notice thereof as above provided, or in the event that the two appraisers first appointed shall fail to agree upon a third appraiser within thirty days after notice of the appointment of the second appraiser, either party, upon giving a written notice of ten days to the other party, may apply to the Appellate Court for the First District of Illinois, or a majority of the members thereof and any appraiser appointed by said court shall have the same powers and duties as if regularly appointed as above provided.

"The appraisers shall determine what tangible property, real and personal, in addition to the said tunnels, owned by the company and then used for the purposes of this grant, is reasonably required for its continued operation; and in determining the fair cash value of said property, they shall not take into consideration its earning power or the value of any franchise or license, but shall allow for the property the then cost of duplication, less depreciation. An award in writing signed by a majority of the appraisers shall be valid and binding on the parties."

They are further hereby notified that each and every bidder hereunder shall include in said proposal, the amount, terms and conditions of an offer to pay to the City of Chicago compensation for the privilege of the use of said streets, avenues, alleys, tunnels and conduits, and other public places in the City of Chicago and under the Chicago River and its several branches, for the operation of said tunnel system for the transportation of newspapers, mail matter, packages, parcels or merchandise, based upon a certain fixed percentage of the gross receipts of the business to be conducted under authority of the ordinance which may be hereafter granted by the City of Chicago to such bidder.

Said proposals shall be received at the office of the City Comptroller, in the City Hall of the City of Chicago until the 28th day of February, A. D. 1930, at the hour of 11:00 o'clock A. M., at which time and place said proposals will be publicly opened and each proposal must be accompanied by cash or by check, payable to the City of Chicago, certified by a responsible bank for an amount not less than 10% of the aggregate of the bid made, (except the aggregate compensation hereinabove referred to).

No proposals will be received unless the party offering the same shall furnish satisfactory evidence to the City Council of the City of Chicago that such bidder has the necessary facilities, ability and pecuniary resources to fulfill the conditions thereof and pay for all of the tangible property reasonably required for the purposes of the contemplated grant at its fair cash value, and to fully perform any and all of the obligations necessary to be performed in the conduct and operation of a transportation system in and by the use of said streets, avenues, alleys and other public places in the City of Chicago and under the Chicago River and its several branches, in the manner in which the same have heretofore been used, as provided in said ordinance granting said rights and privileges to the Illinois Telephone and Telegraph Company, its successors and assigns, and all ordinances amendatory thereof and supplementary thereto.

Dated at Chicago, Illinois, this 24th day of January, A. D. 1930.

By order of Local Transportation, Finance, and Gas, Oil and Electric Light Committees of the City of Chicago.

Unanimous consent was given to permit action on said order without reference thereof to a committee.

DEPARTMENT OF COMPENSATION.

Annual Report for the Year 1929.

The City Clerk presented the annual report of the Department of Compensation for the year 1929, which was ordered

Placed on file.

Jacob L. Kesner: Smoke Stack Connection (Repeal).

The City Clerk presented the following communication:

DEPARTMENT OF COMPENSATION,
CHICAGO, February 4, 1930.

REPEAL ORDINANCE—SMOKE STACK REMOVED.

To the Honorable, the Mayor, and the City Council of the City of Chicago:

GENTLEMEN—Transmitted herewith is an ordinance repealing an ordinance granting permission to Jacob L. Kesner to maintain a smoke stack connection over alley connecting the smoke stacks of the Baltimore Building and the Consumers Building for the reason that the said smoke stack connection has been removed.

Yours very truly,

(Signed) JOHN A. PELKA,
Commissioner of Compensation.

Unanimous consent was given to permit action on the ordinance submitted with the foregoing communication without reference thereof to a committee.

Alderman Cronson moved to pass said ordinance.

The motion prevailed, by yeas and nays as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Nance, Meyering, Govier, Rowan, Wilson, Zintak, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, Cepak, Toman, Arvey, Sloan, Maypole, Clark, Konkowski, Smith, Rozczynialski, Kaindl, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, T. J. Bowler, Crowe, Albert, Loescher, Hoellen, Massen, Mellin—41.

Nays—None.

The following is said ordinance as passed:

Be it ordnined by the City Council of the City of Chicago:

SECTION 1. That an ordinance passed by the City Council December 20, 1922, and appearing upon pages 1561-2 of the Journal of the Proceedings of said date, granting permission to Jacob L. Kesner, his heirs, executors and assigns, to maintain and use as now constructed an existing smoke stack connection over and across the north-and-south alley in the block bounded by Adams street, Quincy street, South State street and South Dearborn street, connecting the smoke stack of the Baltimore Building with the smoke stack of the Consumers Building at a point one hundred fifty (150) feet above the grade of the alley be and the same is hereby repealed.

SECTION 2. The City Comptroller is hereby authorized and directed to cancel all outstanding unpaid warrants for the said privilege for the periods subsequent to December 22, 1929.

SECTION 3. This ordinance shall take effect and be in force from and after its passage.

DEPARTMENT OF LAW.

Proposed Submission to a Referendum Vote of the Question of the Adoption of an Act Designating Certain Duties of the Corporation Counsel and Providing for the Selection of City Depositaries from Regularly Established National and State Banks.

The City Clerk presented the following communication, which was referred to the Committee on Finance:

DEPARTMENT OF LAW,
CHICAGO, January 29, 1930.

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—We beg to call your attention to a statute effective only upon adoption by the City, applying solely to the City of Chicago. and requiring a referendum, which was passed by the General Assembly at its last session. This enactment appears on pages 208-211 of the Session Laws of 1929.

The said enactment amends Sections 5 and 7 of Part Two of Article XII of the Cities and Villages Act. It provides for a more specific designation of the duties of the Corporation Counsel with reference to cases arising against a city officer sued by reason of the performance of duties imposed on him, and it also provides for the selection of city depositaries from any regularly established national and state bank, leaving out the limitation that they must be located within the city.

The Act provides that the question of the adoption of the same shall be submitted to the legal voters of the City of Chicago "at the first general election in and for the whole city" held after the passage of the Act, or at any other general or special election as may be determined by the City Council.

The submission at the first general election is mandatory, or at least directory. Hence, the question arises whether the primary to be held in April is to be regarded as a general election for this purpose. The Corporation Counsel some years ago rendered an opinion to the effect that it must be so regarded.

We therefore suggest for the consideration of your Honorable Body the question as to whether you wish to place the proposition on the ballot to be voted on at the coming April primary. In order to avoid any question as to whether the same is submitted at an election such as the Act provides for, we recommend that in case it is decided to place the question before the voters at that time a special election should be called for the purpose to be held on the day of the primary. Such action will do away with any doubt as to the legality of the submission of the question on that day.

Yours truly,

(Signed) LEON HORNSTEIN,
Assistant Corporation Counsel.

Corporation Counsel.

POLICEMEN'S ANNUITY AND BENEFIT FUND,
CHICAGO, January 27, 1930.

To the Honorable, the Mayor, the Comptroller and the City Council of the City of Chicago, Chicago, Illinois:

GENTLEMEN—This is to certify that at a regular meeting of the Retirement Board of the Policemen's Annuity and Benefit Fund of the City of Chicago, held January 23, 1930, a quorum being present, and the resolution for the levying of taxes for the year 1930 for the purposes of the Policemen's Annuity and Benefit Fund of the City of Chicago having been passed by the Retirement Board of the said Policemen's Annuity and Benefit Fund of the City of Chicago, the following resolution was unanimously adopted:

> WHEREAS, The act entitled, "An Act to provide for the creation, setting apart, maintenance, and administration of the Policemen's Annuity and Benefit Fund in cities having a population exceeding 200,000 inhabitants", approved June 29, 1921, in force July 1, 1921, as amended, provides in Section 11 thereof for the issuance of tax anticipation warrants against the tax levy provided for in said act, now, therefore, be it

Resolved, By the Retirement Board of the Policemen's Annuity and Benefit Fund of the City of Chicago:

SECTION 1. That the Mayor and the City Comptroller be and they are hereby authorized to issue warrants against and in anticipation of the taxes levied by the City of Chicago for the purposes of the Policemen's Annuity and Benefit Fund of the City of Chicago for the year 1930 in such amounts as the said Retirement Board may from time to time designate, but in a total amount not to exceed seventy-five per cent (75%) of the total amount of taxes levied in 1930 for said purposes; such warrants to be issued only in conformity with Section 2 of an Act of the General Assembly entitled, "An Act to provide for the manner of issuing warrants upon the Treasurer of the State or of any county, township, city, village or other municipal corporation and jurors' certificates", approved June 27, 1913, in force July 1, 1913. The Mayor and City Comptroller are hereby further authorized to attach to such warrants interest coupons for interest thereon at a rate of not exceeding six per cent (6%) per annum; payable only out of the taxes against which they shall be drawn when collected.

SECTION 2. That said Mayor and City Comptroller be and they are hereby authorized and empowered to pay said interest coupons and said warrants so issued at or after maturity out of the specific funds therein named.

Be it further

Resolved, That the City Council of the City of Chicago be requested to enact such ordinance or ordinances as may be necessary for the effectuating of the purpose of the above resolution; and be it further

Resolved, That the Secretary be instructed to transmit immediately a copy of the said above resolution to his honor, the Mayor, to the City Comptroller and the City Council of the City of Chicago.

Witness my hand and seal this 27th day of January, 1930, transmitting said resolution, attached hereto.

(Signed) PATRICK E. DWYER,
Secretary.

In the Matter of the Construction of a Subway and Elevation of Tracks at E. 95th St. and Stony Island Av., Etc. (N. Y., C. & St. L. R. R.).

The Committee on Track Elevation submitted the following report, which was, on motion of Alderman Coughlin, deferred and ordered published:

CHICAGO, January 31, 1930.

To the Mayor and Aldermen of the City of Chicago in City Council Assembled:

Your Committee on Track Elevation, to whom was referred (November 27, 1929, page 1565), a resolution directing that measures be taken to compel the New York, Chicago & St. Louis Railroad Company (Nickel Plate Railroad) to proceed with track elevation work and the construction of a subway at East 95th street between Dorchester and Stony Island avenues, to open said street for public use, and to station a policeman at the temporary crossing of said railroad company at East 95th street to safeguard the public, etc., having had the same under advisement, beg leave to report and recommend the adoption of the substitute resolution submitted herewith:

WHEREAS, The New York, Chicago and St. Louis Railroad Company, (Nickel Plate) has for a period of more than a year prohibited the public from using East 95th street, between Dorchester and Stony Island avenues, thereby causing vehicular and pedestrian traffic to take a circuitous course full of danger, through the yards of said company; and

WHEREAS, For a period of approximately one year no construction work has been done on the elevation of the tracks of said railroad company and installation of a subway at East 95th street, between Dorchester and Stony Island avenues; and

WHEREAS, Said New York, Chicago and St. Louis Railroad Company is in default for a period of nearly two years on the construction of a subway at East 93rd street, immediately west of Stony Island avenue; and said Railroad Company has persistently refused to start work on the establishment of said subway; therefore, be it

Resolved, That the Corporation Counsel be directed to take such steps as are necessary and legal to compel said New York, Chicago and St. Louis Railroad Company to comply with its contract ordinance and to restore East 95th street to the use of the public, or compel said railroad company to proceed with its track elevation at East 95th street; and, be it further

Resolved, That the Commissioner of Public Works be, and he is hereby, directed to take the necessary steps to cause the said New York, Chicago and St. Louis Railroad Company to fulfill the terms and provisions of the track elevation ordinance accepted by it, and herein referred to; also, that the Commissioner of Police be, and he is hereby directed, to station policemen at the temporary crossing of said Nickel Plate Railroad at East 95th street, to safeguard the public, and to enforce existing ordinances against the New York, Chicago and St. Louis Railroad Company, and to stop all trains before crossing said intersection.

Respectfully submitted,

(Signed) JOHN J. COUGHLIN,
Acting Chairman.

Department of Gas and Electricity Stock Account.

The Department of Gas and Electricity Stock Account is established for the purpose of maintaining a stock of material and supplies used in the construction, operation and maintenance of the City's street lighting system, the "Stop and Go" traffic control signal system, and police and fire alarm telegraph system. All material and supplies shall be acquired and disbursed by this stock account as hereinafter set forth.

The quantity of material and supplies on hand to the credit of this stock account shall at no time be in excess of one year's requirements for the purposes above set forth.

No liability shall at any time be incurred in excess of the available cash balance of this stock account (as shown on the books of the City Comptroller).

Material and supplies shall be purchased only in accordance with a regularly approved requisition or contract as required by City ordinances.

The full amount of all contracts and requisitions shall be carried as an incumbrance against this stock account except the amount of the requisitions only shall be carried where such requisitions are made against contracts calling for deliveries from time to time.

Material and supplies returned to stock shall be covered by a credit memorandum in favor of the account originally charged, which credit shall be

deducted from the total of subsequent warrants for collections charged against said account.

Salvaged material and supplies shall be valuated by the Commissioner of Gas and Electricity and priced accordingly and when placed in stock shall be covered by warrant for collection crediting the proper fund and charging this stock account for the amount thereof.

No material and supplies may be withdrawn from the stores of this stock account except upon the receipt of a regularly approved order or requisition chargeable against established capital accounts, other suspense stock accounts, or appropriation accounts set up for the purpose of constructing, operating or maintaining the City's street lighting system, the "Stop and Go" traffic signal system, and the police and fire alarm telegraph system. All such orders for the withdrawal of stock shall be handled in such manner as may from time to time be specified by the City Comptroller.

This stock account shall be reimbursed by rendering warrants for collection within thirty days after the delivery of material and supplies, chargeable against accounts designated on the order or requisition covering such deliveries. All material and supplies shall be billed on such warrants for collection at the cost price, plus one per cent to cover cost of breakage and loss. Freight and demurrage, if any, shall be added to cost price.

All expense incidental to the operation of this stock account shall be paid out of appropriations otherwise made for the Department of Gas and Electricity, subject to the limitations of such appropriations, except for the purchase of material and supplies as herein outlined, and for the payment of freight and demurrage costs which shall be charged to this stock account.

There shall be maintained a perpetual form of inventory record showing all the stock received, stock delivered and the stock on hand at all times together with the cost thereof. All material received in stock and all material withdrawn from stock shall be entered on the inventory record. The inventory record shall show the authority upon which all entries therein are made.

All books of account, inventory and other records, shall be kept in such manner as may be prescribed by the City Comptroller and shall be audited periodically by said City Comptroller.

Bureau of Electric Wiring and Repair Service Account.

The Bureau of Electric Wiring and Repair Service Account is established for the purpose of furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Bureau of Electric Wiring and Repair Service Account—Continued.

Expenditures from this service account shall be made only upon receipt of requisitions approved by the City Comptroller from the head of the department for which services are to be rendered. Such requisitions shall be drawn against appropriations made for the work in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred by this service account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisitions, issued in the same manner as was the original.

Warrants for collection shall be rendered within ten days after the end of the current payroll period in the amount of the direct expense actually incurred on each requisition plus not to exceed twelve per cent for incidental overhead expense. No work shall be done for any person, firm or corporation outside of the City government except upon deposit made with the City Comptroller of a sum of money sufficient to defray the cost of such work against which sum warrants for collection shall be issued upon completion of the work. The City Comptroller may waive this requirement in writing when he believes it is justified.

The following items of expenditures are authorized and are to be charged as incidental and overhead expense for which not to exceed twelve per cent of the direct expense actually incurred may be added as above mentioned:

The following employes are authorized to be employed as needed:

Supervisor of Electrical Mechanics......	$5,700.00
Principal Storekeeper	2,840.00
Principal Clerk	2,720.00
Senior Clerk	2,360.00

No expenditures for any commodities other than those authorized for incidental and overhead expense shall be charged to this service account.

Bureau of Electric Wiring and Repair Suspense Stock Account

The Bureau of Electric Wiring and Repair Suspense Stock Account is established for the purpose of maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting, police and fire alarm and other signal systems under the jurisdiction of the Department of Gas and Electricity.

Purchases of material and supplies for this stock account by contract or other authorized method shall be made in such quantities as may suit the needs of this stock account but in no case shall the quantity exceed one year's requirements, nor shall any liability be incurred in excess of the unencumbered balance of this account, nor for a commodity that will not be issued and billed for this stock account, except upon the approval of the City Comptroller. Material and supplies on hand may be withdrawn from stock for use as hereinafter provided only upon receipt of requisition approved by the City Comptroller from the head of the department for which work is to be done. Such requisition shall be drawn against appropriations made for such material and supplies in which there must be a sufficient unencumbered balance to pay the estimated cost stated in the requisition. No expense shall be incurred on account of material or supplies furnished by this stock account in excess of the estimated amount of such requisition. Additional expenditures, if necessary, shall be covered by supplementary requisition issued in the same manner as the original. Warrants for collection shall be rendered in the amount of expense incurred for material and supplies on each requisition within a period not to exceed ten days after date of delivery of such material or supplies.

There shall be maintained a perpetual form of inventory records showing all the stock received, the stock delivered and the stock on hand at all times, together with the cost thereof. All material withdrawn from stock and delivered on account of requisition shall pass through the inventory records and shall be shown thereon. The inventory records shall show the authority upon which all entries therein are made. The City Comptroller from time to time shall make a physical check of the inventory.

All material and supplies furnished by this stock account shall be billed for at the actual purchase price plus not to exceed eight per cent to cover transportation charges, breakage and loss. Material and supplies withdrawn by the Bureau of Electric

The following is said ordinance as passed:

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That on any warrants in anticipation of taxes that are purchased during the year 1930 out of funds in the City treasury not immediately necessary for the purposes for which they are collected, and on any such outstanding warrants that are unredeemed, the interest accruing during the year 1930 on such warrants of the City of Chicago issued for general Corporate purposes shall be computed at the same rate of interest as paid on deposits of City money by depositary banks, and in no event shall be less than two and one-half per cent (2½%) per annum; and the interest accruing on tax warrants issued for School and purposes other than general Corporate purposes shall be four per cent (4%) per annum; and all such tax warrants shall be held in the custody of the City Treasurer until paid and cancelled.

SECTION 2. This ordinance shall be in full force and effect from and after its passage.

Direction for the Appointment of a Committee to Negotiate for the Sale of Tax Anticipation Warrants.

Alderman Clark presented the following resolution:

WHEREAS, The ordinance for the levy of taxes for the year 1930 was passed by the City Council at its meeting today; and

WHEREAS, City employes have not received any salary for the month of January, 1930; and

WHEREAS, In order to provide the necessary cash to meet payrolls and other emergency expenses it is necessary that the City negotiate for the sale of warrants against the 1930 taxes; therefore, be it

Resolved, That His Honor the Mayor, appoint a committee consisting of the Corporation Counsel, the City Comptroller and the Chairman of the City Council Committee on Finance, for the purpose of finding purchasers for tax warrants to be issued against taxes for the year 1930.

Unanimous consent was given to permit action on said resolution without reference thereof to a committee.

Alderman Clark moved to adopt said resolution.

The motion prevailed.

In the Matter of the Policy of a Majority of the City Council Concerning Appropriations for the Year 1930.

Alderman Clark presented the following communication, which was ordered published and placed on file:

COMMITTEE ON FINANCE,
CHICAGO, February 4, 1930.

To the Mayor and Aldermen of the City of Chicago in City Council Assembled:

On January 24, 1930, His Honor the Mayor, addressed a communication to the City Council in which he criticised the policy of the majority of the Council in reference to the 1929 appropriation bill, and more particularly their alleged position regarding the "Loop" assessments. At the same meeting of the City Council the Mayor transmitted a copy of my communication addressed to him regarding plans for acquiring revenue which would permit the retention of the present force in the Police and Fire Departments, and also a copy of his reply thereto.

I desire to bring to the attention of the City Council certain matters related to the subject-matter of the communications referred to.

The City Comptroller's estimate of revenue submitted to the City Council under date of December 20, 1929, as published in the Council proceedings of December 23, 1929, set up the estimated resources of 1930 as $53,001,824.63. Of this amount it was indicated by the Comptroller that only $39,475,256.36 would be available for appropriation purposes in 1930 and that the 1929 deficit should be absorbed from 1930 revenues. The Comptroller's plan, I believe, was impractical and would have brought about a chaotic condition.

The Committee on Finance realized that at best the 1930 appropriation ordinance must be less than that of 1929, and formulated the policy of limiting 1930 appropriations to 1930 revenues. The City Council concurred in this policy by the adoption of the 1930 appropriation ordinance on January 3rd, amounting to $55,272,205.03.

The Committee on Finance, realizing the financial condition confronting the City, introduced in the Council the appropriation bill on December 30, 1929, for the purpose of passing the same as early in January as it was legally possible so to do, in order to enable the City authorities to prepare the tax levy ordinance and permit the sale of tax warrants to provide the necessary cash to meet City payrolls and the payment of other miscellaneous City expenses.

The final passage of the appropriation ordinance was delayed due to successive vetoes and the demands of His Honor the Mayor that appropriations for the Departments of Police, Fire, Gas and Electricity, Health and the Bureau of Streets be placed upon substantially the same basis as in 1929, which demand would have added about $4,500,000.00 to the 1930 budget.

The veto message in connection with the veto of the appropriations made for the five main departments stated as its principal reason for such veto that these departments should function on substantially the same basis as in 1929. For this reason, the City Council then eliminated less essential activities representing a total of $270,000.00 and distributed the same to the five major departments. His Honor the Mayor failed to approve these amendments and they were vetoed for the same reason as was given in the original veto.

The delay in the approval of the appropriation ordinance and the unfavorable publicity that the City of Chicago has received has, to say the least, aggravated the condition wherein arrangements for the payment of employes' salaries have been delayed to an uncertain time.

His Honor the Mayor has stated on several occasions that the 1928 valuations of "Loop" property have been reduced $300,000,000.00, and he has urged the City Council to make a plea to the assessing bodies to the end that 1927 assessment values be reestablished. This statement gives an erroneous impression.

The 1928 valuations of the "Loop" area, as tentatively determined by the Board of Assessors, are approximately $174,000,000.00 less than those determined by the Board of Review in 1927 upon which "Loop" property paid its 1927 taxes. Serious as this reduction is, the actual loss in the City's corporate revenue from "Loop" values is $1,677,000.00, and not $3,000,000.00 as might be inferred, and would provide only thirty-seven per cent of the amount required to place the 1930 budget on substantially the 1929 basis.

In my letter to His Honor the Mayor of January 20, 1930, I pointed out three possible sources of revenue. In his reply of January 23, 1930, the question was raised as to the uncertainty of the revenue suggestions.

With reference to the telephone compensation, he feels that the advance payment of $850,000.00 by the telephone company might be made a part of an understanding for a new franchise which might not be to the interest of the City and the people. In this respect I do not feel that any action of the City Council should be pre-judged.

With regard to the suggestions concerning the sale of the Gage Farm and the settlement of the compensation due the City from the tunnel company, he states that these are extremely uncertain. I know that these items are uncertain. Had it been felt that they were certain, I would have recommended that appropriations be made in the amounts involved for needed public service.

On numerous occasions His Honor the Mayor, as well as certain administration leaders of the City Council, has made statements that it is the duty of the City Council to appropriate for the needs and requirements of the City. The same officials seem to forget that there are two essential factors that must be considered in the making of an appropriation bill: the one is the tax rate determined by the state legislature, and the other is the valuation of taxable property determined by the assessing bodies. If no consideration is given to these two factors, it inevitably leads to over-appropriation and a resulting deficit.

It is to be regretted that the Mayor has been ill-advised on these very essential features of budget-making, and it is equally surprising that some of the administration Council leaders have resorted to these arguments in order to gain their objective, which was to appropriate far in excess of the known revenue.

In conclusion, it is hoped that all parties will unite in a program that will bring about the solving of this problem and remove the crisis with which we are now confronted, to the end that City employes will soon receive their pay and thereby remove the danger that now confronts such employes by being forced into the hands of the loan sharks.

Respectfully submitted,

(Signed) JOHN S. CLARK,
Alderman—30th Ward.

Recommendations for the Designation of Certain Streets in Chicago as State-aid Routes.

The City Clerk presented the following communication, which was referred to the Committee on Traffic Regulation and Public Safety:

The Chicago Association of Commerce,
Chicago, February 25, 1930.

Honorable Mayor and Members of the City Council, City Hall, Chicago:

Honorable Sirs—On June 14, 1929, Your Honorable Body passed a resolution requesting The Chicago Association of Commerce to recommend a system of streets in Chicago as state-aid routes, upon which funds from the gasoline tax should be expended.

Concurrent with the adoption of your resolution, the County Board requested The Chicago Association of Commerce and The Chicago Regional Planning Association to make a similar study both for Chicago and the remainder of the county.

In their study these organizations encountered many situations in regard to width of pavement, width of street right of way, location of certain underground services, and other difficulties which have not previously been solved jointly by the state, county and other authorities inside of the City of Chicago. The solution of some of these problems lies with the state, county, city, park boards, and utility officials, who must co-operate in planning the several improvements, and agree upon a great number of details, both in the interpretation of the law and in the design and construction practice.

The report of the Joint Committee of The Chicago Association of Commerce and The Chicago Regional Planning Association is submitted herewith. Your attention is directed to the committee recommendations, page two, and the conditions under which the work will be done in Chicago, Exhibit C. The proposed routes to be constructed in Chicago are listed in Exhibit A, by the letter "C", and shown in map form in Exhibit A, on page fourteen.

In addition to other recommendations in the report, The Chicago Association of Commerce also recommends that sufficient amounts of the vehicle tax for 1930 and following years be allocated to the repair of those sections of the routes not specifically maintained by the Illinois Division of Highways.

The committee had the benefit of the experience and counsel of the Aldermen and representatives of the Board of Local Improvements, Department of Public Works, Chicago Plan Commission, and park boards.

In conclusion The Chicago Association of Commerce wishes to express its appreciation for the opportunity to offer its advice to the City Council in the selection of the routes contained in this program.

Respectfully submitted,

(Signed) Robert Isham Randolph,
President.

Placed on file.

DEPARTMENT OF LAW.

Opinion Concerning the Validity of The Annual Appropriation Bill of the City of Chicago for the Year 1930.

The City Clerk presented the following communications, which were ordered published and placed on file:

DEPARTMENT OF LAW,
CHICAGO, February 26, 1930.

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—I transmit herewith an opinion rendered by the Corporation Counsel to the City Comptroller under date of February 21, 1930, and recommend that the same be published in the Journal of the Proceedings of the City Council.

Very truly yours,

(Signed) SAMUEL A. ETTELSON,
Corporation Counsel.

February 21, 1930.

Hon. George K. Schmidt, City Comptroller.

Attention: V. S. Petterson,
Deputy City Comptroller.

DEAR SIR—We are in receipt of your letter forwarding to us a recent communication to you from Chapman & Cutler, in which they discuss the validity of the Annual Appropriation Ordinance for the year 1930 as passed by the City Council.

An examination of this communication reveals that Chapman & Cutler do not undertake to express any definite legal opinion upon the validity of the Annual Appropriation Ordinance. They do, however, discuss various questions, largely based upon a misapprehension of facts, in a way which might tend to throw doubt upon the regularity of the proceedings of the City Council in adopting such Annual Appropriation Ordinance.

Their first ground of objection seems to be, as to the right of the Mayor to submit a veto under date of January 18, 1930, when a recessed session of the regular meeting of January 8th was held.

Their second objection seems to be, as to the power of the Council to change the date of the regular meeting from January 20, 1930, to January 24, 1930.

In their communication to you Chapman & Cutler intimate (although they do not make any positive statement to that effect) that the items contained in the first amendatory ordinance passed January 13, 1930, and vetoed by the Mayor, are in force and effect for the reason that the message of the Mayor vetoing such items in said amendatory ordinance was forwarded to the City Council at a recessed session of the same regular meeting, at which said amendatory ordinance was passed, namely, the regular meeting of January 8, 1930.

The right and power of the Mayor to veto must necessarily be co-existent and concurrent with his right to sign an ordinance. Any time after the passage of the ordinance and before the next regular meeting, the Mayor has the power to sign. He, therefore, logically possesses a like power to veto, if he desires to veto.

Section 18 of Article III of the Cities and Villages Act (Cahill's Illinois Revised Statutes 1929, Chapter 24, paragraph 49, page 325) is as follows:

> "All ordinances passed by the City Council shall, before they take effect, be deposited in the office of the City Clerk; and if the Mayor approves thereof, he shall sign the same, and such as he shall not approve he shall return to the Council, with his objections thereto, in writing, at the next regular meeting of the Council occurring not less than five days after the passage thereof. * * *"

Statutory provisions of this character prescribing or regulating the return of a vetoed ordinance by the Mayor to the City Council have been held to be merely *directory* and not mandatory.

(*Baar v. Kirby*, 118 Mich. 392;
Commonwealth v. Fitler, 136 Pa. 129;
Baltimore v. Corter, 93 Md. 1;
2 Dillon on Mun. Corp. (5th ed.) Sec. 578).

There is, however, a limitation placed as to the maximum time that the Mayor may take to veto. The statute has placed the maximum time as the next regular meeting of the City Council occurring not less than five days after the meeting at which the ordinance was passed. The Mayor cannot wait beyond that time to submit his veto.

Under the construction of the statute suggested by Chapman & Cutler, the Mayor would be prevented from immediately vetoing an ordinance passed by the aldermen, even if in his judgment the public interest required such immediate veto. We can see no reason why the Mayor should need to give an ordinance more consideration before vetoing it than before signing it. It is important that the Mayor consider an ordinance just as seriously before he signs it as before he vetoes it.

We, therefore, do not agree with the contention of Chapman & Cutler that the Mayor does not possess the power to veto an ordinance at the same meeting of the City Council at which it is passed.

In this case, however, the Aldermen did, by a proper vote, reconsider the items vetoed, which reconsideration they had a perfect right to make at the same meeting of the City Council, whether the items had been vetoed or not. The argument of Chapman & Cutler in this regard is based upon a misapprehension of the situation as disclosed by the record of the Council Proceedings.

The facts were as follows

The Annual Appropriation Ordinance for the year 1930 was originally passed by the Aldermen on January 3, 1930, and the next regular meeting of the City Council, after the meeting of January 3, 1930, was held on January 8, 1930, and was thereafter recessed from time to time, viz: January 10th at 11:00 o'clock A. M., January 13th at 2:00 o'clock P. M., and January 18th at 10:00 o'clock A. M. According to the Journal of the Proceedings of the City Council of the recessed session held on January 18, 1930, of the regular meeting of January 8, 1930, the City Council at 12:10 P. M. recessed until 4:00 P. M.

It also appears from the Journal of the Proceedings of the City Council of the recessed session of the regular meeting of January 8, 1930, held on January 18, 1930, that Alderman Nelson made a motion to reconsider the vote by which the Aldermen passed these items of appropriation contained in the amendatory ordinance passed January 13, 1930, making appropriations for the Department of Police, the Fire Department, the Department of Health, the Department of Gas and Electricity, and the Bureau of Streets, which had been vetoed by the Mayor. The record shows that this motion prevailed. (Page 2116, of the Journal of the Proceedings of the City Council.)

The Journal of the Proceedings of January 18, 1930, also discloses that Alderman Clark moved to reconsider the vote by which the Aldermen passed all other items of appropriation contained in the amendatory ordinance passed January 13, 1930, which items had been vetoed by the Mayor. The record also shows that this motion prevailed. (Page 2116, of the Journal of the Proceedings of the City Council.)

As a matter of law, the legal effect of these two motions is, that the vote by which the Aldermen had passed all items in the amendatory ordinance passed January 13, 1930, which had been vetoed by the Mayor, was reconsidered by the Aldermen.

Even assuming, for the purpose of this discussion, that the veto of the Mayor was void as to the items contained in the amendatory ordinance passed January 13, 1930 (which we deny), under the law the

Aldermen, nevertheless, had the power at any time during the recessed session held on January 18, 1930, of the regular meeting of January 8, 1930, to reconsider the vote by which they had passed these items in the amendatory ordinance, and the reconsideration of such vote by the Aldermen *ipso facto* revoked the passage of said items by the Aldermen and removed them from the Annual Appropriation Ordinance.

In their communication to you Chapman & Cutler state that "the City Council undertook to reconsider the vote by which said items of appropriation were passed, notwithstanding the veto of the Mayor, but this effort was unsuccessful, lacking the required two-thirds vote."

We desire to advise you that Chapman & Cutler are in error in this statement. It does not require a two-thirds vote to reconsider the vote by which certain items in the Annual Appropriation Ordinance were passed, but only a majority vote, and the action to reconsider the vote by which the vetoed items were passed was duly adopted by the Aldermen by majority vote of all the Aldermen.

In "Robert's Rule of Order", which has been adopted by the City Council as its official parliamentary authority, we read in Section 27, page 78:

> "A reconsideration requires only a majority vote regardless of the vote necessary to adopt the motion reconsidered."

And in "Parliamentary Law", by Henry M. Robert (1923), page 93, it is stated:

> "A majority vote is all that is required to reconsider any vote that can be reconsidered regardless of the vote required on the motion to be reconsidered."

The motions that failed for lack of a two-thirds vote were the motions of Alderman Clark to pass over the Mayor's veto all items of appropriation contained in the Annual Appropriation Ordinance and the Amendatory Ordinance, which had been vetoed by the Mayor. Such a motion, to pass over the Mayor's veto, but not a mere motion to reconsider, requires a two-thirds majority.

In Cahill's Illinois Revised Statutes, 1929, Chapter 24, paragraph 50, page 325, we read:

> "Upon the return of any ordinance by the Mayor, the vote by which the same was passed shall be reconsidered by the Council; and if *after such reconsideration*, two-thirds of all the members elected to the City Council shall agree, by yeas and nays, to pass the same, it shall go into effect, notwithstanding the Mayor may refuse to approve thereof."
>
> (Italics ours.)

The motion of Alderman Clark to pass over the Mayor's veto did not receive a two-thirds vote and failed; and the Aldermen, having therefore duly reconsidered the vote by which the items were passed, it was legal and proper for the Aldermen to pass an amendatory ordinance covering any number of vetoed items they saw fit, which vetoed items appear in the Journal of the Proceedings of the said recessed session held on January 18, 1930, of the regular meeting of January 8, 1930.

In Chapman & Cutler's communication they state that, as they understand the facts, the second amendatory ordinance was adopted upon the theory that the Mayor's veto was effective upon certain items of the first amendatory ordinance.

In our opinion, in so far as the Tax Levy or the issuance of Tax Anticipation Warrants may be concerned, it is immaterial upon what theory the Aldermen may have acted, so long as their action was legal. The fact is that the Aldermen reconsidered the vote by which the vetoed items were passed, and the reconsideration of such vote operated as a *repeal* of the vetoed items in the first amendatory ordinance; and there is and can be no duplication of appropriations for any items under these circumstances.

As to the power of the City Council to change the date of the regular meeting from January 20, 1930, to January 24, 1930, it is our opinion that the Council clearly had such power. It is manifest that at the time the ordinance was passed, to wit, January 18, 1930, changing the time of the next regular meeting of the City Council from January 20, 1930, as previously fixed, to January 24, 1930, the same meeting originally convened on January 8, 1930, was still in progress by virtue of recesses duly taken, and the City Council had full jurisdiction and control over the matter. Indeed, it is not unusual in legislative and other deliberative bodies after the date for the next meeting has been fixed to change such date at the same meeting at which such date was originally fixed, for any reason that may be deemed advantageous or proper.

The legislature of the State has not undertaken to limit the power of the City Council to fix the time for the holding of its meetings, but has expressly delegated to the City Council the power and authority to determine and fix the time of its meetings.

Paragraph 40, Chapter 24, Cahill's Illinois Revised Statutes, 1929, page 324, provides:

> "The City Council may prescribe, by ordinance, the time and places of the meeting thereof, and the manner in which special meetings thereof may be called."

Section 10, Chapter 2, Chicago Municipal Code (Ettelson—1922), provides in part as follows:

> "Unless otherwise determined at a regular meeting of the City Council by an ordinance fixing the time and place of the next meeting, the regular meetings of the City Council shall be held every Wednesday afternoon at two o'clock in the Council Chamber of the City Hall of the City of Chicago."

It will thus be seen that the regular meetings of the City Council are fixed by ordinance and not by statute, and the ordinance fixing the time for regular meetings expressly provides that regular meetings shall be held on Wednesday afternoon, unless otherwise determined by ordinance at a regular meeting of the City Council. At the meeting of January 8, 1930, the City Council by ordinance fixed January 20, 1930, as the date of its next regular meeting, but later on, at a recessed session of the same meeting of January 8, 1930, the City Council by ordinance changed the date of its next meeting from January 20th to January 24, 1930. We are of the opinion that this was in full accord with statutory authorization and with recognized parliamentary rules and practice.

In regard to the other question which Chapman & Cutler raise—as to the right of the City Council to remain in session for a period of several days by recessing from time to time until it completed the business before it, we are clearly of the opinion that such action is valid. Parliamentary rules were devised to aid and not to block the transaction of public business. Such power and practice in recessing meetings are not only regular but vital to the transaction of public business by legislative bodies, and are sanctioned by the best parliamentary authorities. (See "Parliamentary Law", by Henry M. Robert (1923), page 124.) Indeed, Chapman & Cutler expressly admit that they have been unable to find any adjudicated cases sustaining their view on this question.

In regard to the statement of Chapman & Cutler that the amendatory ordinance of January 18, 1930, purports to amend the Annual Appropriation Ordinance passed January 3, 1930, and not as the same was amended by the first amendatory ordinance, we do not believe there is any merit in this contention. Whether the City Council used the expression "Annual Appropriation Ordinance" or "Annual Appropriation Ordinance as amended" would not, in our opinion, make any difference in law, since the only ordinance the Aldermen could amend at that time would be the ordinance as it then existed. Manifestly, the items in the first amendatory ordinance that were vetoed by the Mayor were eliminated at the time of the passage of the second amendatory ordinance on January 18, 1930, and as to such items the second amendatory ordinance could be nothing else than an amendment to the original ordinance passed January 3, 1930

As to the statement of Chapman & Cutler that the Mayor did not veto the ordinance affecting certain items appearing on pages 2143 and 2144 of the Journal of the Proceedings of the City Council of the recessed session of the regular meeting of the City Council of January 8, 1930, held on January 18, 1930, we also desire to advise you that Chapman & Cutler are in error in this statement. The items appearing on pages 2143 and 2144 of the Journal were vetoed by the Mayor and the veto message appears on pages 2159 and 2160 of the Journal of the Proceedings of the City Council of the meeting held on January 24, 1930.

In conclusion, we desire to advise you that the only items now in force and effect in the Annual Appropriation Ordinance for the year of 1930 are those items adopted by the Aldermen at the meeting held on January 3, 1930, not vetoed by the Mayor, and the items contained in the Amendatory Ordinance adopted at the recessed session of the regular meeting of January 8, 1930, held on January 13, 1930, not vetoed by the Mayor, and the items contained in the amendatory ordinance adopted at the recessed session of the regular meeting of January 8, 1930, held on January 18, 1930, not vetoed by the Mayor, and that the said Annual Appropriation Ordinance for the year 1930, adopted by the City Council, as indicated herein, is, in our opinion, legal and valid.

In regard to the Tax Levy Ordinance passed by the City Council on February 4, 1930, we desire to advise you that, in our opinion, the Tax Levy Ordinance for the year of 1930, has been passed according to law and is constitutional and valid in every respect, and we do not hesitate to advise you that in our opinion it cannot be successfully attacked in the courts.

DEPARTMENT OF LAW,
CHICAGO, February 4, 1930.

Honorable Samuel A. Ettelson,
Corporation Counsel.

DEAR SIR—I beg to state that during the month of January, 1930, there were no settlements in law suits in which money was handled by this office.

When fines are assessed against defendants, these are paid direct to the Clerk of the Court. The arrangement is the same in cases where suits are instituted against bondsmen.

Yours very truly,

Prosecuting Attorney.

Proposed Submission to a Referendum Vote of the Question of the Adoption of an Act to Require Withdrawals of Candidates for Aldermen to be Filed not Later than Thirty Days Before the Respective Elections.

The City Clerk presented the following communication, consideration of which was deferred:

DEPARTMENT OF LAW,
CHICAGO, February 17, 1930.

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—In addition to the Act providing for a change in the selection of city depositaries and more clearly defining the duties of the Corporation Counsel, of which we notified your honorable body some time ago, there was passed by the General Assembly, at its last session, an act amending Section 8 of Part Four of Article XII of the Cities and Villages Act which, if adopted by the voters, will change the provision for withdrawal of candidates for aldermen in this city so as to provide for such withdrawals 30 days before the election, instead of 20 days as now provided.

The said act was approved June 10, 1929, and appears on pp. 211-212 of the Session Laws of 1929. The provision for the adoption of the act requires that it is to be submitted to the voters "at the first general election to be held in and for the entire city after the passage of this act", if not adopted before that time.

As stated to you in our communication with respect to the adoption of the other act above mentioned, there is ground for regarding the coming primary election in April as "the first general election.".

We, therefore, deem it proper to call your attention to this act, so that your honorable body may, if it sees fit to do so, make provision for submitting this act, as well as the other mentioned above, at the forthcoming April primary.

If your honorable body decides to submit either or both of said acts to the voters at that time, we recommend that a special election for that purpose be called for the same time in order that no question may arise as to whether such primary election is a "general election" within the meaning of the said acts.

Yours truly,

(Signed) LEON HORNSTEIN,
Assistant Corporation Counsel.

Bureau of Rivers and Harbors: Statement of Operation of Navy Pier and General Harbor Activities for the Year 1929.

The City Clerk presented the following communication, which was, together with the statement transmitted therewith, ordered published and placed on file:,

Department of Public Works,
Bureau of Rivers and Harbors,
Chicago, January 31, 1930.

To the Honorable, the Mayor and the City Council:

Gentlemen—In compliance with Section 3 of the ordinance enlarging the duties of Harbor Master to include supervision of the Navy Pier, passed December 30, 1925, C. J., page 2041, a report of the financial standing on January 1, 1930, and the result of maintenance and operation of the Pier, for the fiscal year 1929, is submitted herewith.

The items of revenue and expense are apportioned between the Commercial and Recreation sections on the statement of operation, which shows a net excess expense of $69,578.04 for the year. This condition is due to the cost of recreational maintenance and activities, amounting to $90,340.93, which section, it must be remembered, contributes entirely to the benefit, pleasure and amusement of the public.

Included in the operating statement are estimated charges for depreciation, taxes, insurance, water assessment and interest on investment at 4 percent.

The accumulated amounts and values of fixed assets and charges in the attached report are based upon figures compiled in the office of the City Comptroller from reports of previous years.

Yours respectfully,

(Signed) Richard W. Wolfe,
Commisisoner of Public Works.

Nays—None.

The following is said order as passed:

> *Ordered,* That the executives of the various departments of the City of Chicago arrange and designate vacation periods and periods for sick leave for the year 1930, as follows:
>
> All employes who have been engaged in the City's service for a period of at least one year following the next preceding vacation or following entrance into the City's service, except those in the skilled labor and labor service classes who are employed on a per diem basis, shall be given a vacation of two (2) weeks with pay at rates specified for the respective positions in the annual appropriation bill for the year 1930. Such vacations, if the respective department heads think it advisable, may be divided into two periods.
>
> All employes in the skilled labor and labor service classes employed on a per diem basis who have been in the City's service for one year or more shall be given a vacation of one full work day with pay for each twenty-five days actually worked since the date as of which the latest previous vacation allowance was computed, or since entrance into the City's service, subject to the following conditions:
>
>> Only such employes shall be allowed a vacation who have worked not less than 250 days during the twelve months' period immediately preceding the date as of which the vacation allowance is computed.
>>
>> Working time shall include all days on which employment was had for the whole or for a part of the regular work day, but shall not include Sundays, holidays or the whole or a portion of a day allowed in excess of the regular work day as overtime.
>>
>> The total vacation allowance during the calendar year shall not exceed eleven full work days with pay.
>>
>> The department head shall designate when the vacation shall be taken and may divide such vacation into two periods if he thinks it advisable.
>
> All, employes, except those in the skilled labor and labor service classes who are employed on a per diem basis, may be given leave of absence with pay for periods not exceeding fifteen (15) days in the aggregate during the year 1930 on account of sickness or other cause for absence which may be considered by the department head a sufficient and legitimate excuse for the employe's failure to be present and in attendance upon his duties; provided, that the reason for the absence and the good faith of the employe in making the application for such leave shall be shown to the department head by such reasonable evidence as he may require, either by a physician's certificate, personal affidavit or other means; and provided, further, that whenever a leave of absence on account of sickness for over three (3) days is applied for, such application must be made to the head of the department in writing within said three (3) days accompanied by a certificate from a physician stating the nature and severity of such sickness.
>
> Vacation and sick-leave periods may be combined, if the long-continued sickness of the employe, in the judgment of the department head, warrants such course; and, be it further
>
> *Ordered,* That there shall be exempt from the effect and operation of this order the officers and employes of the Board of Education, the Chicago Public Library, the Municipal Tuberculosis Sanitarium, the Municipal Courts, the Board of Election Commissioners and the Law Department and all active members of the Department of Police and of the Fire Department.

Direction for the Sale of 1928 and 1929 Tax Warrants Purchased with Moneys in the City's Special Funds, and for Re-investment of the Proceeds Thereof in 1930 Tax Warrants.

The Committee on Finance submitted a report recommending the passage of an ordinance submitted therewith directing the sale of 1928 and 1929 tax warrants purchased with moneys in the City's special funds, and re-investment of the proceeds in 1930 tax warrants.

Alderman Clark moved to concur in said report and to pass said ordinance.

No request being made by any two Aldermen present to defer consideration of said report for final action thereon until the next regular meeting, and the question being put, the vote thereon was as follows:

Yeas—Coughlin, Anderson, Jackson, Cronson, Eaton, Guernsey, Meyering, Govier, Rowan, Wilson, Zintak, McDonough, Byrne, Moran, Coyle, Morris, Northrup, Pacelli, Cepak, Toman, Sloan, Maypole, A. J. Horan, Clark, Konkowski, Smith, Rozczynialski, Kaindl, Seif, Nusser, Taylor, Landmesser, Ringa, Ross, Crowe, Albert, Loescher, Feigenbutz, Nelson, Hoellen, Massen, Mellin—42.

Nays—None.

The following is said ordinance as passed:

> WHEREAS, The 1928 reassessment of property in Cook County has delayed the assessment for the year 1928, thereby has delayed the collection of taxes for 1928 and will also delay the collection of taxes for 1929;
>
> WHEREAS, The reassessment of 1928 and the accompanying delays are the sole causes of the present financial stringency of the Corporate Fund of the City of Chicago, making it necessary for the City to borrow on Tax Anticipation Warrants issued against the Tax Levy of 1930 in order to secure necessary funds for the purpose of paying salaries and wages and other miscellaneous expenses of the City, which the City is now unable to do;
>
> WHEREAS, It appears that the banks of the City of Chicago claim they have invested all of the money they can spare from their Surplus and Undivided Profits in Tax Warrants of 1928 and 1929 of the various governmental bodies of Cook County;

WHEREAS, The plan appears to be that the money for operating the City government shall be advanced by taxpayers in the form of investments in the 1928 and 1929 Tax Warrants in which the City's Aggregate of Funds are now invested;

WHEREAS, 1928 and 1929 Tax Warrants in which the City's Aggregate of Funds are now invested bear interest at the rate of 2½% and 4%, those against the Corporate Fund Tax Levy for the year 1928 bear 2½%; and those Tax Warrants of 1928 and 1929 issued against the other City tax levies, such as the Board of Education, Municipal Tuberculosis Sanitarium, Chicago Public Library, Firemen's Pension Fund, Policemen's Annuity and Benefit Fund, and levy for Principal and Interest due on Bonded Indebtedness, bear 4% interest;

WHEREAS, The City has been advised by the Chicago Citizens' Committee that the purchasers of these Tax Warrants in which the City's Aggregate of Funds are now invested will purchase such Tax Warrants only in case they earn a rate of 6%;

WHEREAS, The re-sale of the 1928 and 1929 Tax Warrants in which the City's Aggregate of Funds are now invested, will be made for the purpose of providing cash assets in such Aggregate of Funds, so that such Aggregate of Funds may be re-invested in 1930 Tax Warrants issued for Corporate Purposes and for payment of principal and interest on Bonded Indebtedness,

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That the City Treasurer and City Comptroller be and they are hereby directed to sell at par plus accrued interest all or any part of the 1928 and 1929 Tax Warrants in which the City's Aggregate of Funds are now invested, and that all such Tax Warrants when re-sold by the City Comptroller and City Treasurer shall bear interest at a rate of not to exceed six (6%) per cent per annum from the date of such re-sale until they are paid; which interest rate shall be evidenced by a coupon to be attached to each tax warrant so sold and such coupon shall be signed by the Mayor and the City Comptroller;

That such interest shall be paid by the City Comptroller from appropriations heretofore made from the Corporate Purposes Fund for the payment of interest on Tax Warrants insofar as the Tax Warrants issued against the levies for City Corporate Purposes and against the levy for Payment of Bonds and Interest on Bonded Indebtedness are concerned; provided, however, that none of the Tax Warrants issued against the Tax Levies for Board of Education, Chicago Public Library, Municipal Tuberculosis Sanitarium, Firemen's Pension Fund, and Policemen's Annuity and Benefit Fund, shall be re-sold at a higher rate of interest except upon prior approval of such higher rate of interest by the various Boards controlling the expenditures from such funds.

SECTION 2. That the City Comptroller and City Treasurer be and they are hereby directed to re-invest the available cash of the Aggregate of Funds created by the re-sale of 1928 and 1929 Tax Warrants in 1930 Corporate Purposes Fund Tax Warrants, and Tax Warrants issued against the levies of 1929 and 1930 for payment of Bonds and Interest on Bonded Indebtedness.

SECTION 3. This ordinance shall be in full force and effect from and after its passage.

THE AMERICAN LEGION,
DEPARTMENT OF ILLINOIS, SERVICE DEPARTMENT,
CHICAGO, June 3, 1929.

To the Secretary, Finance Committee, City Council, Chicago:

DEAR SIR—I am herewith submitting a report of the Receipts of the Poppy Sales for The American Legion for the year 1929.

I wish to call your attention to the fact that the report this year covers Cook County alone; heretofore our State Headquarters has made a report covering the whole State, but I feel that the report for Cook County would be more desirable although not so easily prepared.

I am also including an approximate figure for the Net Receipts of the total Posts in Cook County.

Yours very truly,

(Signed) L. R. BENSTON, *Dept. Service Officer.*

To the Secretary Common Council,
City Hall, Chicago, Ills.

Dear Sir—According to my understanding, a report of figures in connection with Poppy Day Drives must be filed on or before July 15th of each year.

Acting on this understanding, you will find herewith a consolidated report, covering the various units of this organization, for the last Poppy Day Drive, May 28, 1929.

In event further information or data is desired, we will be glad to furnish it upon your advising us just what is needed.

Trusting that the enclosed report will cover that which is desired, we are

Note:—Supplemental Report on costs of workers supplies will be furnished if requested.

(Signed) H. H. WEIMER.

At the request of the Chicago Association of Commerce, a special committee, known as the National Supervisory Committee of the Disabled American Veterans of the World War, assumed charge of this drive two weeks prior to tag day.

This Committee was composed of the following:

Captain Herman H. Weimer, Chairman.
Walter Jasper, State Treasurer Disabled American Veterans.
Genl. John V. Clinnin, Past National Commander.
William J. Murphy, present National Commander.
Vivian D. Corbley, National Adjutant.

The committee checked all bills for all items of expense for all participating units, called chapters.

The committee believes expenses can be further reduced, and submitted the following plan to a meeting of chapter commanders and drive managers which was agreed upon by them: In the event of a Forget-Me-Not Day being held in 1930, all matters relative to the securing of workers for the tag day shall be centralized; there shall be centralized distribution to workers of flowers and supplies, thereby reducing delivery costs to a minimum; centrally controlled pick-up from workers of coin containers and unsold flowers; one central office from which all drive matters are to be conducted, thereby reducing overhead costs for extra quarters, stenographic service, telephones, printing, mimeographing and mailing; all purchasing of flowers and supplies to be on a competitive basis. It is estimated that a thorough centralization as outlined would effect a saving of about 33 1/3% in the conduct of this tag day.

Attention is directed to the fact that much of the expense for the securing of workers (printing, telephones, postage, etc.) is necessary as the Disabled or Auxiliary from whom they can secure workers and it is necessary for them to conduct mail and telephone campaigns directed to groups of women in clubs, societies, schools, etc., in order to secure a sufficient number of workers to make the tag day a success.

The charter of one of the chapters (Meuse-Argonne Chapter) was revoked for failure to comply strictly with instructions of this Committee.

25% of the net proceeds of this tag day were forwarded to National Headquarters of the Disabled American Veterans for use by them in paying salaries to Liason Officers who assist disabled veterans in securing what is due them from the Government.

25% of the remaining net proceeds were forwarded to State Headquarters of the Disabled American Veterans for the maintenance of its office which administers the organization, conducts an employment service, etc. Of this sum 25% was deducted for a special relief fund administered by one man selected by representatives of all of the chapters. Each chapter also was required to set aside 25% of the remainder toward the establishing of this fund. Such items of welfare expense as the costs of firing squads, flowers and funerals continue to be paid by the various chapters, and are not paid for out of the newly-created centralized relief fund. These latter costs are tremendous, as approximately 60% of the membership of the Disabled American Veterans are patients in Government hospitals, and the mortality rate is much higher than in any other veteran organization.

This committee recommends:

1. The continuation by permission of the City Council, of Forget-Me-Not Day, especially in view of the adoption of the centralization plan previously mentioned, with its attendant reduction of all costs, the bonding of all who handle any funds, and greater percentage of return.

2. That concerted action be taken by the City Council, the Chicago Association of Commerce, the Disabled American Veterans, and all posts of all other reputable veterans organizations, to insure that no individuals or organizations other than those specifically authorized to do so, be permitted to engage in any ticket-selling or other schemes for the raising of funds ostensibly to be used for the benefit of disabled veterans.

3. That any solicitation by mail, telephone or in person by any individual or organization, authorized or not, be submitted to a committee representing the City Council, the Chicago Association of Commerce, the Disabled American Veterans, the American Legion, the Veterans of Foreign Wars, the Grand Army of the Republic and the United Spanish War Veterans, for approval or disapproval, so that proper security

may be had of funds that are collected in the name of the disabled. The members of this Committee do hereby agree to serve on such a Committee.

Respectfully submitted,

A RESOLUTION MEMORIALIZING CONGRESS OF THE UNITED STATES TO ENACT HOUSE JOINT RESOLUTION 167 DIRECTING THE PRESIDENT OF THE UNITED STATES TO PROCLAIM OCTOBER 11 OF EACH YEAR AS "GENERAL PULASKI'S MEMORIAL DAY" FOR THE OBSERVANCE AND COMMEMORATION OF THE DEATH OF BRIGADIER GENERAL CASIMIR PULASKI, REVOLUTIONARY WAR HERO.

WHEREAS, The 11th day of October, 1779, is the date in American history of the heroic death of Brigadier General Casimir Pulaski, who died from wounds received on October 9, 1779, at the siege of Savannah, Georgia; and

WHEREAS, The States of Indiana, Wisconsin, Michigan, Ohio, South Carolina, Pennsylvania, New York, Minnesota, Maryland, New Jersey, Illinois, Rhode Island, New Hampshire, Nebraska, Massachusetts, Georgia, Missouri, and other States of the Union, and United States Congress have by legislative enactment designated October 11, 1929, to be "General Pulaski's Memorial Day"; and

WHEREAS, It is fitting that the recurring anniversary of this day be commemorated with suitable patriotic and public exercises in observing and commemorating the death of this great American Hero of the Revolutionary War; therefore, be it

Resolved, By the City Council of the City of Chicago, in the County of Cook and State of Illinois, that the City Council of the City of Chicago, respectfully memorialize the United States Congress to enact legislation, which will provide for the effective carrying out of the provisions thereof whereby the President of the United States would be authorized and directed to issue a proclamation calling upon officials of the Government to display the flag of the United States on all governmental buildings on October 11 of each year and inviting the people of the United States to observe the day in schools and churches, or other suitable places, with appropriate ceremonies in commemoration of the death of General Casimir Pulaski, Revolutionary War Hero.

Resolved, further, That the City Clerk of the City of Chicago, and State of Illinois is hereby directed to transmit a copy of this resolution to Hon. George S. Graham, M. C., Chairman of the Judiciary Committee, Washington, D. C., and to each of the United States Senators and Representatives in Congress from the State of Illinois.

Respectfully submitted,

(Signed) OSCAR F. NELSON,
Chairman.

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That permission and authority be and the same are hereby given and granted to Frank H. Hebard, his heirs, executors and assigns, to maintain as now constructed an ornamental clock in the sidewalk space at the curb adjoining premises known as Nos. 6333-6335 Broadway. Said clock shall not exceed eighteen (18) feet in height and the base of same shall not be more than twenty-four (24) inches square; the maintenance of said clock to be under the supervision and to the satisfaction of the Commissioner of Public Works.

SECTION 2. The permission and authority herein granted shall cease and determine ten (10) years from and after February 5, 1930, or may be revoked at any time prior thereto by the Mayor in his discretion without the consent of the grantee herein named. This ordinance shall also be subject to amendment, modification or repeal at any time without the consent of the said grantee, and in case of such repeal all the privileges herein granted shall thereupon cease and determine. In case of the termination of the privileges herein granted, by lapse of time or by the exercise of the Mayor's discretion, the grantee herein shall remove said clock without cost or expense of any kind whatsoever to the City of Chicago under the supervision and to the satisfaction of the Commissioner of Public Works. In the event of the failure, neglect or refusal on the part of the said grantee to remove said clock at the termination of said privilege, then the work shall be done by the City of Chicago and the cost and expense of same charged to the said grantee.

SECTION 3. No work shall be done under the authority of this ordinance until a permit authorizing same shall have been issued by the Commissioner of Compensation, and no permit shall issue until the grantee herein shall execute to the City of Chicago a good and sufficient bond in the penal sum of ten thousand dollars ($10,000.00), with sureties to be approved by the Mayor, conditioned upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any wise come against said City in consequence of the granting of this ordinance, or which may accrue against, be charged to or recovered from said City from or by reason or on account of any act or thing done by the grantee herein by virtue of the authority herein granted. Said bond and the liability of the sureties thereon shall be kept in force throughout the life of this ordinance, and if at any time during the life of this ordinance such bond shall not be in full force, then the privileges herein granted shall be terminated.

SECTION 4. During the life of this ordinance the grantee herein shall at all times maintain said clock in a manner satisfactory to the Commissioner of Public Works.

SECTION 5. This ordinance shall take effect and be in force from and after its passage; provided the said grantee files his written acceptance of this ordinance, together with the bond herein above provided for with the City Clerk within sixty (60) days after the passage of this ordinance.

Direction for Submission of a Report on the Enforcement of the Requirements for the Handling and Storage of Nitrocellulose Films.

Alderman Toman presented the following order:

WHEREAS, On May 15, 1929, a disastrous fire occurred in the Cleveland Clinic in which 121 persons lost their lives and about 50 others were treated in hospitals for the effects of gas poisoning; and

WHEREAS, In this catastrophe no one was burned to death or killed outright by the explosion, the larger number of victims dying from the effects of the gases, some living several hours or days after exposure; and

WHEREAS, The Cleveland disaster thoroughly emphasizes the danger, especially to life, arising from the storage of nitrocellulose films in a manner not consistent with its hazardous qualities; and

WHEREAS, According to a statement made by Dr. P. F. Butler of the Boston City Hospital before the American Medical Association in session at the Palmer House in this City recently, as reported in the daily press, there are many communities still in danger of a recurrence of the Cleveland Clinic disaster because of the failure to use the so-called "safety" films; therefore, be it

Ordered, That the Committee on Public Health be and it is hereby directed to report to this Council upon the extent to which the stringent requirements covering the storage and handling of photographic and X-ray nitrocellulose films adopted by the National Board of Fire Underwriters are enforced in the City of Chicago, particularly with reference to the extent to which the so-called "safety" films are used, in view of the fact that other and less satisfactory films may be used and substituted because they are cheaper and less expensive than such "safety" films.

WHEREAS, Thomas Garrigue Masaryk, the first President of the Republic of Czechoslovakia, was born on March 7, 1850; and

WHEREAS, This distinguished philosopher and statesman on the 7th of March of the present year will be eighty years of age; and

WHEREAS, The greater part of President Masaryk's life has been spent in the service of his fellow men and for the liberty and freedom of his native land from oppression; and

WHEREAS, The history and career of this eminent statesman are interwoven with that of the City of Chicago, by reason of the numerous visits which he has made to this city from time to time, notably as a lecturer at the University of Chicago, and on the occasion of his visit to the United States in May, 1918, when he obtained from the United States Department of State the so-called "Lansing declaration of May 29, 1918" of sympathy with the cause of Czechoslovak and Yugoslav independence; therefore, be it

Resolved, That the City Council of the City of Chicago hereby extends to President Thomas Garrigue Masaryk, first President of the Czechoslovak Republic, its heartiest greetings on the occasion of the celebration of the eightieth anniversary of his birth on March 7, 1930, with its best wishes for his preservation to his native land for a great many years, as a means of furthering his country's peaceful and orderly development in the arts of government, commerce, science, and industry; and be it further

Resolved, That the City Clerk of the City of Chicago be and he is hereby directed to send a certified copy of these resolutions to President Masaryk of the Republic of Czechoslovakia, a man, who, like George Washington, whom he so closely resembles, is "First in war, first in peace, and first in the hearts of his countrymen".

Unanimous consent was given to permit action on said resolution without reference thereof to a committee.

Alderman Toman moved to adopt said resolution.

The motion prevailed.

—

Alderman Rowan presented the following orders:

Direction for the Opening of E. 107th St. across the S. C. and S. R. R. Co. Right of Way.

Whereas, East 107th street is a popular and well-used thoroughfare in the City of Chicago and is flanked on either side by a large number of homes and would be a natural outlet and highway to the State of Indiana, but the full use of said street is at the present time precluded because of the railroad track of the South Chicago and Southern Railroad Company; and

Whereas, If East 107th street were opened over and across the said railroad track, the full use and benefit of this thoroughfare would be available to the people of the south side of the City of Chicago, which use is now denied the people solely on account of said railroad track which constitutes an absolute obstruction to the full use to which it could be put by the general public; therefore, it is hereby

Ordered, That the Corporation Counsel proceed at once to file a petition before the Illinois Commerce Commission or by any other appropriate means to have the crossing at East 107th street and the right-of-way of the South Chicago and Southern Railroad Company opened for public use and to proceed in any other manner that he sees fit to accomplish this purpose.

The following is said ordinance as passed:

AN ORDINANCE

Amending an ordinance passed by the City Council of the City of Chicago January 10, 1929, appearing in the Council Journal of that date on pages 4365 and 4366.

Be it ordained by the City Council of the City of Chicago:

SECTION 1. That an ordinance entitled "An Ordinance Granting the Commissioners of Lincoln Park Permission and Authority to Construct Certain Viaducts Over and Across East Grand Avenue, East Illinois Street and East North Water Street in Connection With an Elevated Boulevard or Roadway", passed by the City Council of the City of Chicago on January 10, 1929, and appearing in the printed Journal of the Proceedings of the City Council of that date on pages 4365 and 4366, be and the same is hereby amended by adding a new section to be known as Section 4½, which section shall be in words and figures as follows:

"SECTION 4½. All of the work of construction and maintenance in temporary positions herein referred to or herein provided for and required to be done by any street railway company shall be at the sole cost and expense of the Commissioners of Lincoln Park, and all loss, cost, damage and expense arising out of said construction or said changes shall be paid for by the Commissioners of Lincoln Park, but said Commissioners shall not, however, be required to pay any cost or expense which any street railway company would have incurred had it not been for the performance by the Commissioners of the work in this ordinance provided to be done by them.

All cost of changes in the facilities of other public utilities occupying said streets and in the water pipe lines of the City of Chicago shall be apportioned between the Commissioners of Lincoln Park and the owners of said facilities in accordance with existing laws."

SECTION 2. That the first paragraph, entitled, "Viaduct Across East Grand Avenue" of the specifications attached to and made a part of said ordinance hereinabove described be and the same is also hereby amended so that said paragraph as amended shall read as follows:

"The viaduct across East Grand avenue shall be one hundred thirty-nine (139) feet in width; the sidewalk on the west side of the viaduct shall be twenty-four (24) feet wide; the sidewalk on the east side of the viaduct shall be fifteen (15) feet wide; and the roadway on the viaduct shall have a width between curbs of one hundred (100) feet. At the north line of East Grand avenue the top of said roadway shall have an elevation of twenty-one and twenty-nine hundredths (21.29) feet above Chicago City datum and at the south line of East Grand avenue the top of said roadway shall have an elevation of twenty-three and sixty-eight hundredths (23.68) feet above Chicago City datum. Said viaduct shall be supported by two column bents, one located twelve (12) feet south of and parallel to the north line of East Grand avenue, and one located twelve (12) feet north of and parallel to the south line of East Grand avenue. Said column bents shall not exceed two (2) feet at right angles to East Grand avenue and shall not project beyond the curb into the roadway. Said viaduct shall have piers architecturally embellished located eleven (11) feet three (3) inches north of the south line of East Grand avenue and eleven (11) feet three (3) inches south of the north line of East Grand avenue. Face of above mentioned piers shall be on the street lines. The width at right angles to East Grand avenue shall not exceed four (4) feet ten (10) inches at the base and they shall not project beyond the curb into the roadway. The base of said piers shall not extend east or west of the street lines more than two (2) inches. The footing of the retaining wall supporting said elevated driveway north of the north line of East Grand avenue shall not project south of the north line of East Grand avenue more than four (4) feet and the masonry pilasters along the north and south lines of East Grand avenue shall not project into East Grand avenue more than eight (8) inches beyond said lines.

The east and west faces of the above mentioned masonry pilasters at the south and north lines of East Grand avenue shall be on the street line and the base of said pilaster shall not extend east and west of the street lines more than two (2) inches.

Said viaduct shall be constructed of steel covered with concrete, reinforced concrete or any combination of the foregoing. At the intersection of East Grand avenue and said elevated driveway a clearance of not less than thirteen (13) feet six (6) inches shall be provided beneath said viaduct and the elevation at the center line of the roadway under said viaduct shall be five (5) feet above Chicago City datum. East Grand avenue shall have new sidewalks laid and shall be repaved using present blocks and new concrete foundation from a point three hundred thirty-six and sixty-six hundredths (336.66) feet east of the east line of the said elevated driveway at which point the surface of the finished pavement at the center of the roadway shall have an elevation of plus thirteen (13) above Chicago City datum, to a point three hundred thirty-six and sixty-six hundredths (336.66) feet west of the west line of said elevated roadway at which point the surface of the finished pavement at the center of the roadway shall be at the elevation of plus thirteen (13) above Chicago City datum. Under said elevated driveway the sidewalk on the south side of East Grand avenue shall be fourteen (14) feet wide; the paved roadway in East Grand avenue shall be forty-six (46) feet wide between curbs; and the sidewalk on the north side of East Grand avenue shall be fourteen (14) feet wide. East and west of said elevated driveway and within the limits above specified the sidewalk on the south side of East Grand avenue shall be twelve (12))feet wide; the roadway between curb lines shall be fifty (50) feet wide; and the sidewalk on the north side of East Grand avenue shall be twelve (12) feet wide. The curbs under said elevated driveway shall be connected to the curbs east and west thereof by curbs laid on curves having a radius of not less than fifty (50) feet.

Peshtigo court shall be repaved using present blocks and new concrete foundation, and new sidewalks laid for a distance of one hundred and nine (109) feet south of the south line of East Grand avenue; the width of the new sidewalks and roadway shall be the same as the width of the existing sidewalks and roadway in Peshtigo court.

A system of sewers and catchbasins shall be constructed and maintained by said Lincoln Park Commissioners for street drainage, which shall be adequate at all times to afford complete drainage of the subway. Water pipes shall be maintained in operation without interruption during the progress of the work. The construction of said drainage sewers and catchbasins and all changes in sanitary sewers and water pipe lines shall be subject to the approval of the Commissioner of Public Works of the City of Chicago. The adjustment to other utilities shall be made by the utilities at such a time so as not to interfere with the construction program.

The top edge of the curbs on the north and south sides of East Grand avenue shall be at the elevation of the straight lines connecting the several points hereinafter described. At a point three hundred eleven and sixty-six hundredths (311.66) feet east of the east line of said elevated driveway thirteen (13) feet above Chicago City datum. At a point forty-five (45) feet east of the east line of said elevated driveway five and sixty-seven hundredths (5.67) feet above Chicago City datum. At a point forty-five (45) feet west of the west line of said elevated driveway five and sixty-seven hundredths (5.67) feet above Chicago City datum. At the east line (extended) of Peshtigo court eight and eighty-four hundredths (8.84) feet above Chicago City datum. At the west line (extended) of Peshtigo court ten and sixty-four hundredths (10.64) feet above Chciago City datum. At a point three hundred eleven and sixty-six hundredths (311.66) feet west of the west line of said elevated driveway thirteen (13) feet above Chicago City datum.

The plane of the floors beneath the viaduct across East Grand avenue shall extend twenty (20) feet beyond the portals, which point shall be the point of the tangency of the vertical curves hereinafter mentioned; the approaches shall begin at a point in the plane of the floor beneath the viaduct forty-five (45) feet beyond the portals and extend on the grade hereinbefore provided for to a connection with the grade of the street as now established. Vertical curves shall be constructed where the ends of the approaches to said floor beneath the viaduct connect at the top with the grade of the street and at the bottom with the grade of he floors beneath the viaduct. At both the top and the bottom of each approach, vertical curves shall extend twenty-five (25) feet on each side of the intersections of the grade of the approach with the level floor of the subway and the present street grade at the top of the approach.

The top edge of the curb on the east side of Peshtigo court shall be at the elevation of the straight line connecting the following points: At the south line of East Grand avenue nine and five-tenths (9.5) feet above Chicago City datum. At a point one hundred and nine (109) feet south of the south line of East Grand avenue twelve and five-tenths (12.5) feet above Chicago City datum.

The top edge of the curb on the west side of Peshtigo court shall be at the elevation of the straight line connecting the following points: At the south line of East Grand avenue ten and three-tenths (10.3) feet above Chicago City datum. At a point one hundred and nine (109) feet south of the south line of East Grand avenue twelve and five-tenths (12.5) feet above Chicago City datum. The curbs in Peshtigo court shall be connected to the curbs on the south side of East Grand avenue by curbs laid on a radius of twelve (12) feet.

During the progress of the work herein provided for in this paragraph and to be done by said Commissioners of Lincoln Park, double-track street railway operation shall be maintained uninterruptedly at all times on East Grand avenue, and to that end the contractor conducting the work for the Commissioners and the Street Railway Company operating its street railway cars on said street shall adhere to the following schedule:

(a) The contractor shall make a cut to the north side of East Grand avenue as near as possible to the north line of East Grand avenue and to a width sufficient to install a single temporary track. The elevation of the cut shall be about five (5.0) feet above Chicago City datum, and the approach grades shall not be more than three (3) feet per hundred (100) feet.

(b) The Street Railway Company shall install a temporary track in the cut made as above provided and connect the same at the head of the approaches with the present west-bound track, and then remove that portion of the west-bound track at the present grade between the above connections referred to.

(c) The contractor shall make a second cut out to the south and adjacent to the first cut and to the same depth of the first cut for the installation of the second temporary track to be used as the east-bound track.

(d) The Street Railway Company shall install an east-bound temporary track to the same grade as the temporary west-bound track above referred to and then remove the present east-bound track.

(e) The contractor shall make the remaining cut for the changes in the grade of East Grand avenue as hereinabove provided.

(f) The Street Railway Company shall construct permanent tracks under said elevated driveway and on the approaches; the grades, elevations and alignment of said tracks shall conform with the curb lines as herein established; the Street Railway Company shall then remove both temporary tracks at the north side of East Grand avenue and make permanent connections with the permanent tracks at the head of the approaches."

Section 3. That the second paragraph entitled, "Viaduct Across East Illinois Street" of the specifications attached to and made a part of said ordinance hereinabove described, be and the same is also hereby amended so that said paragraph as amended shall read as follows:

"The viaduct across East Illinois street shall be one hundred thirty-nine (139) feet in width; the sidewalk on the west side of the viaduct shall be twenty-four (24) feet wide; the sidewalk on the east side of the viaduct shall be fifteen (15) feet wide, and the roadway on the viaduct shall have a width between curbs of one hundred (100) feet. At the north line of East Illinois street said roadway shall have an elevation of thirty and seventy-two hundredths (30.72) feet and at the south line of East Illinois street said roadway shall have an elevation of thirty-three and eleven hundredths (33.11) feet above Chicago City datum. The supports for said viaduct shall be by three (3) column bents, one located at the north line of East Illinois street, the second located thirty-seven and fifty-nine hundredths (37.59) feet north of the south line of East Illinois street and the third at the south line of East Illinois street. Said viaduct shall be constructed of steel covered with concrete, reinforced concrete or any combination of the foregoing. At the intersection of East Illinois street and said elevated driveway a clearance of sixteen (16) feet six (6) inches shall be provided beneath said viaduct and the elevation of said roadway under said viaduct shall be twelve (12) feet above Chicago City datum."

Section 4. That the third paragraph, entitled, "Viaduct Across East North Water Street" of the specifications attached to and made a part of said ordinance hereinabove described, be and the same is also hereby amended so that said paragraph as amended shall read as follows:

"The viaduct across East North Water street shall be one hundred thirty-nine (139) feet in width. The sidewalk on the west side of the viaduct shall be twenty-four (24) feet wide. The sidewalk on the east side of the viaduct shall be fifteen (15) feet wide, and the roadway on the viaduct shall have a width between curbs of one hundred (100) feet. At the north line of East North Water street said roadway shall have an elevation of forty-four and forty-seven hundredths (44.47) feet above Chicago City datum, and at the south line of East North Water street, said roadway shall have an elevation of forty-five and four hundredths (45.04) feet above Chicago City datum. The supports for said viaduct shall be by two column bents, one located four and one-half (4½) feet south of the north line of said East North Water street, and the second located four and one-half (4½) feet north of the south line of said East North Water street. Said viaduct shall be constructed of steel covered with concrete, reinforced concrete, or any combination of the foregoing. At the intersection of said East North Water street and said elevated driveway a clearance of twenty-six (26) feet shall be provided beneath said viaduct and the elevation of said roadway under said viaduct shall be eight (8) feet above Chicago City datum.

Section 5. This ordinance shall be in full force and effect from and after its passage and approval.
